INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Pratt Industries, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Pratt Industries, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Pratt Industries, Inc. 401(k) Profit Sharing Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Pratt Industries, Inc. and certain affiliated companies (collectively, the Company), as defined in the Plan document. All employees except certain leased and temporary employees are eligible to participate in the Plan. Employees are eligible to participate in the Plan on the first day of the payroll period after completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

An employee is automatically enrolled in the Plan at a pre-tax contribution rate of 3% of eligible compensation, beginning the first payroll period following the 30th day after he or she first satisfies the Plan's eligibility requirements, unless the employee elects otherwise. The Plan allows for an automatic increase of 1% of participant contributions annually up to a maximum of 8%, unless the employee elects otherwise. Each participant may make pre-tax and/or Roth contributions of up to 100% of eligible compensation as defined by the Plan document, generally not to exceed a maximum of $23,500 in 2025, plus a catch-up contribution of up to $7,500 for participants age 50 and older by the end of the Plan year. Beginning in 2025, participants who turned 60, but not older than age 63 by December 31, 2025, are eligible for catch-up contributions up to $11,250. Additionally, the Plan allows participants to make after-tax contributions. In 2025, a participant may have total contributions to the Plan in the amount of $70,000, $77,500, or $81,250 including catch-up contributions, depending on the participant's age. The contributions will be invested in a target date fund based on the employee's date of birth and anticipated retirement at age 65, unless the participant directs otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company provides a safe-harbor matching contribution equal to 100% of the first 1% of participant deferrals and 50% of participant deferrals for the next 5% of eligible compensation. The Company may also make a discretionary profit-sharing contribution on behalf of eligible employees. In order to be eligible for discretionary profit-sharing contributions, an employee must be employed on the last day of the Plan year and work at least 1,000 hours during the Plan year. For 2025, the Company did not elect to contribute discretionary profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account, and is charged for certain administrative expenses. Upon enrollment in the Plan, a participant may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the Company contributions portion of their accounts is based on years of continuous service. Participants vest 100% in employer safe-harbor matching contributions after two years of service. Participants vest 20% after two years of service, 60% after three years of service, then 20% per year thereafter until they are 100% vested after five years in employer matching contributions made prior to January 1, 2023 and employer discretionary profit-sharing contributions. The Plan allows for recognition of service with some prior employers, as stated in the Plan document. All amounts will become fully vested upon the participant's attainment of normal retirement age, disability, or death.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $1,056,068 and $1,028,405, respectively. Forfeitures are used to reduce the Company's contributions to the Plan or pay Plan administrative expenses. In 2025, $1,015,057 of forfeitures were used to reduce the Company's contributions and no forfeitures were used to pay Plan administrative expenses.

Payment of Benefits

At the time of retirement, death, disability, or termination of employment, a participant or their beneficiary, whose vested balance exceeds $7,000, may elect to receive payment of the vested interest in their account in a lump sum distribution or installment payments. If the account balance is $7,000 or less, the participant will automatically receive a lump sum distribution equal to the value of their account. In-service withdrawals are also permitted for participants who have attained age 59½. The participant's contributions may also be withdrawn for certain hardship situations.

Administrative Expenses

The Company pays all administrative expenses of the Plan that are not paid by participants. The Company does not expect reimbursement from the Plan for any expense paid on behalf of the Plan. Administrative expenses for advisory services, recordkeeping, and certain participant transaction fees are paid by participants. Expenses are allocated proportionately based on the participants' account balances. Certain expenses specifically incurred by a participant, such as fees for taking a

withdrawal from the Plan, are paid directly by that participant. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions.

The Plan has established an ERISA account where the qualified institution deposits revenue sharing payments that are used to pay Plan administrative expenses. The account had an available balance of $11,968 and $11,520 as of December 31, 2025 and 2024, respectively, which is included in the stable value funds on the statements of net assets available for benefits. During 2025, $448 of investment earnings was deposited into the account, and no expenses were paid from the account. Deposits to this account are included in net change in fair value of investments in the accompanying statement of changes in net assets available for benefits. Payments from this account are included in administrative expenses in the year paid. Fees incurred by the Plan for investment management services are included in net change in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan document. During 2025, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless the note is in connection with the participant's principal residence. Principal and interest are paid through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer safe-harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The discretionary employer profit-sharing contributions are considered payable to the Plan when approved to be paid by the Company.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments, and fees charged for investment management and administrative services on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received, primarily monthly. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held and notes receivable from participants at December 31, 2025 and 2024, and the net change in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Bank of America, N.A. (Bank of America), the Plan's qualified institution.

4. Investments and Fair Value Measurements

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences,

and significant cybersecurity attacks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in stable value funds. Each stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value funds trade daily at their net asset value (NAV) which is based on the contract value of the underlying investments (Level 1).

Investments in the common collective trusts are valued daily using their NAV. The NAV is based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the account. Participants can trade the common collective trusts daily at their published NAV (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2025 and 2024:

	Level 1	
	2025	2024
Mutual funds	**$ 537,925,084**	$ 471,409,070
Stable value funds	**52,927,233**	51,662,482
Common collective trusts	**41,390,257**	11,447,946
Money market fund	**266,639**	128,522
Total investments, at fair value	**$ 632,509,213**	$ 534,648,020

5. Income Tax Status

The Plan is based on a non-standardized pre-approved profit sharing plan (pre-approved plan) created by Merrill Lynch Pierce Fenner & Smith Inc (Merrill Lynch). The Internal Revenue Service has determined and informed Merrill Lynch by a letter dated June 30, 2020, that the pre-approved plan document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter, and has been amended, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA and discontinue all contributions. In the event of Plan termination, participants will become fully vested in their Company contributions.
