INDEPENDENT AUDITOR'S REPORT

October 12, 2026

To the Plan Administrator of
Liberty Resources Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Liberty Resources Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Liberty Resources Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with salary reduction features as permitted under section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable. The Plan is funded by employee and discretionary employer contributions. The Plan covers all employees of Liberty Resources, Inc.; Liberty Resources Disabilities Services, Inc.; Liberty Resources Behavioral Healthcare, Inc.; Liberty Resources Family Services, Inc.; Liberty Management Services, Inc.; Liberty Resources POST, LLC; Liberty Resources Psychology, Physical, Occupational and Speech Therapy, PLLC; MESA of N.Y., Inc. and MESA Management Services, LLC (collectively, the Company). Liberty Management Services, Inc. is the plan sponsor. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) is the custodian of the Plan.

Eligibility

All employees of the Company are eligible to participate in the Plan upon the completion of three months of service and attaining the age of 21.

Contributions

Active participants may make voluntary contributions in the form of salary reductions and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (the Code) under Section 401(k). The Plan includes an automatic deferral election at 2% of compensation, unless participants opted out. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. For participants who elect to defer a portion of their salary, the Company may contribute a discretionary matching contribution. Discretionary matching contributions made to the Plan were approximately $422,000 and $310,000 for 2025 and 2024, respectively.

The Company may make a discretionary contribution in addition to the discretionary match. The discretionary contribution is equal to a uniform percentage of each eligible participant's contribution as determined by the Company's Board of Directors. There were no discretionary contributions made to the Plan during 2025 or 2024.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings/(losses) thereon. Vesting in the Company's contributions plus earnings/(losses) thereon is based on years of service. Participants are 20% vested in the Company's contribution after one year of service. Vesting increases in increments of 20% for each additional year of service thereafter until 100% vesting occurs after five years.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, if any, and Plan earnings/(losses). Allocations are based on participant earnings/(losses) or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions and their share of the Company's contributions into various investment options offered by the Plan. Participants may change their investment allocation at any time.

Payment of Benefits

Participants or their beneficiaries are eligible to receive benefits under the Plan upon normal retirement, death, total and permanent disability or terminations for any reason other than those previously mentioned. The Plan also permits certain in-service distributions for eligible participants as provided under the Plan document. Benefits are payable as a lump-sum amount or annual installments. Distributions resulting from disability or death result in payment of 100% of the account balance to the participant or designated beneficiary.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's voluntary contributions account. All hardship withdrawals must comply with Internal Revenue Service rules relating to hardships, which are uniformly applicable to all participants.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,109 and $28,491, respectively. Forfeited nonvested accounts may be used to satisfy any contribution that may be required, to pay any administrative expenses of the Plan or be distributed to plan participants. Employer contributions were reduced by $31,002 and $9,403 through the application of forfeitures in 2025 and 2024, respectively. In addition, during 2025 and 2024, forfeitures of approximately $752 and $322 were used to reduce administrative expenses, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates

The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
The Plan invests in registered investment companies, which are reported at fair value based on quoted market prices. Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both realized and unrealized gains and losses on those investments.

Risks and Uncertainties
The Plan's underlying investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying financial statements.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB*) ASC 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value and disclosing fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Registered investment companies are valued using quoted market prices. The fair values of interests in pooled separate accounts and common/collective trusts are measured based upon the NAV published on a daily basis using the fair value of the fund's underlying assets.

There were no changes in the valuation techniques during 2025 or 2024.

Administrative Expenses
All administrative expenses are paid by the Plan.

Payment of Benefits
Benefits are recorded when paid.

3. INVESTMENTS

The following information was certified as complete and accurate by the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) and is included in the financial statements and supplemental schedule as follows:

	2025	2024
Investments, at fair value	$ 26,007,824	$ 20,812,279
Investments, at contract value	$ 234,881	$ 181,211
Dividends	$ 48,397	$ 76,123
Net appreciation in fair value of investments	$ 3,694,211	$ 2,372,249
Schedule H, Line 4i - Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Pooled Separate Accounts (other than the U.S. Property Separate Account)*: Valued at net asset value ("NAV"). Invest in domestic stocks, international stocks, and fixed securities, such as asset or mortgage-backed securities and corporate bonds, and in mutual funds that hold such investments. The net asset values of the pooled separate accounts are not publicly quoted. The values of the underlying investments are used in determining the net asset value of each separate account. Underlying equity securities have observable quoted pricing inputs. Underlying fixed securities have observable pricing inputs, including quoted prices for similar assets in the active or non-active markets. Underlying mutual funds are valued at publicly quoted pricing inputs. The pooled separate accounts do not have any unfunded commitments relating to their investments, nor any restrictions on redemptions. Participant-directed redemptions can be made daily and do not have a redemption notice period.

- *Common/Collective Trusts:* Valued at NAV. Contain investments in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective trust fund and the separate accounts are not publicly quoted pricing inputs. The fair value of the mutual funds are publicly quoted pricing inputs. The fair value of all these investments are used in determining the NAV of the common/collective trust, which is not publicly quoted. The common/collective trusts can be redeemed at NAV as of the measurement date.

4. FAIR VALUE MEASUREMENTS (Continued)

The underlying investments are valued as follows; the fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Trustee, which determines valuations using methods based on market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes. The common/collective trusts can be redeemed on a daily basis and there are no restrictions. There are no unfunded commitments.

- *Registered Investment Companies:* Values are determined based on quoted market prices in active markets.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 3,645,887	$ -	$ -	$ 3,645,887
Common/collective trusts, at net asset value (a)				22,251,252
Pooled separate accounts, at net asset value (a)				110,685
				$ 26,007,824

The following sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,900,043	$ -	$ -	$ 2,900,043
Common/collective trusts, at net asset value (a)				17,816,068
Pooled separate accounts, at net asset value (a)				96,168
				$ 20,812,279

4. FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with the FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. GUARANTEED INTEREST ACCOUNT

The Plan invested in a guaranteed interest account through Principal Fixed Income Guaranteed Option (PFIGO). PFIGO is a fully benefit-responsive group annuity contract issued by Principal. PFIGO contracts were reported at contract value, which was the aggregation of contributions, plus interest, less withdrawals, if any. The crediting interest rate is based on a formula agreed upon with Principal. Under the terms of the contract, the crediting rate is reset on a semiannual basis.

PFIGO is a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. By definition, PFIGO is an insurance contract. As a result, the Plan is able to transact according to the terms defined in the contract at any time.

PFIGO offers Plan participants stability of principal and a declared interest rate. This contract guarantees principal and provides a stated rate of return backed by the General Account of Principal. The general account consists of more than 7,000 investments, which include corporate bonds, Treasuries, commercial real estate mortgages, mortgage-backed securities, and short-term cash equivalents. There are no redemption restrictions or unfunded commitments related to this investment.

6. PLAN TERMINATION

While it has not expressed any intent to do so, the trustees of the Plan have the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, partial termination, or complete discontinuance of contributions to the Plan, all amounts credited to the accounts of the participants would become fully vested and nonforfeitable. All distributions would be made in accordance with any applicable requirements of ERISA and the Internal Revenue Code (the Code).

7. TAX STATUS

The IRS issued an opinion letter dated June 30, 2020 stating that the prototype plan adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

Principal manages the Plan's investments and is the custodian of the Plan. As such, transactions between Principal and the Plan qualify as party-in-interest transactions.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statement	$ 26,203,546	$ 20,939,864
Employer contributions receivable	-	5
Employee contributions receivable	-	28
Liabilities – Excess contributions payable	39,159	53,626
Net assets available for benefits per the Form 5500	$ 26,242,705	$ 20,993,523

The following is a reconciliation of the changes in net assets per the financial statements to the Form 5500:

	2025	2024
Change in net assets available for benefits per the financial statements	$ 5,263,682	$ 3,282,023
Employer contributions	(5)	5
Employee contributions	(28)	28
Benefit payments to participants	(14,467)	(16,473)
Net assets available for benefits per the Form 5500	$ 5,249,182	$ 3,265,583

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2026, which is the date the financial statements were available to be issued.
