Conner Prairie Museum, Inc.
ERISA 403(b) Plan

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Conner Prairie Museum, Inc. ERISA 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## NOTE 1 - DESCRIPTION OF PLAN

The following description of the Conner Prairie Museum, Inc. ERISA 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of the Conner Prairie Museum, Inc. (the Museum), including eligible employees of 1859 Balloon Voyage LLC, a wholly owned subsidiary of the Museum. An employee is eligible upon commencement of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants can contribute up to 100% of their annual pretax compensation, limited to a maximum as established by the Internal Revenue Service (the IRS). The Plan allows eligible participants to make catch-up contributions in accordance with the IRS regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants receive matching contributions at 100% of the first 5% of annual compensation contributed by the participant. Participants who are at least 18 years of age, have completed one year of service, and have worked at least 1,000 hours are eligible for a discretionary employer contribution. For the years ended December 31, 2025 and 2024, the employer made discretionary contributions equaling 2.5% of compensation.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Museum's contributions and of Plan earnings, and charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants hired prior to January 1, 2012, are immediately vested in all contributions to their accounts plus actual earnings thereon. Participants hired after January 1, 2012, will be immediately vested in their contributions plus actual earnings thereon with vesting in the remainder of their accounts, plus earnings thereon, after three years of service.

Plan Termination: Although it has not expressed any intent to do so, the Museum has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will be paid their entire account balance.

Payment of Benefits: Upon termination of service due to death, disability, or retirement a participant or participant's beneficiary is entitled to receive the vested interest in his or her account. Participants will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account, except from the Traditional Annuity fund, which must be withdrawn over ten years. In the event of a qualified hardship, the plan administrator can allow a participant to withdraw an amount from his or her vested balance that is attributable to participant contributions, to the extent of the participant's immediate and heavy financial need. In addition, TIAA-CREF account balances can be paid out in the form of an annuity. The Plan that requires mandatory distributions following severance from employment. The mandatory distribution maximum is equal to $7,000.

Administrative and Investment Management Expenses: A portion of the Plan's record keeping and investment advisory fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. Other costs incurred in the administration of the Plan have been paid by the Museum.

(Continued)

**NOTE 1 - DESCRIPTION OF PLAN** (Continued)

Forfeitures: Participant forfeitures of employer discretionary contributions may be used to pay administrative expenses of the Plan or to offset future employer discretionary contributions. During the Plan years ended December 31, 2025 and 2024, forfeitures of $336 and $5,002, respectively were used to offset employer matching contributions and administrative expenses of the Plan.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 3 - CERTIFIED INVESTMENTS**

Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) hold investment assets and execute investment transactions therein, and certain information pertaining to investments held by them included in the financial statements have been certified as complete and accurate by TIAA-CREF. American United Life Insurance Company (AUL) also held investment assets and executed investment transactions therein, and certain information pertaining to investments held by them included in the financial statements have been certified as complete and accurate by AUL (as of December 31, 2024, and for the period January 1, 2025 through September 30, 2025). America and Empower Trust Company LLC also held investment assets and executed investment transactions therein, and certain information pertaining to investments held by them included in the financial statements have been certified as complete and accurate by Empower Trust Company LLC (as of December 31, 2025 and for the period October 1, 2025 through December 31, 2025).

## NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments.

Variable Annuity Contracts (held in the Plan with TIAA CREF): The fair values of the Plan's investments held in variable annuity contracts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 1 inputs). The TIAA Real Estate Account ("REA"), reported as a commercial and multi-family residential real estate variable annuity account in subsequent disclosures, invests primarily in real estate properties and real estate related investments; however, a liquidity guarantee is provided by TIAA through its general account. Each variable annuity contract, other than the REA, provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the accounts' net asset value per unit. A plan participant will be prohibited from transacting in a CREF Variable Annuity Account (other than the CREF Money Market Account) for 60 days if he or she buys, sells and repurchases units of the account within a 90-day period.

Transfers out of the REA are limited to one per calendar quarter and occur at redemption prices that are determined by the net asset value per unit. The variable annuity contracts, other than the REA, are classified based on the different investment management strategies in subsequent disclosures. The equity accounts consist of the CREF Stock Account, CREF Global Equities Account, and CREF Growth Account. The CREF Stock Account invests approximately 70% to 75% in domestic equities and approximately 25% to 30% in foreign equities with the objective of obtaining a favorable long term rate of return through capital appreciation and investment income. The equity index account reflects the Plan's interest in the CREF Equity Index Account. The fixed income accounts consist of the CREF Bond Market Account and the CREF Inflation Linked Bond Account. The specialty/balanced fund reflects the CREF Social Choice Account. The CREF Social Choice Account is comprised of 60% equity securities and 40% of fixed income securities at December 31, 2025 and 2024, with the objective of investing only in companies whose activities are consistent with the predetermined social criteria. The money market account reflects the CREF Money Market Account. In each of these categories, generally over 80% of the respective underlying assets are invested in the particular type of securities implied by the variable annuity contracts' name.

Generally, variable annuity contracts have individual prospectuses which describe the underlying investments and the investment objectives of the contracts.

(Continued)

**NOTE 4 - FAIR VALUE MEASUREMENTS** (Continued)

Guaranteed Investment Contracts (Held in the Plan with TIAA CREF): The TIAA Traditionally Annuity Contracts are individual guaranteed fixed annuity investment contracts issued by TIAA-CREF ("Issuer"). The valuation method described within Note 4 applies only to the non-fully benefit responsive portion of the investment contract as the fully benefit responsive portion is reported at contract value (Note 5).

The Guaranteed Investment Contract is valued at fair value by the Issuer by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (Level 3 inputs). Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology and input assumptions used to estimate fair value, the plan administrator reviews and evaluates the methodology and assumptions used by the contract issuer, including consideration of economic conditions and discussions with the issuer regarding the applicability of the specific Level 3 measurement inputs to the Plan's investment contract, and review of current rating agency reports for the issuer. The contract values are guaranteed by TIAA-CREF and reflect the exit value available to the Plan and plan participants. The fair value of the Plan's investment contract has been determined to approximate contract value, based upon its lack of contractual maturities, the frequency of the re-setting of contractual interest rates to market rates, the credit quality of the issuer, and the liquidity of the contract (Level 3 inputs). Based upon recent credit ratings for TIAA-CREF, management believes no adjustment to contract value is required related to credit quality.

Pooled Separate Accounts (Held in the Plan with AUL): The value of the pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates. The fair value is determined by NAV as a practical expedient. The majority of the pooled separate accounts invest in a single open-ended mutual fund which is generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the mutual funds identified in the names of the funds. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirement, and has redemption prices that are determined by the fund's net asset value per unit. The NAV practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds (Held in the Plan with Empower): The fair values of mutual fund investments are based upon the closing net asset value per share of the mutual fund on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

** Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

The following table presents quantitative information about recurring Level 3 fair value measurements at December 31, 2025 and 2024:

| 2025 | Fair Value | Valuation Technique | Significant Unobservable Input | Range of Input |

(Continued)

**NOTE 4 - FAIR VALUE MEASUREMENTS** (Continued)

The significant unobservable inputs used in the fair value measurement of the Plan's investment in TIAA Traditional Annuity are the discount rates and the projected interest crediting rates. Based upon historical TIAA Traditional Annuity's crediting rates, the discounted cash flows analysis assumes that the risk-adjusted market discount rates approximate the future interest crediting rates under the contracts. Accordingly, changes in these rates have directly offsetting impacts upon the fair value estimate of these contracts.

**NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds fully benefit responsive traditional investment contracts that are reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract values of the Plan's fully benefit-responsive investment contracts are presented below:

| | 2025 | 2024 |
|---|---|---|
| American United Life Insurance Company Investment Contract | $ - | $ 70,503 |
| TIAA Annuity Investment Contract (Benefit Responsive Portion) | 4,482 | 4,581 |
| Total investments at contract value | $ 4,482 | $ 75,084 |

*AUL Investment Contract:* The Plan holds a fully benefit responsive investment contract with American United Life Insurance Company ("AUL"). AUL maintains the contributions in its general account and guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated on a periodic basis as defined in the contract and it may not be less than 0.50%. AUL's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

*TIAA Investment Contract:* The Plan holds an investment contract with Teachers' Insurance and Annuity Association ("TIAA") with both benefit responsive and non-benefit responsive parts. The non-benefit-responsive portion (Note 4) is included within *Investments, at fair value*. The remaining portion (Note 5) is the benefit responsive portion and included within *Investments, at contract value.* TIAA maintains the contributions in its general account and guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated on a periodic basis as defined in the contract and it may not be less than 1.00%. TIAA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

**NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds pooled separate accounts, variable annuity contracts and traditional investment contracts issued by Empower and TIAA-CREF (both of whom are service providers to the plan); therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Museum. No such officer or employee receives compensation from the Plan. Some professional fees for the administration and audit of the Plan are paid directly by the Museum.

**NOTE 7 - TAX STATUS**

Effective June 28, 2013 the Internal Revenue Service began accepting applications for opinion and advisory letters for prototype and volume submitter 403(b) Plans. As of the date on the independent auditor's report, the Plan has not elected to file an application for an opinion letter or advisory letter. Although the Plan has not filed for a determination letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

**NOTE 8 - SUBSEQUENT EVENTS**

Plan management has evaluated subsequent events for recognition and disclosure through October 8, 2026, which is the date the financial statements were available to be issued.
