INDEPENDENT AUDITORS' REPORT

To the Administrator and Participants of the
Systra USA, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Systra USA, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Systra USA, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Systra USA, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Systra USA, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Systra USA, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Systra USA, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2025 and Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of the Systra USA, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a participant-directed defined contribution plan, which was originally established on June 22, 1990, covering all eligible employees, as defined, of Systra USA, Inc. which is the common parent to Systra Consulting, Inc. and Systra Engineering, Inc. (collectively, the "Company"). The Plan was restated effective July 12, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). John Hancock Trust Company LLC ("John Hancock" or "Trustee")is the Plan's trustee.

Eligibility – Any employee of the Company will be eligible to participate in the Plan on the first day of employment and attaining the age of 18.

Contributions **–** Each year, participants may contribute up to the maximum percentage of eligible compensation allowable under the Internal Revenue Code ("IRC"). Participants in the Plan may elect to make contributions, through payroll deductions, up to 100% of their compensation. In accordance with Internal Revenue Service ("IRS") guidelines, participants could not make contributions exceeding $23,500 for 2025. Eligible employees may make an additional employee contribution known as a "catch-up" contribution in accordance with the Economic Growth and Tax Reconciliation Relief Act of 2001 ("EGTRRA"). Catch-up contributions were limited to $7,500 for 2025.

The Company contributes to the Plan, on behalf of each participant, an amount equal to 100% of the first 3% and 50% of the next 2% of base compensation that a participant contributes to the Plan ("safe harbor contributions"). The Company may also make Nonelective Employer Contributions ("NEC's") at its sole discretion, within the limits of the IRC. For the year ended December 31, 2025 the Company's safe harbor contributions totaled $765,542. The Company did not make any NEC's in 2025.

Rollovers – Rollover contributions are permitted into the Plan in accordance with IRS regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's contribution and an allocation of Plan earnings or losses. Allocations of earnings or losses are based upon the investment performance of the individual funds in which each participant's account balance is invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants **–** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No participant may have more than two loans outstanding at any time and refinancing is only allowed once in a twelve-month period. The loans are collateralized by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates. Loan terms generally range from one to five years. Notes receivable outstanding at December 31, 2025, have interest rates range from 4.25% to 9.50%, and mature on various dates through June 2030, as determined by the Trustee of the Plan. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Investment Options **–** Upon enrollment in the Plan, a participant may direct contributions to a variety of investment options. Participants may change their investment options during any business day.

Vesting – Participants are fully vested in their personal contributions, safe harbor contributions, and related account earnings or losses immediately upon enrollment in the Plan. Effective January 1, 2019, non-safe harbor matching contributions ceased, and the account was frozen. Participants with balances in the account will continue to vest as follows:

Years of Service	Percent Vested
1	33 1/3%
2	66 2/3%
3	100%

NEC's contributions, if any, are subject to the following vesting schedule:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Withdrawals and Benefit Payments **–** Participants still employed may withdraw all or part of their vested account balance upon furnishing proof of financial hardship. However, this cannot be done more than once in any Plan year. To withdraw balances from an account, a participant must provide written notice to the Company. Upon termination of employment, at the request of the participant, the entire vested amount of the participant's account will be determined and distributed as soon as administratively feasible.

Participants become fully vested in the event of disability or death. Form and time of payment and the beneficiary of such payments depend on Plan provisions.

Upon retirement, the full value of the participant's account balance is payable at the normal retirement date. The normal retirement age under this Plan is the attainment of age 65. The normal retirement date is the date the participant attains the normal retirement age.

Forfeitures **–** Forfeitures of nonvested employer contributions (matching and discretionary NEC) may be used to reduce subsequent employer contributions. For the year ended December 31, 2025, $3,132 of forfeitures were utilized to reduce employer contributions. At December 31, 2025 and 2024, unallocated forfeitures totaled $1,591 and $381 respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Excess Matching Contributions – During the year ended December 31, 2025, the Company made excess matching contributions to certain active participants totaling $5,240. The payments are included in 2025 employer's contribution and will be returned to the Plan in 2026.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustees with information included in the Plan's financial statements and supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) December 31, 2025.

	2025	2024
Statements of net assets available for benefits - Investments:		
Mutual funds	$ 45,541,169	$ 40,668,358
Common/collective trust	2,360,773	2,390,912
	$ 47,901,942	$ 43,059,270

3. INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED) (continued)

- Investment income for the year ended December 31, 2025 as shown in the accompanying statement of changes in net assets available for benefits included dividend and interest income of $758,657.
- The Plan's investments appreciated in value by $5,617,090 for the year ended December 31, 2025.
- All investment-related information in the accompanying supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: The Plan invests in the T Rowe Price Stable Value Fund ("Stable Value") a stable value common collective trust fund. The Plan's interest in Stable Value is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported NAV. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Participant transactions (purchases and sales) may occur daily.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 45,541,169	$ -	$ -	$ 45,541,169
Total assets in the fair value hierarchy	45,541,169	-	-	45,541,169
Investments measured at NAV (a)	-	-	-	2,360,773
Investments at fair value	$ 45,541,169	$ -	$ -	$ 47,901,942

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 40,668,358	$ -	$ -	$ 40,668,358
Total assets in the fair value hierarchy	40,668,358	-	-	40,668,358
Investments measured at NAV (a)	-	-	-	2,390,912
Investments at fair value	$ 40,668,358	$ -	$ -	$ 43,059,270

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31,	2025	2024				
Common/collective trust	$ 2,360,773	$ 2,390,912	N/A	Daily	None	12 Months

5. RISK AND UNCERTAINTIES

The Plan invests in various investment securities including mutual funds and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. RISK AND UNCERTAINTIES (continued)

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections including active and passively managed funds covering multiple asset classes. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

The following table sets forth the Plan investment assets at fair value that represent a concentration equal to or greater than 10% of the Plan's net assets available for benefits as of December 31, 2025 and 2024:

	2025		2024	
Growth Fund of America R6	$	10,584,879	$	9,532,760
Vanguard 500 Index Admiral	$	4,367,191	$	4,370,276

6. FEDERAL INCOME TAX STATUS

The Plan adopted a prototype non-standardized profit sharing, money purchase, cash or deferral arrangement plan, which received a favorable opinion letter from the IRS on June 30, 2020, which states that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor ("DOL") regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As described in Note 2, certain fees are paid from the Plan's assets and therefore qualify as party-in-interest transactions. For the year ended December 31, 2025 the Plan incurred administrative fees totaling $72,861 for investment advisor and recordkeeping services provided by John Hancock and PNC Asset Management. Loans to participants are secured by the balances in the respective participant accounts. These transactions qualify as party-in-interest transaction and are exempt from the prohibited transaction rules.

8. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the rights to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

9. PROHIBITED TRANSACTIONS

During the Plan year ended December 31, 2023, and 2022 the Company was delinquent in remitting to the Plan certain employee contributions totaling $306,837 and $606,827, respectively, within the time period prescribed by the DOL's regulations. Delays in remitting contributions to the Plan were due to administrative errors. During 2025, the Company completed the correction of these transactions by contributing lost earnings attributable to the delayed remittances. As of December 31, 2025, all identified delinquent participant contributions and related lost earnings had been remitted to the Plan, and no amounts remain outstanding. The Plan sponsor takes full responsibility for any penalties and other potential issues associated with such untimely remittances.

10. SECURE 2.0 ACT

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the Setting Every Community Up for Retirement Enhancement ("SECURE") 2.0 Act. The SECURE 2.0 Act contains over ninety new retirement provisions, with varying effective dates through 2027. Since the SECURE 2.0 Act provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. The Plan administrator did not adopt any of the optional provisions for 2025, which did not have a material impact to the Plan's 2025 financial statements.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2026, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no additional subsequent events have occurred which would require disclosure in or adjustment to the financial statements.

12. RECONCILIATION TO FORM 5500

No material differences exist between the financial statements and Form 5500.
