INDEPENDENT AUDITOR'S REPORT

To The Trustees and Participants of
Burch Oil Company, Inc. 401k Profit Sharing Plan

SCOPE AND NATURE OF THE ERISA SECTION 103(A)(3)(C) AUDIT

We have performed an audit of the financial statements of Burch Oil Company, Inc. 401k Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Burch Oil Company, Inc. 401k Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Notes 3 and 4 of the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America:

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Burch Oil Company, Inc. 401k Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Burch Oil Company, Inc. 401k Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore

is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Burch Oil Company, Inc. 401k Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Burch Oil Company, Inc. 401k Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

OTHER MATTER - SUPPLEMENTARY SCHEDULES REQUIRED BY ERISA

The supplementary schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. *Description of plan*

The following description of the Burch Oil Company, Inc. 401k Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution, contributory, profit-sharing plan covering all eligible employees of Burch Oil Company, Inc., Burch Oil Company of Charles County, Inc., Burch Propane, LLC and former employees of Hughesville Corner Express, LLC (collectively the "Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

SECURE 2.0 Act of 2022 (the "Act") was enacted on December 29, 2022, as part of the Consolidated Appropriations Act, 2023. The Act includes required and optional provisions that become effective at different times. The Plan must be operated in accordance with each applicable provision as of its effective date, even though the Plan document does not have to be amended on or before December 31, 2026. Effective January 1, 2026, participants who are 50 or older whose prior-year Social Security (FICA) wages from the Companies exceeded $150,000 must make any catch-up contributions as Roth contributions. Plan management does not expect plan amendment to have a material effect on the Plan's financial statements.

Eligibility - Employees are eligible to participate in the Plan upon completing one year of credited service (including 1,000 hours during the Plan year or at least 500 hours in two consecutive years) and attaining age twenty-one or older. The plan was amended, effective January 1, 2025, to allow Plan entry immediately upon meeting the eligibility requirements.

Contributions - Each year, participants may contribute to the Plan up to 100% of pretax annual compensation, as defined, up to the maximum amount permitted under the Internal Revenue Code ($23,500 for 2025). In addition, participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $7,500 for 2025. Participants ages 60-63 are eligible to make enhanced catch-up contributions of up to $11,250 for 2025. Participants may also elect to make Roth deferrals under the Plan. Effective January 1, 2022, participants may also elect an in-plan Roth conversion of their eligible contributions. Amounts representing distributions from other qualified defined benefit or contribution plans are also permitted as contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Effective January 1, 2025, the Plan was also amended to add an automatic deferral provision. All participants who have not made an affirmative salary deferral election, including an election not to defer, are automatically enrolled in the Plan, with deferrals starting at 2% of Plan compensation. The automatic deferral rate increases by 1% of Plan compensation each plan year, up to 6% of Plan compensation. A participant subject to the automatic deferral provision may elect at any time to change the deferral rate or to stop deferring. Participants who are automatically enrolled may elect, within 90 days after their first automatic deferral is withheld, to withdraw their automatic deferrals, adjusted for investment gains or losses.

1. *Description of plan (continued)*

The Companies' contributions to the Plan are at the discretion of the Companies' management. Only those participants who are employed by one of the participating Companies on the last day of the Plan year are eligible for an allocation of the Companies' contributions. Certain participants may be eligible for an allocation of the Companies' contributions subject to certain exceptions.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contributions, (b) Plan net earnings, and (c) forfeitures of terminated participants' non-vested accounts, and is charged with an allocation of expenses and investment losses, if any. Allocations are based on participant compensation, as defined, or account balances, as provided for in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Vesting of the participants' accounts is based on years of continuous service as follows:

Years of Service	***Vesting Percentage***
Less than 2	- %
2	20
3	40
4	60
5	80
6 or more	100 %

Notes receivable from participants - Participants may borrow from their vested benefit accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of the participant's vested account balance. Note terms range from 1 to 5 years, or up to 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and incur interest at ½% to 2% above the prime rate in effect on the date of the loan, as determined by the Plan trustees. Interest rates on participant notes ranged from 5.25% to 10.5% at December 31, 2025 and 2024. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of benefits - Participants who are employees of the Companies are entitled to 100% of their account balance at age 65, or earlier in the event of death or disability. Upon termination of employment, participants whose vested account balance is more than $5,000 may have their vested account balance distributed to them in a single, lump-sum payment or partial withdrawals or installments, but only with respect to minimum required distributions. Participants who have separated service with the Companies and whose vested account balance is less than $5,000 may have their vested account balance involuntarily distributed to them in a single, lump-sum payment, in the year subsequent to their separation from service.

1. *Description of plan (continued)*

Forfeited accounts - As of December 31, 2025, the balance of the forfeiture accounts was $9,984 ($3,259 at December 31, 2024). During 2025, forfeitures totaled $9,962. Investment gains on forfeited funds aggregated $36 and $562 for the years ended December 31, 2025 and 2024, respectively. Forfeited funds of $93,560 were used to offset employer contributions in 2024 (none in 2025). There was $3,273 paid for fees from forfeited funds during the year ended December 31, 2025 ($433 in 2024).

2. *Accounting policies*

Basis of accounting - The accompanying financial statements are presented on the accrual basis of accounting and present net assets available for benefits and changes in those assets.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Payment of benefits - Benefits are recorded when paid.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest, if any. Participant loans which, under the provisions of the Plan, are deemed delinquent are reclassified as distributions.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net increase in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events - The Plan has evaluated subsequent events through October 12, 2026 which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2025, have been incorporated into these statements.

3. *Investments (unaudited)*

At December 31, 2025 and 2024, the Plan's investments were held by the custodian. The Plan's financial information included in the financial statements is based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

During 2025, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $3,522,788.

4. *Fair value measurements (unaudited)*

Authoritative accounting guidance sets forth a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Level 3 inputs are used only when Level 1 or Level 2 inputs are not available for specific assets. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. When Level 1 inputs are unavailable, the Plan uses Level 2 inputs. No Level 3 inputs were needed to determine fair value.

At December 31, 2025 and 2024, the fair value of the mutual funds and exchange traded funds are based primarily on the underlying securities the funds holds, which have observable Level 1 and Level 2 inputs. While the underlying asset values are quoted prices, the net asset value of a portion of the mutual funds is not publicly quoted.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2025 and 2024:

	Fair Value	*Level 1*	*Level 2*
Assets at fair value at December 31, 2025:			
Mutual funds	$ 13,810,947	$ 95,997	$ 13,714,950
Money market deposit account	888,882	888,882	-
Exchange traded funds	8,889	8,889	-
	$ 14,708,718	$ 993,768	$ 13,714,950

4. *Fair value measurements (unaudited) (continued)*

	Fair Value	*Level 1*	*Level 2*
Assets at fair value at December 31, 2024:			
Mutual funds	$ 11,732,628	$ 172,014	$ 11,560,614
Money market deposit account	206,754	206,754	-
Exchange traded funds	10,226	10,226	-
	$ 11,949,608	$ 388,994	$ 11,560,614

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. *Risks and uncertainties*

The Plan provides for various investment options including mutual funds, exchange traded funds and a money market deposit account. Such investments are exposed to interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of investments in mutual funds. The Plan has offered Plan participants investment options in various investment vehicles as a means of reducing the effects of such risks.

Funds held in the money market deposit account are insured by the FDIC, by participant, subject to FDIC aggregation rules for other retirement accounts held by each participant at Schwab Bank and as maintained by the Plan's recordkeeper.

6. *Related party transactions*

The Company pays all of the Plan's administrative expenses and certain investment expenses, with the exception of loan and distribution fees, which are deducted from the associated participant's account. Plan related fees paid or accrued during 2025 by the Company amounted to approximately $135,000.

The Plan's investments consist of pooled separate accounts and an investment contract with an insurance company, all of which are funds managed by Charles Schwab Trust Bank. Under ERISA, such transactions qualify as party-in-interest transactions.

7. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

8. Tax status

The Plan is operating under an adoption agreement of a non-standardized prototype plan structured by its third-party administrator. The Internal Revenue Service has reviewed the terms of the prototype plan and has indicated by a letter dated January 12, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to its terms and conditions; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Interim amendments have been applied to the Plan to be incompliance with several recently enacted laws, including the CARES and SECURE Acts.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022, generally three years after the Plan filed its Form 5500.
