INDEPENDENT AUDITORS' REPORT

Health & Welfare Benefits Committee
Tucson Electric Power Company Retiree Welfare Plan
Tucson, Arizona

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Tucson Electric Power Company Retiree Welfare Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (modified cash basis) of Tucson Electric Power Company Retiree Welfare Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tucson Electric Power Company Retiree Welfare Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tucson Electric Power Company Retiree Welfare Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tucson Electric Power Company Retiree Welfare Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) (modified cash basis), schedule of reportable transactions (modified cash basis), and schedule of delinquent participant contributions (modified cash basis) as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Tucson Electric Power Company Retiree Welfare Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan provides health benefits covering eligible retirees and their beneficiaries and covered dependents of Tucson Electric Power Company (the Employer or the Company). Prior to August 1, 2009, the Plan covered only eligible retirees who retired on or after June 1, 2007. The Plan was restated on August 1, 2009 to reflect the merger of the Tucson Electric Power Company Benefits By Design Grandfathered Retiree Medical Plan (the Grandfathered Plan), which previously covered only retirees who retired before June 1, 2007, into the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was restated to rename the Plan from Tucson Electric Power Retiree Medical Plan to Tucson Electric Power Retiree Welfare Plan, clarify terms and conditions, and make changes to ensure the Plan complies with applicable recent law changes at January 1, 2021.

Plan assets are held in a voluntary employees' beneficiary association (VEBA) and a taxable trust.

The Employer fully intends to maintain the Plan indefinitely. However, it reserves the right to terminate, suspend, discontinue, or amend the Plan at any time and for any reason. Changes in the Plan may occur in any or all parts of the Plan including benefit coverage, deductibles, maximums, exclusions, limitations, definitions, and eligibility.

Contributions

Employer contributions to the Plan are based on actual claims filed, costs associated with the Plan, and all anticipated expenses and liabilities. The Company plans to continue funding Plan assets at a steady rate for the foreseeable future to fund the excess postretirement benefit obligation. Eligible retirees are required to contribute to the cost of coverage under the Plan for himself or herself and his or her eligible dependents, as applicable, on a monthly basis in accordance with rules established by the Plan administrator. The amount of the retiree contributions for different coverages is determined by the Plan administrator, in its sole discretion, and is communicated to the retirees. The retirees funded approximately 7% and 8% of postretirement costs incurred by the Plan at December 31, 2025 and 2024, respectively.

Benefits

The Plan provides dental, prescription, life insurance, AARP, and health benefits (medical, hospital, surgical, and major medical) to eligible retirees, and to their beneficiaries and covered dependents. The Plan also provides vision benefits for those eligible retirees that retired after February 1, 2009.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Insured Benefits

The Plan fully insures the dental and vision benefits through annual insurance contracts. Premiums paid to the insurance company are paid from the general assets of the Company, VEBA, or the taxable trust.

Self-Insured Benefits

All other Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by either the VEBA, the taxable trust, or the general assets of the Company. Despite the Plan's utilization of third-party claim's processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes a pharmacy benefit manager that periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting. Under the modified cash basis of accounting, securities transactions are recorded on the trade date at fair value, investment income and contributions are recorded when received, and claims and expenses are recorded when paid.

Use of Estimates

The preparation of modified cash basis financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, benefit obligations, and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Health and Welfare Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the modified cash basis. Dividends are recorded when received. Net appreciation includes the Plan's gain and losses on investments bought and sold as well held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

The Plan pays administrative expenses for investment advisory services based on the value of the trust account balance and administrative fees paid to third-party claims administrators. These expenses are reported on the statements of changes in net assets available for benefits (modified cash basis) as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Payment of Benefits

Premiums and claim payments are recorded when paid by the Company in the accompanying statements of changes in net assets available for benefits (modified cash basis). Pharmacy rebates are recorded when received and have been netted against claims paid.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Exchange Traded Funds – Valued at net asset value (NAV) of shares held by the Plan at year-end calculated daily on the active market.

Money Market Funds – Valued at par. Fund seeks to preserve the value of the investment at $1.00 per share.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Exchange Traded Funds	$ 33,157,568	$ -	$ -	$ 33,157,568
Money Market Funds	241,704	-	-	241,704
Total Investments at Fair Value	$ 33,399,272	$ -	$ -	$ 33,399,272

	2024			
	Level 1	Level 2	Level 3	Total
Exchange Traded Funds	$ 28,511,471	$ -	$ -	$ 28,511,471
Money Market Funds	204,187	-	-	204,187
Total Investments at Fair Value	$ 28,715,658	$ -	$ -	$ 28,715,658

NOTE 4 POSTRETIREMENT BENEFIT OBLIGATIONS

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to, or for, (1) current retirees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Employer.

NOTE 4 POSTRETIREMENT BENEFIT OBLIGATIONS (CONTINUED)

The postretirement benefit obligation represents the amount that is to be funded by contributions from the Employer and from existing assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's actuary, and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment and to reflect the portion of these costs expected to be borne by Medicare, the retired participants and other providers.

The liability for claims payable and claims incurred but not reported (IBNR) was estimated by Plan Management using Plan provisions, the number of eligible participants, and the actual lag patterns of the Plan. These amounts are paid by the Plan only if claims are submitted and approved for payment.

As of December 31, 2025 and 2024, the actuarial present value of the expected postretirement benefit obligation is based on participant data as of January 1, 2025 and 2024, respectively. The Plan's actuary projected forward the benefit obligation to the end of the year, adjusting for benefit payments, expected growth in benefit obligations, changes in key assumptions and Plan provisions, and any significant changes in Plan demographics that occurred during the year.

The accumulated postretirement benefit obligations at December 31, 2025 and 2024, for medical benefits, associated with the categories of participants (including their beneficiaries and dependents) are as follows:

	2025	2024
Current Retirees	$ 21,238,621	$ 21,350,810
Other Plan Participants	2,964,791	2,737,352
Plan Participants Not Fully Eligible	32,042,660	26,781,184
Subtotal	56,246,072	50,869,346
Incurred but Not Reported	433,000	563,279
Total	$ 56,679,072	$ 51,432,625

NOTE 4 POSTRETIREMENT BENEFIT OBLIGATIONS (CONTINUED)

The following table represents the activity affecting the postretirement benefit obligations for the years ended December 31:

	2025	2024
Balance - Beginning of Year	$ 51,432,625	$ 59,866,148
Increase (Decrease) During the Year Attributable to:		
Benefits Accumulated Including Experience Gains and Losses	2,155,575	2,862,899
Passage of Time	2,829,475	2,996,192
Plan Participants Contributions	320,361	462,005
Benefits Paid	(4,112,854)	(5,780,667)
Change in Actuarial Assumptions	4,053,890	(8,973,952)
Balance - End of Year	$ 56,679,072	$ 51,432,625

The Plan was amended January 1, 2019 to reduce the limit on Company costs for classified employees who retire on or after January 1, 2019, and to eliminate post-Medicare coverage for classified employees who retire on or after January 1, 2022.

At December 31, the weighted average assumed medical-care trend rates were:

	2025	2024
Medical-Care Cost Trend Rate Assumed for the Next Year	7.50 %	6.75 %
Rate to Which the Cost Trend Rate is Assumed to Decline (the Ultimate Trend Rate)	4.50 %	4.50 %
Year that the Rate Reaches the Ultimate Trend Rate	2034	2034

Assumed medical-care cost trend rates have a significant effect on the amounts reported for the postretirement medical benefits. A one-percentage-point increase in the medical care cost trend rates assumed for postretirement medical benefits would have the following effects:

	2025	2024
Increase on Postretirement Benefit Obligation	$ 4,503,070	$ 4,427,865

A one-percentage point decrease in the medical care cost trend rates assumed for postretirement medical benefits would have the following effects:

	2025	2024
Decrease on Postretirement Benefit Obligation	$ (3,941,080)	$ (3,859,242)

NOTE 4 POSTRETIREMENT BENEFIT OBLIGATIONS (CONTINUED)

The weighted-average discount rate used in determining the accumulated postretirement benefit obligations as of December 31, 2025 and 2024 was 5.42% and 5.71%, respectively. For the years ended December 31, 2025 and 2024, mortality was based on headcount-weighted Pri-2012 Healthy Annuitant with base year 2012 projected generationally using Projection Scale MP-2021 with 15-year convergence for the birth cohort and 10-year convergence for the age cohort, respectively, to a 0.75% ultimate rate. Separate tables were used for employees and retirees, and the blue-collar adjusted tables were used for classified participants. Retirement age assumptions were based on various probabilities of retirement from age 55 to age 70.

Changes in the actuarial assumptions for the year ended December 31, 2025 included the per-capita claims cost and participant contributions changes based on more recent Plan experience, including reflecting separate healthy and disabled claims. Trend rates were updated to reflect the Company's best estimate of future expectations. The discount rate was updated for the year ended December 31, 2025 funded status to reflect current market conditions.

Changes in the actuarial assumptions for the year ended December 31, 2024 included the per-capita claims cost and participant contributions changes based on more recent Plan experience, including reflecting separate healthy and disabled claims. Trend rates were updated to reflect the Company's best estimate of future expectations. The discount rate was updated for the year ended December 31, 2024 funded status to reflect current market conditions. Life insurance administrative expenses load was added to the retiree life benefit liabilities to better reflect administrative practices. Termination rate, retirement rates, participation and marriage assumptions were updated to reflect the results of the 2024 experience study.

On December 31, 2003, the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (the Act) was enacted. This Act introduces a prescription drug benefit under Medicare Part D as well as a federal subsidy to sponsors of retiree healthcare benefit plans providing a benefit that is at least actuarially equivalent to Medicare Part D. Under the Act, the Medicare subsidy amount is received directly by the Employer and not the related plan. Further, the Employer is not required to use the subsidy amount to fund postretirement benefits and may use the subsidy for the changes in the benefit obligations. For the years ended December 31, 2025 and 2024, the changes in benefit obligations do not reflect any amount associated with the Medicare subsidy as the Plan is not directly entitled to the Medicare subsidy.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

NOTE 5 TAX STATUS

The Employer established two trusts under the Plan. The VEBA (Voluntary Employee's Benefit Association) Trust (Trust 1) received an exemption letter from the Internal Revenue Service dated May 8, 2011, informing the Company that the trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code (IRC). The other trust (Trust 2) has not applied for an exemption letter and is, therefore, a taxable trust. Any earnings to Trust 2 are subject to federal and state income taxes.

The Employer evaluated the VEBA trust assets that exceed the amount reasonably necessary to cover unpaid accrued claims, resulting in the excess accumulations being subject to unrelated business income tax (UBIT) under the IRC. No provision for income taxes has been recorded in the accompanying financial statements because the Plan is exempt from UBIT under the IRC due to its collective bargaining agreement.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

The Company has the right to amend, in whole or in part, any or all of the provisions of the Plan at any time. No modification or amendment shall divest an employee of a right to which he or she is entitled under the Plan. Additionally, the Company also retains the right to terminate the Plan at any time, although it has no intention to do so. Upon such termination of the Plan, the assets will be used to pay claims and expenses until exhausted. No assets will revert to the Company.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were managed by Principal and Truist as of and for the years ended December 31, 2025 and 2024, respectively. Principal and Truist serve as trustees of the Plan. Accordingly, transactions with Principal and Truist qualify as party-in-interest transactions for the years ended, December 31, 2025 and 2024, respectively.

NOTE 8 RISKS AND UNCERTAINTIES

As stated in Note 4, the actuarial present value of benefit obligations reported based on certain assumptions pertaining to interest rates, health care inflation rates, and retirees' demographics, all which are subject to change. Due to uncertainties in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the determination of the benefit obligation.

NOTE 8 RISKS AND UNCERTAINTIES (CONTINUED)

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE 9 PROHIBITED TRANSACTIONS

During the year ended December 31, 2025, the Company failed to remit certain employee premium contributions to the Plan within the timeframes prescribed by Department of Labor regulations. As a result, the delayed remittances constituted prohibited transactions under ERISA and the Internal Revenue Code. Upon discovery, the Company corrected the matter by remitting the missed contributions to the Plan, together with applicable lost earnings, subsequent to year-end.
