Independent Auditors' Report

The Plan Administrator of
Pension Plan of York Container Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pension Plan of York Container Company (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (liquidation basis) and December 31, 2024 (ongoing), and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 (liquidation basis) and December 31, 2024 (ongoing), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Company voted to terminate the Plan effective August 15, 2025. As a result of the termination, the Plan changed its basis of accounting from the going concern basis to the liquidation basis.

In November 2025, the Plan purchased a group annuity contract on behalf of Plan participants with Mutual of Omaha for commencement of benefits on January 1, 2026. All assets of the Plan were either transferred to Mutual of Omaha or distributed to participants and, therefore, the Plan had no participants as of December 31, 2025. The remaining assets were used to pay for administrative expenses incurred by the Plan through June 9, 2026. These amounts were accrued for by the Plan at December 31, 2025. As a result, the Plan ceased to exist as of June 9, 2026.

Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (Liquidation Basis) as of December 31, 2025 and (2) Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions (Liquidation Basis) for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Pension Plan of York Container Company (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Plan Termination

The Plan is a noncontributory defined benefit plan sponsored by York Container Company (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all eligible classes of employees except for executive, administrative, office, plant supervisory, and sales personnel. Employees were eligible to participate in the Plan upon attainment of age 21 and completion of 1 year of service (defined as 1,000 hours in a 12-month period). Effective April 1, 2012, the Plan was amended to cease further benefit accruals and freeze benefits for employees covered under the Plan. No employee became a participant in the Plan subsequent to April 1, 2012.

Effective August 15, 2025, the Company elected to terminate the Plan. During the year ended December 31, 2025, the Plan was required to accrue and separately present activity for future periods related to (1) any contributions made by the Company; (2) any costs that it expects to incur; (3) any interest and dividends it expects to earn during liquidation; and (4) any adjustments to investments through the liquidation period.

In November 2025, the Plan purchased a group annuity contract on behalf of Plan participants with Mutual of Omaha for commencement of benefits on January 1, 2026. The annuity is for the purchase of benefits from the Plan and represents contracts under which Mutual of Omaha is obligated to pay benefits to named employees or their beneficiaries. Funds applied for the purchase of the annuity are excluded from the Plan's assets in 2025.

All assets of the Plan were either transferred to Mutual of Omaha or distributed to participants and, therefore, the Plan had no participants as of December 31, 2025. The remaining assets were used to pay for administrative expenses incurred by the Plan through June 9, 2026. These amounts were accrued for by the Plan at December 31, 2025. As a result, the Plan ceased to exist as of June 9, 2026.

Pension Benefits

Employees were eligible for normal retirement benefits at age 65. The Plan also allowed for early retirement benefits upon attainment of age 55 and completion of 5 years of service. The retirement benefit was payable monthly as long as the participant was alive, with payments ceasing upon the participant's death. Retirement benefits could have been paid in the form of a lump sum, joint and survivor annuity, or life annuity for a certain period.

Death and Disability Benefits

Participants were eligible for pre-retirement death benefits if death occurred after five years of credited service, or the participant was at least 55 years of age. The spouse would have received a benefit as though the participant retired on the date of death and elected a 50% qualified joint and survivor annuity, unless otherwise elected by the employee or beneficiary.

1. Description of Plan (*continued*)

Death and Disability Benefits (continued)

Participants were eligible for disability benefits if disability occurs after 20 years of credited service. The benefit would have been the participant's accrued benefit at the earlier of the date of disability or the freeze date of the Plan.

Vesting

Participants are fully vested upon completion of five years of continuous service or attaining normal retirement age while still employed by the Company. Participants earned one year of continuous service for each year in which they were credited with at least 1,000 hours of service.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") which requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. As a result of the Plan termination (see Note 1), the Plan changed its basis of accounting from the going concern basis to the liquidation basis. Under the liquidation basis, the Plan has accrued estimated income and expenses through the date of liquidation. This adjustment is reflected separately on the Statements of Net Assets Available for Benefits.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of December 31, 2025 and 2024, all of the Plan's investments were valued using Level 1 inputs under the fair value hierarchy.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The mutual funds are valued at the daily closing price as reported by the funds. These funds are open-end funds that are registered with the Securities and Exchange Commission and are deemed to be actively traded. The funds are required to publish its daily NAV and to transact at that price. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies *(continued)*

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 17, 2026.

3. Information Certified

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules of (1) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) and (2) Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions, including investments held at December 31, 2025 (liquidation basis) and December 31, 2024 (ongoing), and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Wilmington Trust, N.A., a qualified institution.

4. Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2025 and 2024.

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated Plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

5. Actuarial Present Value of Accumulated Plan Benefits *(continued)*

The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (for reasons such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2025 are as follows:

Mortality	Male - 2025 Static Table - Combined Male Female - 2025 Static Table - Combined Female
Discount Rate	5.60% per annum
Retirement Age	Age 65

When compared to the prior year valuation, all assumptions remained unchanged except for the mortality tables, which were updated from the 2024 applicable mortality tables to the Male - 2025 Static Table - Combined Male and Female 2025 Static Table - Combined Female.

The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2025. Had the valuation been performed as of December 31, 2024, there would be no material differences.

The Plan was terminated effective August 15, 2025. The actuary prepared a valuation report that reflects a short plan year from January 1, 2025 through the termination date of August 15, 2025. The actuarial assumptions from the December 31, 2024 valuation were unchanged for the August 15, 2025 valuation except for the discount rate, which was changed from 5.60% to 4.50%.

The actuarial present value of accumulated plan benefits as of August 15, 2025 (liquidation basis) and December 31, 2024 (ongoing) are as follows:

	August 15, 2025 (Liquidation Basis)	December 31, 2024 (Ongoing)
Actuarial Present Value of Accumulated Plan Benefits		
Vested Benefits		
Participants in pay status including retirees, beneficiaries, and disabled	$ 1,536,608	$ 1,611,244
Participants with deferred benefits including transferred and vested terminated	734,269	1,603,393
All other participants with vested benefits	1,282,234	1,910,842
	3,553,111	5,125,479
Non-vested benefits	-	-
Total Actuarial Present Value of of Accumulated Plan Benefits	$ 3,553,111	$ 5,125,479

5. Actuarial Present Value of Accumulated Plan Benefits *(continued)*

The reconciliation of the changes in the actuarial present value of accumulated plan benefits for the period ended August 15, 2025 and the year ended December 31, 2024 are as follows:

	August 15, 2025 (Liquidation Basis)	December 31, 2024 (Ongoing)
Actuarial Present Value of Accumulated Plan Benefits at Beginning of Year	$ 5,125,479	$ 5,088,473
Increase (decrease) during the year attributable to:		
Benefits accumulated including changes due to plan experience	177,759	(33,402)
Increase for interest due to decrease in discount period	138,898	279,110
Benefits paid	(2,313,951)	(208,702)
Change in actuarial assumptions and methods	424,926	-
Net (Decrease) Increase	(1,572,368)	37,006
Actuarial Present Value of Accumulated Plan Benefits at August 15, 2025 and December 31, 2024	$ 3,553,111	$ 5,125,479

Subsequent to August 15, 2025, all participants who were entitled to a vested benefit under the Plan were paid in the form of a lump sum or were included in the group annuity contract. All vested benefits were distributed by the Plan by December 31, 2025.

6. Investments

The following investments exceeded approximately 10% of the net assets available for benefits at December 31, 2024:

	2024
Wilmington Broad Market Bond Fund	$ 992,213
JPMorgan Mortgage-Backed Securities Fund	605,567

7. Parties-in-Interest Transactions

Certain Plan investments are managed by Wilmington Trust, N.A. Wilmington Trust, N.A. is the custodian of the Plan and, therefore these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in administrative expenses. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Certain employees of the Company who may be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

8. Income Tax Status

On August 9, 2024, the Internal Revenue Service ("IRS") issued an opinion letter to the pre-approved document preparer, October Three Consulting, indicating that the Plan, as then designed, qualifies under Section 401 of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
