## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the S. R. Snodgrass, P.C. Employee 401(k) Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED DECEMBER 31, 2025 AND 2024

## 1. Description of Plan

S. R. Snodgrass, P.C. (Company) established the S. R. Snodgrass, P.C. Employee 401(k) Retirement Savings Plan (Plan) as of February 25, 1991. The Plan was established for the purpose of providing retirement, death, and disability benefits to the employees of the Company. The accompanying financial statements include only the activity and financial position of the Plan and are not intended to reflect the Company as a whole.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, excluding employees who are classified as seasonal employees, who are credited with 1,000 hours of service in an eligibility computation period. An employee becomes eligible to participate in the Plan on the first day of the month following their employment date and attainment of age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective April 16, 2025, the Plan was amended and restated to change the custodian and recordkeeper from Reliance Trust Company and Stancorp Financial Services (The Standard), respectively, to John Hancock Trust Company, LLC (John Hancock).

Contributions

The Plan allows participants to make voluntary contributions to the Plan, by entering into a salary reduction agreement with the Company. Participants can contribute up to 75 percent of eligible compensation as defined by the Plan, or as otherwise limited by the Internal Revenue Code. The Plan also allows employees the opportunity for separate elections to defer up to 100 percent of any bonus.

The employer match is calculated as 100 percent of the first three percent of the participants' elected deferral contributions and 50 percent of the next two percent of the participants' elected deferral contributions.

Participant Accounts

In accordance with the terms of the Plan, the account of each participant is maintained at fair market value. Each participant's account consists of the contribution made on their behalf by the Company, their employee elective deferral contributions, their employee rollover contributions, their share of administrative expenses, and the participant's share of investment income or loss. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants in the Plan are 100 percent vested at all times in their participant contributions, rollover accounts, and employer contributions, as well as related earnings. They are entitled to the vested portion of their entire account balance if their participation ceases for any reason whatsoever.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance and may only have one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rate on the existing loans ranged between 4.25% and 9.50% during both 2025 and 2024. Principal and interest are paid ratably through monthly payroll deductions. Outstanding notes receivable from participants were $151,456 and $162,396 as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are paid upon written request and are recorded when paid to the participant, a beneficiary, or a designated rollover account.

Upon termination of service, participants whose vested account balance does not exceed $1,000 will receive either a lump-sum or rollover distribution in the amount equal to the value of their account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the choices provided under the Plan as listed on the supplemental schedule. These are determined by the Board of Trustees and participants may change their investment options daily. However, as of June 2011, the Plan no longer permits new investments in self-directed brokerage accounts. All existing investments in these accounts have been grandfathered into the Plan.

Mergers and Acquisitions

On January 1, 2023, the Company acquired Zeno, Pockl, Lilly, & Copeland, A.C. (ZPLC). The Company's Board of Trustees approved the merger of the Zeno Pockl Lilly and Copeland, A.C. 401(k) Profit Sharing Plan and Trust with and into the Plan and transfer of all associated Plan assets. As a result, any ZPLC employees deemed eligible were enrolled in the Plan after the acquisition.

## 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between

market participants at the measurement date. The composition of self-directed brokerage accounts is discussed in Note 3.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid. There were no benefits allocated to the accounts of persons who had withdrawn from the Plan but were not paid as of December 31, 2025 and 2024.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Asset based fees for inactive participants are deducted directly from the inactive participants' individual accounts. Investment-related expenses are included in net appreciation of fair value of investments. Fees related to the administration of distributions and loans are charged directly to the participant's account

and are included as administrative fees on the statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

## 3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Fair values for Level 1 investments are determined by reference to unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access. Fair values for Level 2 investments are determined by reference to quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 investments have significant unobservable inputs, as they trade infrequently or not at all.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common Collective Trust Funds

Valued at the net asset value (NAV) of units of a bank collective trust at John Hancock Trust Company, LLC, the Plan trustee. The NAV, as provided by the Plan trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Money Market and Mutual Funds

Valued at the closing price reported on the active market on which the individual securities are traded.

Self-directed Brokerage Accounts

Accounts primarily consist of common stocks and money market accounts that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025 and 2024:

| | Fair Value Measurements as of December 31, 2025 | | | |
|---|---|---|---|---|
| Description | Quoted Prices in Active Markets for Identical Assets (Level 1) | Other Significant Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) | Total |

* In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. Since the individual funds comprising the Plan's investment in common collective trusts file a Form 5500 as a direct filing entity (DFE), disclosures of significant investment strategies are not required.

Fair Value Estimated Using Net Asset Value Per Share as of December 31, 2025

## 4. Interest in Fully Benefit-Responsive Investment Contract

The Plan has a group annuity contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock). Under the terms of the contract, Plan assets are held in the guaranteed investment account, which is backed by the John Hancock general account. The guaranteed investment account is credited with earnings and charged for Plan withdrawals and administrative expenses charged by John Hancock. John Hancock is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract, which is fully benefit-responsive, is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are

no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $645,959 and $0, respectively. The crediting interest rates was 3.00% from April 2025 to December 2025. The interest rate credited to the Plan is reset semiannually in October and April of each year. Changes in future interest crediting rates will not affect the amount reported on the statements of net assets available for benefits.

John Hancock is responsible for maintaining the balances due to each of the eligible participants in the Plan. The net assets available for benefits include assets available to current eligible employees as well as terminated employees who have not yet been paid their benefit by the Plan. John Hancock also is responsible for the proper payouts of benefits to eligible terminated employees per the terms of the Plan documents.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value with participants is probable.

## 5. Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan, reduce or cease contributions, or to amend the Plan at any time and in any respect. In the event of Plan termination, participants would remain 100 percent vested in their account balance.

## 6. Income Tax Status

The Internal Revenue Service has determined and informed the plan administrator that the Plan and related trust are designed in accordance with applicable sections of the Internal

Revenue Code (IRC) by letter dated June 30, 2020. The letter states that the prototype and related trust are designed in accordance with applicable sections of the IRC. Although the prototype plan has been amended since receiving the opinion letter, the prototype sponsor and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. In addition, the Plan annually files a Form 5500.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan.

## 7. Information Certified by the Plan's Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net (depreciation) appreciation in fair value of investments and dividends and interest for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the custodian of the Plan for January 1, 2025 to April 16, 2025, and John Hancock, the custodian of the Plan for April 16, 2025 through December 31, 2025. For the year ended December 31, 2024, Reliance Trust Company certified the information.

## 8. Related-Party and Party-In-Interest Transactions

Prior to April 16, 2025, recordkeeping and administrative services for the Plan were performed by The Standard and custodial services were performed by Reliance Trust Company. After April 16, 2025, recordkeeping and custodial services were performed by John Hancock. As transaction fees and other fees were paid to these entities, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan

to The Standard for the years ended December 31, 2025 and 2024 were $10,460 and $17,398, respectively. Administrative fees paid by the Plan to John Hancock for the years ended December 31, 2025 and 2024 were $1,431 and $0, respectively.

The Standard and John Hancock receive revenue from service providers for services provided to the funds. The revenue generated by the Plan is used for revenue sharing as described below or to offset certain amounts owed to The Standard and John Hancock for its administrative services to the Plan. If the revenue received exceeds the amount owed under the Plan, the excess is remitted to the Plan on a quarterly basis. The Plan or Plan Sponsor may make a payment for administrative services not covered by revenue sharing.

## 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
