INDEPENDENT AUDITORS' REPORT

The Participants and Administrator
NRG Affiliates Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of NRG Affiliates Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit.] The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the NRG Affiliates Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of certain entities affiliated with NRG Affiliates Services, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Eligibility to participate in the Plan varies based upon the collective bargaining agreement covering certain employees. Employee participation is voluntary.

Plan Administration

Fidelity Management Trust Company is the trustee of the Plan. NRG Affiliates Services, Inc. is the Plan administrator.

Contributions

Participants are divided into various groups depending upon their employment status. Depending on this status, the participants may contribute between 1% and 100% of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. Specific contribution rates of 15%, 16%, 20%, 22%, 30%, 50%, 84% or 100%, may apply in accordance with the collective bargaining agreements. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to make Roth contributions. In addition, participants may also elect to contribute up to 10% of their eligible compensation on an after-tax basis, as long as their total contribution does not exceed 50% of compensation. Specific contribution rates of 10%, 16%, 30% or 100%, may apply in accordance with the collective bargaining agreements.

Employees hired on or after July 5, 2013, who are eligible to contribute to the Plan but have not yet made an affirmative election, as defined by the Plan, to contribute (or not contribute) will be automatically enrolled in the Plan at a 6% deferral percentage.

For participants first employed on or after July 5, 2013, who are enrolled by automatic election, the participant's contribution rate will be automatically increased annually by 1% of compensation up to a maximum rate of 10% of compensation. An automatic annual increase will be effective on the first pay date following each anniversary of the date the participant first made automatic contributions to the Plan.

Auto-enrollment and respective escalation clauses may vary based upon the participant's collective bargaining agreement. These variances range from not offering auto-enrollment to not implementing an escalation clause to a maximum of auto-enroll escalation which would include a maximum percentage increase up to 10%. Effective July 1, 2014, automatic annual increases will be effective on each July 1 provided that a participant's contribution rate will not

automatically increase if the participant was first automatically enrolled in the Plan during the six months prior to the date such automatic increase would take place.

Any eligible employee who was enrolled in the automatic contribution arrangement was provided with a 90-day period (commencing from the first payroll period subject to the automatic contribution) to elect out of the arrangement and withdraw the automatic contributions made on their behalf, adjusted for investment gains and losses. Any Company matching contributions attributable to the returned automatic contributions was forfeited.

Eligible Plan participants who contribute receive Company matching contributions. The level of Company contributions varies by the collective bargaining status of the participant and/or their employment status. The Company may (but is not required to) make discretionary contributions from year to year during the continuance of the Plan in such amounts and for such groups or groups of eligible participants as the Company determines. The Company will also make fixed profit-sharing contributions to eligible participants for each Plan year, which is a specified percentage of the eligible participants recognized compensation, as defined.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of a) the Company's contributions, b) Plan earnings (losses), and c) administrative fees and withdrawals, as applicable. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balances. Participants may direct their contributions and existing account balances to one or any combination of the options available.

Vesting
Participants are immediately vested in the value of their own contributions as well as the Company match. For Company fixed/discretionary contributions, the vesting schedule is immediate based on Plan provisions. Forfeitures will be utilized to decrease Company contributions or to offset administrative expenses. As of December 31, 2025, and 2024, forfeited accounts totaled approximately $224,970 and $277,600, respectively. For the year ended December 31, 2025, forfeitures totaling approximately $202,300 and $41,700 were used to offset employer contributions and expenses, respectively.

Notes Receivable from Participants
Participants can borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined under the Plan. Principal and interest are paid ratably through payroll deductions.

Plan Termination
Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would remain 100% vested in their accounts.

Payment of Benefits
Benefits are payable to the participant or beneficiary at the time of retirement, disability, termination or death. The Plan also allows for in-service withdrawals due to hardship or upon reaching age 59½. Benefit payments are through lump-sum payments equal to the value of the participant's vested interest in his or her account.

Administrative Expenses
Certain of the Plan's administrative expenses are paid by the Company. Expenses not paid by the Company are paid by the Plan. Also, participants in the Plan are charged $15 each quarter for administrative fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options, including mutual funds, and common collective trust (CCT) funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds and self-directed account: Valued based upon quoted market prices of the net asset value (NAV) of shares held by the Plan at year-end.

CCT funds and the unitized equity fund: Valued at the NAV of units held by the Plan at year-end. The NAV in the CCT funds and unitized equity fund is determined by the custodian of the respective fund based on the fair market value of the underlying assets. All CCTs can be redeemed on a daily basis. There are no redemption restrictions or unfunded commitments associated with the CCT funds.

Purchase and sale of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis.

Expenses
Management fees, all reasonable expenses incurred such as accounting, professional, custodian, and transfer agent fees are charged to the Plan on a proportionate basis. The Plan also entered into a revenue sharing agreement with Fidelity Management Trust Company. As of December 31, 2025 and 2024, there was approximately $176,200 and $275,200 in the revenue sharing account, of which approximately $102,000 was used in 2025 to offset expenses.

Payment of Benefits
Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities inputs (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on

the lowest of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025		
	Level 1	**Total**
Mutual funds	$ 1,109,709,697	$ 1,109,709,697
Self-directed account	900	900
Investments valued at NAV[(1)]		1,487,925,035
Total investments, at fair value		$ 2,597,635,632

December 31, 2024		
	Level 1	**Total**
Mutual funds	$ 1,020,640,091	$ 1,020,640,091
Self-directed account	2,574,334	2,574,334
Investments valued at NAV[(1)]		1,273,429,493
Total investments, at fair value		$ 2,296,643,918

[(1)] In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no Level 2 or 3 investments as of December 31, 2025 or 2024.

4. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan.

5. INCOME TAX STATUS

The Plan obtained its latest determination letter dated March 17, 2016, in which the Internal Revenue Service (IRS) stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the

Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invested in shares of mutual funds and CCT funds that are managed by an affiliate of the trustee. The Plan also provided for notes receivable from participants.

Transactions in such investments, administrative expenses and notes receivable from participants qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 3, 2026, which is the date the financial statements were available to be issued and have determined there are no subsequent events that require disclosure under FASB ASC Topic 855, *Subsequent Events*.
