Independent Auditors' Report

To the Trustees of
Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

518-452-8055 • FAX 518-452-9055

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan that covers substantially all of the employees of Frasier Enterprises, a controlled group of limited liability companies detailed in the plan document (the Company). Employees become eligible to participate in the Plan's elective deferrals and receive an allocation of qualified non-elective contributions after attaining age 21 and completing two consecutive months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant
For each plan year, eligible participants may elect to contribute to the Plan an amount up to 25% of their earnings, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit plans, defined contribution plans or 403(b) plans.

Employer
The Company may contribute a discretionary qualified non-elective contribution in the ratio that each qualifying participant's compensation for the plan year bears to the total compensation of all qualifying participants for the plan year. There were no employer discretionary qualified non-elective contributions for the years ended December 31, 2025 and 2024.

Participants Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with any investment or administrative fees. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN

Participants Accounts

Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers thirty-nine mutual funds and an investment contract as investment options for participants.

Vesting

Participants are immediately and fully vested in their contributions plus actual earnings thereon. Vesting in the Company's qualified non-elective contributions is based on years of service. A participant becomes 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with rates charged by other lenders on similar loans. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence, in which case the loan term may exceed five years.

Plan Benefits

Upon termination of employment due to death, disability, retirement, or other separation, participants or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Corrective Distributions

The Plan is required by ERISA to pass the Actual Deferral Percentage Test (ADP) and the Actual Contribution Percentage Test (ACP). These tests provide a limit on the amount that certain benefits provided under the Plan to highly compensated employees may exceed the benefits provided to non-highly compensated employees. If the Plan is determined not to be in compliance, corrective distributions are made in the following year when testing is completed and the amount required to be distributed is know. These corrective distributions are paid back to the participants within 12 months and are subject to tax.

Administrative Expenses

Expenses associated with the administration of the Plan are to be deducted directly from the participant's account in the subsequent year based on the plan document. For the years ended December 31, 2025 and 2024, the expenses paid by the Plan were $8,500. The plan has recorded an accrued expense for accumulated administrative expenses in the amount of $8,500 as of December 31, 2025 and 2024, respectively.

1. DESCRIPTION OF PLAN

Forfeited Accounts

If a participant's employment is terminated, the non-vested portion of the participant's account balance shall become forfeiture in accordance with the provisions of the Plan and shall be applied to reduce future employer contributions. At December 31, 2025 and 2024, there were no forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Date of Management's Review

Subsequent events were evaluated through October 12, 2026, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Parties-in-Interest

The following organizations are considered parties-in-interest based upon their relationship and services they provide to the Plan:

Quality Hearing Instruments LLC – Plan Sponsor
PayChex, Inc. – Third Party Administrator
Mid Atlantic Trust Company – Custodian of Plan Assets
CFM Advisors – Plan Advisors
Bryans & Gramuglia CPAs, LLC – Plan Audit Firm

For the years ended December 31, 2025 and 2024, there were no prohibited transactions between the Plan and the parties-in-interest.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Fair Value	Fair Value Measurements at the End of the Reporting Period Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2025		
Mutual Funds	$ 17,059,044	$ 17,059,044
December 31, 2024		
Mutual Funds	$ 13,138,172	$ 13,138,172

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1, 2 and 3.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with Reliance Trust Company. MetLife administers the contract. MetLife maintains the contributions in the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. This investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The contract is included in the financial statements at contract value as reported to the Plan by Reliance Trust Company and MetLife. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract.

Certain events limit the Plan's ability to transact at contract value with Reliance Trust Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Average yields:	
Based on actual earnings	6.96%
Based on interest rate credited to participants	2.44%

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Internal Revenue Service ruled on March 31, 2008 that the Prototype Standardized Profit Sharing Plan with CODA (the prototype plan of PayChex, Inc. upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

The Plan administrator had analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The reconciliation of the financial statements to the Form 5500 for the year ended December 31, 2025 is as follows:

	Financial Statements	Form 5500	Difference	
Receivables - participant contributions	$ 20,387	$ -	$ 20,387	(1)
Accrued expenses	$ 8,500	$ -	$ 8,500	(1)
Participant contributions	$ 2,654,627	$ 2,740,349	$ (85,722)	(1)

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The reconciliation of the financial statements to the Form 5500 for the year ended December 31, 2024 is as follows:

	Financial Statements	Form 5500	Difference	
Receivables - participant contributions	$ 106,109	$ -	$ 106,109	(1)
Accrued expenses	$ 8,500	$ -	$ 8,500	(1)
Participant contributions	$ 2,385,410	$ 2,354,965	$ 30,445	(1)

(1) The differences are the result of the Form 5500 being prepared on the cash basis of accounting and the financial statements being prepared on the accrual basis of accounting for the years ended December 31, 2025 and 2024.

Independent Auditors' Report

To the Trustees of
Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Quality Hearing Instruments LL 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan that covers substantially all of the employees of Frasier Enterprises, a controlled group of limited liability companies detailed in the plan document (the Company). Employees become eligible to participate in the Plan's elective deferrals and receive an allocation of qualified non-elective contributions after attaining age 21 and completing two consecutive months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant
For each plan year, eligible participants may elect to contribute to the Plan an amount up to 25% of their earnings, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit plans, defined contribution plans or 403(b) plans.

Employer
The Company may contribute a discretionary qualified non-elective contribution in the ratio that each qualifying participant's compensation for the plan year bears to the total compensation of all qualifying participants for the plan year. There were no employer discretionary qualified non-elective contributions for the years ended December 31, 2025 and 2024.

Participants Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with any investment or administrative fees. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN

Participants Accounts

Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers thirty-nine mutual funds and an investment contract as investment options for participants.

Vesting

Participants are immediately and fully vested in their contributions plus actual earnings thereon. Vesting in the Company's qualified non-elective contributions is based on years of service. A participant becomes 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with rates charged by other lenders on similar loans. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence, in which case the loan term may exceed five years.

Plan Benefits

Upon termination of employment due to death, disability, retirement, or other separation, participants or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Corrective Distributions

The Plan is required by ERISA to pass the Actual Deferral Percentage Test (ADP) and the Actual Contribution Percentage Test (ACP). These tests provide a limit on the amount that certain benefits provided under the Plan to highly compensated employees may exceed the benefits provided to non-highly compensated employees. If the Plan is determined not to be in compliance, corrective distributions are made in the following year when testing is completed and the amount required to be distributed is know. These corrective distributions are paid back to the participants within 12 months and are subject to tax.

Administrative Expenses

Expenses associated with the administration of the Plan are to be deducted directly from the participant's account in the subsequent year based on the plan document. For the years ended December 31, 2025 and 2024, the expenses paid by the Plan were $8,500. The plan has recorded an accrued expense for accumulated administrative expenses in the amount of $8,500 as of December 31, 2025 and 2024, respectively.

1. DESCRIPTION OF PLAN

Forfeited Accounts

If a participant's employment is terminated, the non-vested portion of the participant's account balance shall become forfeiture in accordance with the provisions of the Plan and shall be applied to reduce future employer contributions. At December 31, 2025 and 2024, there were no forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Date of Management's Review

Subsequent events were evaluated through October 12, 2026, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Parties-in-Interest

The following organizations are considered parties-in-interest based upon their relationship and services they provide to the Plan:

Quality Hearing Instruments LLC – Plan Sponsor
PayChex, Inc. – Third Party Administrator
Mid Atlantic Trust Company – Custodian of Plan Assets
CFM Advisors – Plan Advisors
Bryans & Gramuglia CPAs, LLC – Plan Audit Firm

For the years ended December 31, 2025 and 2024, there were no prohibited transactions between the Plan and the parties-in-interest.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Fair Value	Fair Value Measurements at the End of the Reporting Period Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2025		
Mutual Funds	$ 17,059,044	$ 17,059,044
December 31, 2024		
Mutual Funds	$ 13,138,172	$ 13,138,172

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1, 2 and 3.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with Reliance Trust Company. MetLife administers the contract. MetLife maintains the contributions in the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. This investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The contract is included in the financial statements at contract value as reported to the Plan by Reliance Trust Company and MetLife. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract.

Certain events limit the Plan's ability to transact at contract value with Reliance Trust Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Average yields:	
Based on actual earnings	6.96%
Based on interest rate credited to participants	2.44%

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Internal Revenue Service ruled on March 31, 2008 that the Prototype Standardized Profit Sharing Plan with CODA (the prototype plan of PayChex, Inc. upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

The Plan administrator had analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The reconciliation of the financial statements to the Form 5500 for the year ended December 31, 2025 is as follows:

	Financial Statements	Form 5500	Difference	
Receivables - participant contributions	$ 20,387	$ -	$ 20,387	(1)
Accrued expenses	$ 8,500	$ -	$ 8,500	(1)
Participant contributions	$ 2,654,627	$ 2,740,349	$ (85,722)	(1)

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The reconciliation of the financial statements to the Form 5500 for the year ended December 31, 2024 is as follows:

	Financial Statements	Form 5500	Difference	
Receivables - participant contributions	$ 106,109	$ -	$ 106,109	(1)
Accrued expenses	$ 8,500	$ -	$ 8,500	(1)
Participant contributions	$ 2,385,410	$ 2,354,965	$ 30,445	(1)

(1) The differences are the result of the Form 5500 being prepared on the cash basis of accounting and the financial statements being prepared on the accrual basis of accounting for the years ended December 31, 2025 and 2024.
