Asset Valuation Method

Plan assets are determined using the two-year annual averaging method as set forth in IRS Notice 2009-22. Under this method, the actuarial value of assets is the average of the fair market value of the assets on the valuation date and the adjusted fair market value of assets determined as of each of the earlier determination dates. The adjusted fair market value of assets as of a determination date is the market value of assets on that date, increased by contributions that were not included in the plan's asset balance on the determination date and decreased by benefits and administrative expenses between that determination date and the valuation date plus an adjustment for expected earnings as the sum of the expected earnings separately determined for each period between the determination date and the valuation date. The adjustment for expected earnings in 2023 is limited to 5.74% and for 2024 is limited to 5.59%. The calculated value is then further constrained to be no more than 110% of the market value of assets plus discounted receivable contributions and no less than 90% of the market value of assets plus discounted contributions.

Pension Plan for Union Employees of Johanna Foods, Inc.,
Lacto Milk Products Division EIN: 22-2973062 PN: 003

Summary of Plan Provisions

1. Type of Plan

The plan is a non-contributory, defined benefit plan.

2. Effective Date

June 1, 1976.

3. Eligibility for Participation

All Union Employees (i.e. a member of the collective bargaining unit represented by United Foods and Commercial Workers, AFL-CIO, Local 56) of Lacto Milk Products Division enter the plan. Effective in 2014, new hires are not eligible to join the Plan.

4. Definitions:

(a) ***Plan Year:*** A Plan Year was a 12-month period beginning on May 1 and ending on April 30 prior to 2011. Effective after 2010, the Plan year was changed to begin on January 1 and end on December 31. Thus, there was a short plan year beginning May 1, 2010 and ending December 31, 2010.

(b) ***Plan Sponsor:*** Johanna Foods, Inc.

(c) ***Year of Service:*** Credit is given for any plan year in which an employee is employed by any of the group of companies under common control and works 1,000 hours or more.

(d) ***Year of Benefit Service:*** Only service with the Company while not a member of the bargaining group shall be recognized as Benefit Service. Each Participant is credited with a full year of Benefit Service if he works the entire year and completes 1,000 hours during the Plan Year. For those participants that terminate during year, 1/12 of a year of benefit service is granted for each month that the Participant works at least one hour.

(e) ***Accrued Pension:*** A participant's accrued benefit is calculated under the normal retirement formula, based on the participant's years of Benefit Service and dollar amount in effect at the date of termination.

5. Retirement Benefits

(a) ***Normal Retirement Date (NRD):*** The first day of the month coincident with or next following the later of: the participant's 65th birthday, or the earlier of the completion of 5 years of service or 5 years of participation including participation in the predecessor plan.

Normal Retirement:

1) $14.00 a month for each Year of Benefit Service subject to a maximum pension of $350.00 (25 years), plus
2) $1.00 a month for each Year of Benefit Service after March 1, 1990 to a maximum of 25 years; plus
3) $2.00 a month for each Year of Benefit Service after March 1, 1991 to a maximum of 25 years; plus
4) $3.00 a month for each Year of Benefit Service after March 1, 1992 to a maximum of 25 years; plus
5) $5.00 a month for each Year of Benefit Service after March 1, 1995 to a maximum of 25 years; plus
6) $4.00 a month for each Year of Benefit Service after March 1, 2008 to a maximum of 25 years; plus
7) $4.00 a month for each Year of Benefit Service after March 1, 2010 to a maximum of 25 years.

(b) ***Early Retirement:***

A participant is eligible for early retirement after the earlier of:
1) 25 Years of Service, or
2) 15 Years of Service and attainment of age 55.

Same benefit as Normal Retirement Benefit but based on service to Early Retirement. Actuarial reduction, if any, depends on service at Early Retirement.

Effective January 1, 2012, the plan was amended to allow a full lump sum to be paid at any age. Therefore, an immediate annuity (only payable in the participant's normal form) can commence at any age regardless of service.

(c) ***Postponed Retirement:*** A participant may continue in service beyond his normal retirement date. Upon actual retirement, he will receive a late retirement benefit based on service to his actual retirement date.

6. Termination Benefit

Any participant may terminate his employment after 5 Years of Service and be entitled to a deferred benefit payable at his NRD. Such pension will be equal to his Accrued Benefit at the date of termination of employment.

7. Death Benefits

Before Earliest Retirement Date. If a vested Participant or a vested former Participant is married at time of death and his benefit payments have not commenced, his spouse receives a life income which is 50% of the benefit the Participant would have received had he:

i) Separated from service on the date he died;
ii) Survived to the Earliest Retirement Age;
iii) Retired with an immediate Qualified Joint and Survivor Annuity; and
iv) Then died on the day after Earliest Retirement Age.

After Earliest Retirement Date. If a Participant has reached the Earliest Retirement Date and dies while employed or after incurring a break-in-service on or after the Earliest Retirement Date, the Participant's spouse will receive a life income which is equal to the amount that would have been payable to the spouse had the Participant retired the day before he died and elected a Qualified Joint and Survivor Annuity to commence with the month following the month in which the Participant died.

After Retirement. The death benefits, if any, for a Participant who dies after commencement of his benefits under the plan are those specified under the form in which his benefits were being paid.

8. Disability Retirement

A participant is eligible for a Disability Retirement if the Participant meets the definition of Total and Permanent Disability and it occurs after 10 Years of Service. The benefit is:

a) after 10 Years of Service - $100.00 per month.
b) after 20 Years of Service - $150.00 per month.

The above benefits are paid until the Participant attains Normal Retirement Age if the Participant continues to be disabled at which point the Participant would be eligible to commence receipt of his monthly Normal Retirement benefit earned through his date of disability.

9. Normal Form of Pension

The normal form of pension for an unmarried Participant is a life annuity with 120 months guaranteed. The normal form of pension for a married Participant is a 50% Qualified Joint and Survivor Annuity which is the actuarial equivalent of the life annuity with 120 months guaranteed. The 50% Qualified Joint and Survivor Annuity is automatically paid to a married participant unless, with the consent of his spouse, he elects otherwise.

Changes in Plan Provisions Since Prior Valuation
