INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Elder Services of Berkshire County 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Elder Services of Berkshire County 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the then years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Elder Services of Berkshire County 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section---

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of the Elder Services of Berkshire County 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Elder Services of Berkshire County 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Elder Services of Berkshire County 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Elder Services of Berkshire County 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - **Description of Plan**

The following description of the Elder Services of Berkshire County 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 1, 1985 and covers virtually all employees of Elder Services of Berkshire County, Inc. (the "Agency") except non-resident aliens with no U.S. source income. All employees, except non-resident aliens with no U.S. source income and those who are classified or treated as temporary or per-diem employees, who have reached the age of twenty-one and complete a year of service with the Agency share in any Agency contribution to the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated as of November 1, 2024. The Plan restatement included adding a Roth provision for after-tax contributions and adding an optional employer non-elective contribution to the Plan.

Contributions

Participants may elect to defer up to one hundred percent (100%) of their compensation subject to Internal Revenue Code (IRC) limitations. All contributions are invested as the participant directs.

The Agency may make a discretionary contribution to the Plan. All Agency contributions are also invested as the participant directs.

Participant Accounts

Each participant's account is credited with the participant's contribution, any Agency contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. Interest rates on outstanding loans ranged from 4.21% to 8.5% at December 31, 2025 and 2024 which is commensurate with local commercial rates as determined by the Plan administrator. Principal and interest is billed quarterly by the custodian of the plan.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment contracts and annuity options offered by the Plan.

Vesting

Participants are immediately vested in their deferred contributions plus actual earnings thereon. Vesting in the Agency's contribution is based on the following schedule:

Years of Service	Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Note 2 - **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Plan has a general account with Mutual of America which is classified as a cash equivalent since the account is completely liquid, the interest rate is not dependent upon the length of time the assets are in the account, withdrawals can be made at any time and there are no charges or fees that would affect the value as a result of a withdrawal request. These balances are not insured by the U.S. Federal Deposit Insurance Corporation (FDIC).

Contributions Receivable and Allowance for Credit Losses

Contributions receivable are separately identified in the Statement of Net Assets Available for Benefits and represent amounts due to the Plan pursuant to the Plan's terms, participant elections, employer funding requirements, or other formal commitments.

Management evaluated the collectability of contributions receivable based on the nature of the receivables, historical collection experience, subsequent collections, the financial condition of the obligated parties, and other relevant credit risk factors. Management determined that no allowance for credit losses was necessary at December 31, 2025 or 2024. All contributions receivable were collected subsequent to each Plan year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income on notes receivable from participants is recorded on the accrual basis. Notes receivable from participants are not subject to the ASC 326 allowance for credit losses requirements applicable to financial assets measured at amortized cost.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. In accordance with the policy of stating investments at fair market value, net appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest and other investment income are recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 2 - (continued)

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America and DOL rules and regulations for reporting and disclosure under ERISA require the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Administrative Expenses

The Agency absorbs substantially all costs related to the operation of the Plan at no charge to the Plan. Certain administrative and investment fees are paid by the Plan.

Payment of Benefits and Withdrawals

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or installments over an agreed upon period of time. Benefits are recorded when paid.

Forfeitures

Forfeitures which have become available are used to reduce the employer contribution to the Plan or to pay for operating expenses of the Plan. There was $1,272 and $-0- in plan forfeitures that were used to pay for plan expenses for the years ended December 31, 2025 and 2024, respectively.

Note 3 - **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a definition of fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. The Plan has no Level 1 investments.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. The Plan has investments in pooled separate accounts which are Level 2 investments.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan has no Level 3 investments.

Note 3 - continued

The fair value of the pooled separate accounts is determined based on the underlying mutual funds' quoted net asset values of the shares as reported by the fund. The underlying mutual funds are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds must publish their daily net asset value and transact at that price.

	Fair Value	Level 2
December 31, 2025		
Pooled separate accounts	$ 4,742,496	$ 4,742,496
December 31, 2024		
Pooled separate accounts	$ 3,440,181	$ 3,440,181

Note 4 - **Information Certified by the Custodian**

The following unaudited information regarding the Plan as of and for the years ended December 31, 2025 and 2024, respectively, was prepared by, or derived from the information prepared by Mutual of America and Reliance Trust, the custodians of the Plan assets, and certified to as complete and accurate by the custodians.

	Year ended December 31, 2025	Year ended December 31, 2024
Interest and dividends – investments	$ 36,636	$ 29,607
Net appreciation	$ 561,501	$ 486,727
Interest – participant notes	$ 229	$ 328

Note 5 - **Guaranteed Insurance Contract**

In 2024, the Plan entered into a fully benefit-responsive insurance contract with The Standard Insurance Company (The Standard). The Standard maintains the contributions in a general account. The account is credited with net deposits plus interest credited. Contract value is guaranteed for participant transactions by the full faith and credit of The Standard Insurance Company.

Because the guaranteed insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to it.

The guaranteed insurance contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 - continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $596,077 and $341,700, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

Note 6 - **Related Party Transactions**

Plan investments are shares of mutual funds managed by Mutual of America and Reliance Trust/Standard Insurance Company. Mutual of America and Reliance Trust/Standard Insurance Company serve as custodians and, therefore, these transactions qualify as party-in-interest transactions. There were $181 and $458 of administrative fees paid to Mutual of America by the Plan for the years ended December 31, 2025 and 2024, respectively. In addition, there were $9,190 and $75 of fees paid to Reliance Trust/Standard Insurance Company by the Plan for the years ended December 31, 2025 and 2024, respectively.

In addition, Commonwealth Financial (CFN) network provides investment advisory services to the Plan. Direct compensation paid to CFN was $13,307 and $-0- for the years ended December 31, 2025 and 2024, respectively.

The Angell Pension Group, Inc. (Angell) provided third party administrator services to the plan, including preparing the Form 5500 tax return. Indirect compensation paid to Angell was $2,210 and $6,276 for the years ended December 31, 2025 and 2024, respectively.

In 2024, The Agency's investment committee made the decision to add an investment advisor and a third-party administrator so that the Agency would have more administrative/compliance support at the sponsor level, as well as fiduciary support/protections at both the sponsor and participant levels.

Note 7 - **Plan Termination**

Although it has not expressed any intent to do so, the Agency has the right under the Plan to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Note 8 - **Tax Status**

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan when the government opens such program. The Plan is required to operate in conformity with the Code to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - **Subsequent Events**

The Plan has evaluated subsequent events through July 22, 2026, the date on which the financial statements were available to be issued.
