INDEPENDENT AUDITOR'S REPORT

To the Trustees of
First Coast Security Services, Inc. 401(k) Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of First Coast Security Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of First Coast Security Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note G. to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Coast Security Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Coast Security Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Coast Security Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Coast Security Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of Plan:

The following description of the First Coast Security Services, Inc. 401(k) Plan (the "Plan") f/n/a FCS Employee Investment Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established to provide retirement benefits for employees of First Coast Security Services, Inc.(the "Company" or "Employer"), excluding government contracted employees. Eligible employees become participants in the Plan following three months of service and attainment of age 18, as defined in the Plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make pre-tax and after-tax contributions to the Plan based on annual compensation and IRS limits. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective April 15, 2024 the Plan was amended to discontinue the auto-enrollment provision. The Company may make discretionary matching and profit-sharing contributions for eligible employees. There were no employer matching or profit-sharing contributions made for the years ending December 31, 2025 and 2024.

Participants direct the investment of their contributions into the various investment options offered by the Plan. Total contributions, both participant and employer, including discretionary, are subject to the limits of the Internal Revenue Code (the "IRC") Section 415(c). Participant contributions and employer matching contributions of certain highly compensated participants may also be limited based on contribution nondiscrimination tests described in IRC Section 401(k) and 401(m).

Participant Accounts:

Each participant's account is credited with the participant's contribution, the Employer's contribution, and an allocation of the Plan's earnings and administrative expenses. The Plan's earnings are allocated according to participants' relative account balances.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may have up to two loans outstanding at any one time.

Vesting:

Participants are immediately vested in their pre-tax and rollover contributions plus actual earnings thereon. That portion of the participants' account that is attributable to employer contributions vests ratably over six years of service. Participants' accounts become fully vested upon attainment of the normal retirement age, early retirement age, upon retirement due to disability, upon death and upon termination of the Plan.

(continued)

A. Description of Plan (continued):

Vesting (continued):

Amounts forfeited by terminating participants may be used to reduce Employer contributions or pay Plan expenses. Any remaining forfeitures will be added to any employer discretionary matching contributions. Forfeited non-vested accounts were $-0- for the years ended December 31, 2025 and 2024, respectively. During 2025, $-0- of forfeitures were used for either purpose.

Payment of Benefits:

Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum, in installments or as an annuity. The full value of an employee's account balance is payable at their normal retirement age, even if the employee continues to work, or the employee may defer payment until April 1 of the calendar year following the later of attainment of age 72 or retirement. There are no amounts allocated to withdrawing participants as of December 31, 2025 and 2024. In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

B. Summary of Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition:

Investments in pooled separate accounts are valued, as a practical expedient, at the net asset value of units held by the Plan at year end. The net asset value of these accounts is based on the market value of the underlying investments. The net asset value is not a publicly-quoted price in an active market.

These pooled separate account investments utilize various investment strategies; they do not have any unfunded commitments and can be redeemed on a daily basis. See Note D. for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade–date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

B. Summary of Accounting Policies: (continued)

Notes Receivables from Participants:

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Uses of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Plan Administration Expense:

Recordkeeping, custodial, investment management and audit fees are paid by the Plan, certain other administrative expenses may be paid by the plan sponsor.

Date of Management's Review:

Subsequent events were evaluated through the date of the independent auditor's report which is the date the financial statements were available to be issued.

C. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. In the event of Plan termination, the respective participant interest, net of any termination fees, will become fully vested.

D. Fair Value Measurements:

FASB ASC topic 820 on *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The hierarchy is measured in three levels based on the reliability of the inputs:

D. **Fair Value Measurements (continued):**

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.

Level 2 Valuations based on inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted prices for similar assets in active or non-active markets.

Level 3 Valuations derived through the use of valuation models or methodologies using significant unobservable inputs. Level 3 valuations incorporate certain assumptions and projections that are not observable in the market and as a result significant professional judgment may be used in determining the fair values.

The following are the major categories of assets measured at fair value on a recurring basis during the years ended December 31, 2025 and 2024:

December 31, 2025	Total Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual funds	$ 3,777,158	$ 3,777,158	$ -	$ -
Collective investment trusts	19,555	-	19,555	-
Total	$ 3,796,713	$ 3,777,158	$ 19,555	$ -

December 31, 2024	Total Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutal funds	$ 3,140,527	$ 3,140,527	$ -	$ -
Collective investment trusts	4,867	-	4,867	-
Total	$ 3,145,394	$ 3,140,527	$ 4,867	$

E. **Investment Contract with Insurance Company:**

The Plan has a benefit-responsive guaranteed investment contract with Standard Life Insurance Company (Standard). Standard maintains the contributions in a general account. The account is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issue is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

E. Investment Contract with Insurance Company (continued):

Because the guaranteed investment contract is fully benefit- responsive, contract value is the relevant measurement attributed to that portion of the net assets available for benefits attributed to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Standard represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment contract.

There are no reserves against contract value for credit risk of the contract or otherwise. The contract value of the investment contract was $15,448 and $6,808 at December 31, 2025 and 2024, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Standard. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that would cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

F. Tax Status:

The Plan has adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The Internal Revenue Service has determined and informed the provider, by letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained by the relevant taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

G. Information Certified by the Plan's Custodian:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus the custodian has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

H. Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

I. Related Party Transactions:

The Plan's custodian and recordkeeper is Ascensus, and holds certain investments that are managed by its subsidiary Vanguard, as such these transactions qualify as party-in-interest transactions. The Plan paid Ascensus/Vanguard $128,929 for the year ended December 31, 2025 which is included in administrative expenses on the statement of changes in net assets available for benefits. The Plan paid other advisers and service providers a total of $25,530. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
