INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees of
Project Health, Inc. d/b/a Langley Health Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Project Health, Inc. d/b/a Langley Health Services 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

One Tampa City Center • 201 N. Franklin St., Suite 2200 • Tampa, Florida 33602 • 813-875-7774 fax 813-874-6785 • www.rgcocpa.com

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is

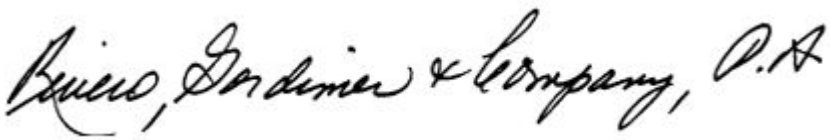

derived from the certified investment information, we compared such information to the related certified investment information.
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Project Health, Inc. D/B/A Langley Health Services 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE A - DESCRIPTION OF PLAN

The following description of Project Health, Inc. d/b/a Langley Health Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan and trust covering employees of Project Health, Inc. which is the Plan sponsor and referred to as the "Company." The Plan was originally adopted in 1994 and subsequently restated effective September 2014 and again in September 2021. The Plan changed names from Thomas Langley Medical Center 401(k) Plan to Project Health, Inc. d/b/a Langley Health Services 401(k) Plan (the "Plan") effective September 27, 2021. Employees must have completed one month of service to be eligible to make salary deferrals to the Plan. A participant must have one year of service for discretionary contributions and matching contributions. Additionally, employees receiving discretionary contributions must be employed on December 31. An eligible employee may enter the Plan as an active member on the earliest quarterly date following eligibility. Furthermore, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended effective January 1, 2023 and became a safe harbor 401(k) plan but was amended in February 2025 to end the safe harbor match.

The financial statements of the Plan are the representation of management and include estimates of amounts and judgments it believes are reasonable under the circumstances.

2. Contributions

Effective January 1, 2023, the Company makes safe harbor matching contributions of 100% for the first 3% of each participant's compensation and 50% of the next 2% of each participant's compensation contributed to the Plan. Additionally, the Company may make discretionary contributions to eligible employees. The Company discontinued safe harbor matching contributions in February 2025.

The Company made matching contributions during January 2025. The Company also identified prior year related missed contributions that are included in the employer contribution receivable as of December 31, 2024. Plan management determined that no allowance was necessary at December 31, 2025 and 2024.

3. Participant Accounts

Each participant in the Plan has a separate account that is credited with the annual allocation of (a) the Company's contributions, (b) the employee's elective contributions, and (c) the Plan's earnings or losses, and administrative fees.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are 100% vested in all participant contributions and safe harbor contributions. Participants vest in their Employer Contribution Account on a sliding scale based on their number of years of service for additional matching contributions.

A participant is vested in additional employer matching contributions and discretionary contributions as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	100%

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), meets the requirements for early retirement, dies, or becomes totally and permanently disabled.

5. Payment of Benefits

Benefit payments are made in the form of a single sum, annuity, or deferred status distribution upon normal retirement, death, or becoming permanently disabled. The participants will only be entitled to the vested portion of the employer contributions if employment is terminated for any reason other than those previously mentioned. Participants are entitled to 100% of the account balance of any salary reduction or voluntary contributions made on their own behalf.

6. Forfeitures

Forfeitures consist of matching contributions and may be used to reduce Plan expenses, applied to reduce the Company's future contributions, or may be allocated to participants. The Plan had forfeitures from non-vested accounts of $2,336 and $896 at December 31, 2025 and 2024, respectively. The Plan used approximately $2,000 in forfeitures to reduce employer contributions and Plan expenses during the year ended December 31, 2025.

7. Basis of Participant Contributions

Participants may elect to have the Company contribute to the Plan for any plan year during which they are participants, such amounts expressed in whole percentages of their compensation, that would otherwise be payable by the Company as compensation, subject to certain Internal Revenue Code limits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The accounts of the Plan are maintained on the accrual basis, except for benefit payments, which are reported when paid.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein as well as the related disclosures. Actual results could differ from those estimates and such differences could be material.

3. Valuation of Investments and Income Recognition

The Plan’s investments are reported at fair value (except for the fully benefit-responsive guaranteed interest account). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Upon discontinuance of the contract with the trustees of the Plan, the Plan would be paid in a single sum, the contract value of the guaranteed interest account and the market value of the mutual funds as of the termination date.

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Participants may borrow monies from the Plan at an amount that does not exceed the lesser of $50,000 or 50% of a participant's vested account balance.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are held by the trustees (see Note I) at December 31, 2025 and December 31, 2024.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund at year end. These funds are required to provide their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C - FAIR VALUE MEASUREMENTS - Continued

Common collective trust: Valued by the issuer of the common collective trust fund based on the net asset value per share of the underlying investments. Common collective trust funds with the underlying investments in investment contracts are valued at net asset value of the underlying investments using the practical expedient method and are not leveled in the fair value hierarchy.

The following table presents financial assets measured at fair value on a recurring basis on December 31,:

2025	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	$ 7,875,705	$ 7,875,705	$ -	$ -

2024	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	$ 6,969,327	$ 6,969,327	$ -	$ -

The following table presents financial assets measured using the net asset value of shares using the practical expedient method, as of December 31,:

2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 7	N/A	Daily	N/A

2024	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Common collective trust	$ -	$ -	$ -	$ -

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE E - PARTICIPANTS' BENEFITS

Some Plan participants have terminated employment with the Company but had vested balances in the Plan at December 31, 2025 and 2024. There were no material amounts allocated to accounts of participants that have elected to withdraw from the Plan but have not yet been paid at December 31, 2025 and 2024.

NOTE F - TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified, pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service related to the Empower Retirement, LLC pre-approved plan document. Although the Plan has been amended since that letter, and the Plan administrator and Plan sponsor believe that the Plan is designed and currently operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Plan management identified missed deferral opportunities, employer match contributions, and lost earnings totaling approximately $80,000 for the years ending December 31, 2024, 2023, 2022, 2021 and 2020. The identified amounts are included as employer contribution receivable of $0 and $80,000 at December 31, 2025 and 2024, respectively. Management corrected the identified compliance failures through corrective employer contributions and related earnings in accordance with applicable IRS and DOL correction guidance.

NOTE G - EXCESS CONTRIBUTIONS

To remain a qualified plan under Internal Revenue Service Regulations, the Plan must satisfy the 401(k) nondiscrimination requirements each year, which limit the percentage of compensation that can be contributed by highly compensated employees, as defined in the Internal Revenue Code, relative to the percentage of compensation contributed by non-highly compensated employees. There were no excessive contributions to participants at December 31, 2025 and 2024.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets were held by Empower Annuity Insurance Company of America and Empower Trust Company, LLC as of December 31, 2025 and 2024 and for the year ended December 31, 2025 (collectively the “trustees”) as described in Note I. As the administrator of the Plan, the trustees provide recordkeeping for the Plan. Company contributions are managed by the administrator who invests cash received, interest and dividend income and makes distributions to participants. Fees paid to the trustees for recordkeeping and investment advisory and management fees amounted to $74,936 and $2,738, respectively, for the year ended December 31, 2025. Administrative functions are also performed by officers or employees of the Company. No officer or employee receives compensation from the Plan. Expenses for the independent auditor fees are paid directly by the Company, and administrative fees are paid by the Plan.

NOTE I - FINANCIAL DATA CERTIFIED BY THE TRUSTEES (UNAUDITED)

The investments of the Plan were held and administered by the Empower Annuity Insurance Company of America and Empower Trust Company, LLC (the “trustees”) of the Plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025. The trustees have certified the Plan investments and the related investment income and losses and interest income as being complete and accurate as of December 31, 2025 and 2024 and for the year ended December 31, 2025. In accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected not to have this information audited by the Plan’s independent certified public accountants.

NOTE I - FINANCIAL DATA CERTIFIED BY THE TRUSTEES (UNAUDITED) - Continued

The following information included in the accompanying financial statements and supplemental Schedule of Assets (held at end of year) was obtained from data that has been prepared and certified to be complete and accurate by the trustees as of December 31,:

	2025	2024
Mutual funds	$ 7,875,705	$ 6,969,327
Common collective trust	$ 7	$ -
Insurance company general account	$ 666,583	$ 749,405
Net appreciation in fair value of mutual funds	$ 822,284	
Net appreciation in fair value of common collective trusts	$ 997	
Dividends	$ 321,058	
Interest earnings on insurance company account	$ 19,485	

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE K - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan maintained fully benefit-responsive investment contracts with the trustees as of December 31, 2025 and 2024. The trustees maintained the contributions in an insurance company general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

NOTE K - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY - Continued

The guaranteed investment contracts are presented on the Statement of Net Assets Available for Benefits at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan.

Contract value, as reported to the Plan by the trustees, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts on December 31, 2025 and 2024 was $666,583 and $749,405, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, as amended.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the trustees to terminate the agreement prior to the scheduled maturity date without surrender charges.

The average yield earned by the Plan is calculated by dividing the annualized earnings of all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts.

The EI Fixed Account - Series Class VI at December 31, 2025 and 2024 is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The actual yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2025 is 2.70%.

NOTE K - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY - Continued

Based on the trustee's excessive trading policy, participant transfers may be restricted for up to 30 days in the event of excessive participant trading. If the plan sponsor chooses a book value payout for termination, participant transfer restrictions may apply until the money is paid to the next provider. EI Fixed Account transactions are processed after the resolution of closed or disrupted financial exchanges or markets.

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to December 31, 2025 as of October 7, 2026 which is the date the financial statements were available to be issued.
