INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Novak Francella LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Novak Francella LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Novak Francella LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Novak Francella LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Novak Francella LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Novak Francella LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the Novak Francella LLC 401(k) Profit Sharing Plan as of December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC, which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 30, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Novak Francella LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. The Plan was originally effective January 1, 2003, and most recently amended and restated effective April 1, 2025 (see Note 10). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, sponsored by Novak Francella LLC (the "Company"), is a pre-approved defined contribution plan covering substantially all employees of the Company. Collectively bargained employees, employees who are nonresident aliens and leased employees are not eligible to participate in the Plan. Prior to April 1, 2025, participants may enter the Plan on the first day of the following quarter upon completion of the eligibility requirements. Effective April 1, 2025, the Plan adopted immediate entry (see Note 10). There are no age or service requirements for all contribution types. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may make voluntary contributions to the Plan (up to $23,500 in 2025) by electing to reduce compensation through salary deferrals. Effective April 1, 2025, the Plan adopted an automatic enrollment provision of 4% of eligible compensation for all eligible employees (see Note 10). Participants may also designate contributions as Roth contributions. Participants who have attained age 50 before the end of the plan year and made the maximum amount of elective deferrals for the year are eligible to make "age 50 catch-up contributions" of $7,500 in 2025. Additionally, participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional "super catch-up" contributions as permitted under the Setting Every Community Up for Retirement Enhancement Act of 2022. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan provides for a discretionary matching contribution by the Company. For the year ended December 31, 2025, there were no discretionary matching contributions. The Plan also allows for discretionary profit sharing contributions allocated under a grouping method in accordance with the Plan document. For the year ended December 31, 2025, the Company contributed $313,797 of discretionary profit sharing contributions.

Investment Options

Upon enrollment in the Plan, and throughout the Plan year, a participant may direct employer and employee contributions in selected mutual funds (registered investment companies) and/or a fully benefit-responsive investment contract. Participants may also select additional mutual funds through a funds window (self-directed account).

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Employer discretionary matching contributions and profit sharing contributions vest according to the following schedule:

Years of Vesting Service	Percentage
0-1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Employees also become 100% vested upon death, disability, or attainment of normal retirement age (59-1/2).

Forfeited Accounts
As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $14,059 and $10,999, respectively. Forfeitures may be used to pay expenses or reduce employer contributions. During 2025, the Plan used $12,162 of previously forfeited accounts to offset profit sharing contributions.

Payment of Benefits
Upon termination of service due to death, disability, normal retirement (age 59-1/2), or otherwise a participant may receive a lump-sum amount equal to the value of the participant's vested interest. Partial withdrawals are also available. If a participant's vested account balance is less than $7,000 upon termination, the Plan administrator may authorize the benefit payment without the participant's consent. In circumstances when a terminated participant has a vested account balance less than $1,000, the participant's vested account balance shall be distributed in a lump sum. In circumstances when a terminated participant has a vested account balance greater than $1,000 but less than $7,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. In addition, minimum payments must begin subject to Internal Revenue Service ("IRS") guidelines. Under terms of the Plan, participants are eligible for in-service benefit payments upon reaching age 59-1/2. Hardship distributions are also permitted from participant accounts, based on the terms of the Plan document.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at one percentage point over the prime interest rate, as defined. Loan terms may not exceed five years unless the purpose of the loan is for the purchase of a primary residence. Participants may only have two loans outstanding at any time.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for the fully benefit-responsive investment contract. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions
Contributions from Plan participants and the discretionary matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation. Discretionary profit sharing contributions are recorded in the year in which the related participant compensation is earned.

Payments of Benefits
Benefit payments are recorded when paid.

Administrative Expenses
All reasonable administrative expenses and custodian fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including investment management and administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, the custodian of the Plan:

- Investments, at fair value, and fully benefit-responsive investment contract, at contract value, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment activity, including net appreciation in fair value of investments and interest and dividend income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- The information for all mutual funds and the guaranteed investment contract listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Mutual funds:	$ 26,547,347	$ 26,547,347	$ -	$ -
Total investments at fair value	$ 26,547,347	$ 26,547,347	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

	Total	Level 1	Level 2	Level 3
Mutual funds:	$ 23,623,327	$ 23,623,327	$ -	$ -
Total investments at fair value	$ 23,623,327	$ 23,623,327	$ -	$ -

5. Fully Benefit-Responsive Investment Contract

Nationwide Fixed Select Contract

The Plan holds a traditional investment contract. More specifically, the Nationwide Fixed Select contract is a stable value investment with a guaranteed rate of return and guaranteed principal that is backed by Nationwide Life Insurance Company, an affiliate of Nationwide Trust Company, FSB. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses. As of December 31, 2025 and 2024, the contract value amount of the fully benefit-responsive investment contract was $39,480 and $44,091, respectively.

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The contract is provided through a group annuity contract issued by Nationwide. Under the contract, a guaranteed crediting rate is reset quarterly, and all assets invested in the contract are credited with the rate. Nationwide re-sets the guaranteed rates quarterly taking into consideration a number of factors including: the investment year method experience of the contract; projected maturity of the underlying investments; and a target spread level. At the expiration of the rate period, a new crediting rate is declared. Nationwide assumes market, credit and interest rate risks for the assets supporting the Fixed Select contract. There are no reserves against the group fixed annuity contract values for credit risk of the contract issuer or otherwise.

Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events (including but not limited to a provision where transfers are not allowed directly to a competing fund) could have limited the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its contractual financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. In addition, certain events (including but not limited to the complete or partial termination of the Plan; a material change in any Plan investment fund; an amendment to the Plan; a change in the administration or operation of the Plan, including the removal of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party and Party-In-Interest Transactions

Certain plan investments are managed by Nationwide Life Insurance Company and/or affiliates. Nationwide Trust Company, FSB, is the custodian of the Plan. These entities also provide recordkeeping services to the Plan. Therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. The Nationwide Life Insurance Company and Nationwide Trust Company, FSB are parties-in-interest as defined by ERISA as a result of investing plan assets in their funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Certain fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the investment management services and for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, including any employer contributions for which they were not already vested, and all remaining assets in the Plan are to be distributed to the participants in accordance with the accrued benefits of such participants as of the date of termination.

9. Tax Status

Effective April 1, 2025, through the adoption of a Definiti LLC pre-approved defined contribution plan, the Plan was amended and restated. The IRS issued an opinion letter, dated June 30, 2020, stating that this pre-approved plan document was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Prior to the April 1, 2025 amendment and restatement, through the adoption of a Delaware Valley Retirement, Inc. pre-approved defined contribution plan, the IRS issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

10. Plan Amendments

Effective April 1, 2025, the Plan was amended and restated to provide for an automatic enrollment provision of 4% of eligible compensation for all employees, to change Plan eligibility to allow new employees to become eligible for the Plan immediately; and to make other administrative changes to the Plan.

11. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2026, the date the financial statements were available to be issued.
