REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
PurposeBuilt Brands 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of PurposeBuilt Brands 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit dose not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - PLAN DESCRIPTION

The following is a brief description of the PurposeBuilt Brands 401(k) Plan, previously the Weiman Products, LLC 401(k) Profit Sharing Plan, provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a profit-sharing plan with the opportunity to save for retirement on a tax-advantage basis covering substantially all employees of PurposeBuilt Brands (Plan Sponsor or Company). The Plan is a qualified plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

PurposeBuilt Brands acquired PF Harris effective August 1, 2024, as part of a stock acquisition. The former PF Harris employees became eligible to participate in the Plan effective January 1, 2025. Effective May 1, 2025, the PF Harris Manufacturing 401(k) Plan merged into the Plan. As a result of the merger, $2,033,023 was transferred to the Plan in May 2025.

Participation and Contributions

An employee is eligible to participate on the first day of the month following one month of employment and attainment of age 18. Participants may elect to defer up to 100% of their pre-tax or post-tax annual compensation through wage deferral, not to exceed the maximum amount allowed under the Internal Revenue Code (IRC). The Plan currently offers a variety of investment options for participants, which are all fully participant directed. Participants may change their investment options daily.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the elective deferrals each Plan year. Each year, the Company will determine the formula for the discretionary matching contribution. Participants are eligible to receive discretionary matching applied every pay period. Participants always share in the discretionary matching contribution regardless of the hours of service in the current year, and even if terminated during the year.

For the year ended December 31, 2025, the discretionary matching contribution is equal to 50% up to 6% of the participant's contributions for the year. Matching contributions are remitted to the Plan on a pay period basis with a true up at the end of the year. The discretionary matching contribution totaled $1,155,564 for the year ended 2025.

The Company may also elect to make a discretionary profit-sharing contribution to the Plan. The profit-sharing contribution is allocated among eligible participants based on the participant's share of the total compensation of all eligible participants in the Plan. For the year ended December 31, 2025 profit-sharing contributions were $0.

Participant Accounts

Each participant's account is credited with the participant's contributions, if any, and an allocation of the Company's contributions and Plan earnings (losses) and trust fees. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Benefits

Participants are immediately vested in their rollover and elective deferrals, including catch-up contributions. Effective February 1, 2022, vesting in the Company's discretionary contribution and earnings thereon vest under a graded vesting schedule, becoming 33% vested after one continuous year of service, 66% vested

after two continuous years of service until 100% vested after three years of continuous service. For the period of January 2022, vesting in the Company's discretionary contributions and earnings thereon vest under a graded vesting schedule, becoming 20% vested after two continuous years of service until 100% vested after six years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and may have two outstanding loans at a time. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined semiannually by the recordkeeper. Interest rates range from 4.25% to 9.50% at December 31, 2025. Principal and interest are paid ratably through payroll deductions.

Benefits

Upon retirement or disability, participants shall be entitled to receive, as benefits, the entire amount credited to their accounts as of that date. Upon death, a participant's designated beneficiary shall receive the balance in the account. Participants may also be eligible for hardship or in-service distributions in accordance with the Plan agreement.

Participants whose employment terminates for reasons other than retirement, disability or death shall be entitled to receive the vested portion of their account balances in a lump sum in accordance with Plan provisions.

Forfeiture Allocation

At December 31, 2025 and 2024, forfeited non-vested Company matching accounts were $65,500 and $76,200, respectively. Forfeitures may be used to reduce future employer contributions or may be used to pay Plan expenses. For the year ended December 31, 2025, Company contributions were reduced by $9,111 from forfeited non-vested Company matching accounts.

Administration

Fidelity Investments is the directed trustee of the Plan. Fidelity Investments holds the Plan's assets and functions as the Plan's custodian.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to certain collective bargaining agreements and the provisions of ERISA. In event of termination of the Plan, the account balances of all affected participants shall become fully vested and non-forfeitable.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

The Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by the custodian and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays certain administrative costs and are expensed when incurred. Other expenses are paid by the Plan Sponsor.

NOTE C - FAIR VALUE MEASUREMENTS

There is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued based on quoted prices of the fund in active markets.

Self-Directed Brokerage Account - The self-directed brokerage account is an investment service provided by Fidelity that provides participants with an expanded number of investment options. Participants in the self-directed brokerage account can direct their assets into stock listed on the major United States exchanges, bonds and other fund income investments, exchange traded funds, and mutual funds from various fund companies. Any investments that trade on an active market (i.e., stock, government security, corporate debt instruments, etc.) are leveled within the fair value hierarchy as Level 1 instruments.

Stable Value Fund - Valued at net asset value (NAV) based on information reported by the investment advisor using the audited financial statements of the trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Money Market Funds - Valued at NAV of $1.00 per share held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 42,649,685	$	$	$ 42,649,685
Self-directed brokerage account	321,711			321,711
Total assets in the fair value hierarchy	$ 42,971,396	$	$	42,971,396
Investment measured at NAV:				
Stable value fund[(a)]				554,713
Money market[(b)]				88,686
Investments, at fair value				$ 43,614,795

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 30,221,086	$ -	$ -	$ 30,221,086
Self-directed brokerage account	287,637	-	-	287,637
Total assets in the fair value hierarchy	$ 30,508,723	$ -	$ -	30,508,723
Investment measured at NAV:				
Stable value fund[(a)]				484,427
Money market[(b)]				162,939
Investments, at fair value				$ 31,156,089

[(a)] Redemption of the stable value fund is generally permitted daily and there are no unfunded commitments.

[(b)] Money market is measured at fair value using NAV as the practical expedient and has not been classified in the fair value hierarchy.

The table below presents additional information for investments whose fair value is estimated using NAV per share as of December 31:

	2025	2024	Unfunded Commitment	Redemption Frequency	Redemption Restrictions	Redemption Notice Period
Stable value fund	$ 554,713	$ 484,427	$ -	Daily	1 transfer every 30 minutes	30 days or 2 years
Fidelity Govt MMKT K6	88,686	162,939	-	Daily	1 transfer every 30 minutes	30 days or 2 years

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the participants' accounts shall become 100% vested and all unallocated amounts shall be allocated to the accounts of all participants.

NOTE E - INCOME TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the written form of the underlying non-standardized prototype plan document is qualified under Section 401(a) of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has since been amended, but the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments is the recordkeeper of the Plan. Fidelity Investments is the directed trustee of the Plan. Fidelity Investments holds the Plan's assets and functions as the Plan's custodian. Certain Plan investments are managed by the custodian and, therefore, qualify as party-in-interest transactions.

Notes receivable from participants are also considered party-in-interest transactions.

NOTE G - INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued and has determined that there were no subsequent events that have occurred through the date of the report that would require recognition or disclosure in the financial statements.
