Collins, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Dan Gernatt Gravel Products Incorporated Savings and Security Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with

auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Savings and Security Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Dan Gernatt Gravel Products Incorporated Savings and Security Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Dan Gernatt Gravel Products, Inc. (the "Plan Sponsor" or "Plan Administrator"), Gernatt Asphalt Products, Inc., Country Side Sand & Gravel, Inc., and Dan Gernatt Farms. Employees must be at least 20½ years of age and have completed 1 month of service in order to become a participant in the Plan and begin making elective deferrals. Non-resident aliens and residents of Puerto Rico are not eligible to participate in the Plan. The Plan was established effective August 1, 1985, and was most recently amended and restated as a cycle 3 non-standardized pre-approved plan effective February 1, 2022 for compliance with statutory regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to contribute between 5% and 100% of their annual compensation, limited by the amount imposed by law. Contributions may be made on a pre-tax or after-tax basis. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 5% of eligible compensation unless they affirmatively elect otherwise. The Plan does not include an automatic escalation of deferral provision. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers and in-plan roth conversions).

The Plan Sponsor makes a matching contribution equal to 50% of a participant's eligible deferral up to 5% of a participant's eligible compensation. The Plan also allows the Plan Sponsor to make additional contributions to the Plan at the discretion of the Plan Sponsor's Board of Directors. There were no discretionary contributions made for the years ended December 31, 2025 and 2024. Employees must work at least 1,000 hours during the Plan year to be eligible for discretionary employer contributions. Contributions are subject to certain statutory limitations.

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and actual earnings thereon. Plan Sponsor matching contributions and additional discretionary contributions vest utilizing a six-year graded schedule. A year is credited towards participant vesting upon achieving 1,000 service hours within a plan year. A participant vests in Plan Sponsor contributions at the annual rate of 20% after two years of credited service and becomes fully vested after six years of credited service, upon death or disability while still employed, normal retirement age or upon plan termination.

1. Description of the Plan (continued)

Participant Accounts – Individual accounts are participant-directed and are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and each participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive a lump-sum distribution in an amount equal to the vested value of their account, annual installments over a set number of years, or an annuity. The Plan permits in-service distributions from accounts which are 100% vested for participants age 59½ and older and for financial hardships, as defined in the Plan document.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance, or $50,000. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest. Participants may only have two loans outstanding at any time. Loans are repayable over a period of up to five years, or longer if used for the purchase of a primary residence. Notes receivable from participants in the accompanying statements of net assets available for benefits are measured at their unpaid principal balances plus accrued but unpaid interest, if any.

Forfeitures – The non-vested account balances of participants who have ceased employment with the Plan Sponsor are forfeited upon the distribution of vested balances. The Plan Sponsor may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed by the Plan Sponsor. The Plan used forfeitures amounting to $14,200 and $134,336 to offset Plan Sponsor contributions for the years ended December 31, 2025 and 2024, respectively. The balance in the forfeiture holding account amounted to $8,770 and $6,821 as of December 31, 2025 and 2024, respectively.

Income Taxes – Effective February 1, 2022, the Plan was amended and restated under a cycle 3 non-standardized pre-approved defined contribution plan. The Plan Sponsor obtained a letter dated November 14, 2022 in which the Internal Revenue Service ("IRS") stated that the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code"); therefore, no provision for income tax has been included in the Plan's financial statements

1. Description of the Plan (continued)

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared using the accrual method in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value except for its fully benefit-responsive investment contract, which is valued at contract value (Note 4). Fair value is determined by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, "Empower") as of December 31, 2025 and 2024.

Pooled separate accounts are valued at their unit value (net asset value) based on the fair value of the underlying mutual funds at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investment in a guaranteed interest account is reported at contract value and represents the value paid if the funds were withdrawn prior to their maturity. Interest is credited on contract balances using a single interest crediting rate applied to all contributions made regardless of the timing of the contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized net appreciation (depreciation) in the fair value of those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Payment of Benefits – Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Party-in-Interest Transactions – Plan investments in pooled separate accounts and guaranteed interest account are held by Empower. Empower is the Custodian as defined by the Plan and, as such, transactions with the Custodian qualify as party-in-interest transactions. Fees paid to Empower for administrative and recordkeeping services amounted to $5,942 and $3,861 for the years ended December 31, 2025 and 2024, respectively. The Plan also paid Commonwealth Financial Network, considered a party-in-interest as the Plan's investment advisor, $49,568 and $45,689 for the years ended December 31, 2025 and 2024, respectively.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Setting Every Community Up for Retirement Enhancement (SECURE) Act – The SECURE Act was signed into law on December 20, 2019. The SECURE Act increased the age for required minimum distributions (RMDs) from age 70½ to age 72 for individuals born after June 30, 1949, but before January 1, 1951, creates penalty-free withdrawals for birth or adoption, and modifies certain aspects of plan administration and participant disclosures. These changes are effective for plan years beginning after December 31, 2019.

On December 29, 2022, the SECURE 2.0 Act was signed into law to address additional retirement issues. SECURE 2.0 includes provisions intended to help participants increase retirement savings and simplify and clarify certain retirement plan rules. The applicable age for RMDs was increased to 73 for individuals born on or after January 1, 1951, and before January 1, 1960. The applicable RMD age increases further to age 75 beginning January 1, 2033, for individuals born on or after January 1, 1960. Plan management continuously reviews SECURE 2.0 provisions and amends the plan as required.

Subsequent Events – The Plan Administrator has evaluated the effects of all subsequent events, for recognition or disclosure, through September 30, 2026, the date the accompanying financial statements were available to be issued.

3. Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate:

	2025	2024
Investments, at fair value	$ 20,964,342	$ 16,438,602
Investments, at contract value	8,594,712	9,968,684
Notes receivable from participants	348,750	226,184
	$ 29,907,804	$ 26,633,470

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the years), appreciated in value as follows:

	2025	2024
Interest and dividends	$ 249,081	$ 308,064
Net appreciation in fair value of investments	2,216,413	1,977,539
	$ 2,465,494	$ 2,285,603

4. Guaranteed Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract (the "Contract") with Empower. Empower maintains the contributions in a general account and manages the fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at contract value at December 31, 2025 and 2024.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Guaranteed Investment Contract with Insurance Company (continued)

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) removal of a group of participants from Plan coverage as a result of temporary absence, (b) change in position or other occurrence qualifying as a temporary break in service under the Plan, (c) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer, (d) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business, (e) removal from the Plan of one or more groups or classifications of participants, (f) partial or complete Plan termination, or (g) Plan disqualification.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. There were no assets of the Plan that utilized Level 1 inputs as its primary basis for calculating fair value as of December 31, 2025 or 2024.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2025 or 2024.

5. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025	2024
Level 2		
Pooled separate accounts	$ 20,964,342	$ 16,438,602
Total investments in fair value hierarchy	$ 20,964,342	$ 16,438,602

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts – Pooled separate accounts invest in a variety of separate investments and mutual funds, and are valued daily based on the market value of the underlying assets. There are no unfunded commitments and redemptions can be made daily without restriction.
