INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Ohio Valley Physicians, Inc. 401(k) Plan
Huntington, WV

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ohio Valley Physicians, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF THE PLAN

The following description of the Ohio Valley Physicians, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified, defined contribution employer plan that provides participant-directed investment programs to all eligible employees of Ohio Valley Physicians, Inc. (the "Company") who have completed one year of service and have attained the age of 21. Employees may enroll in the Plan on the first day of January or July coinciding with or next following the date on which an employee meets the eligibility requirements.

During 2021, the Plan was amended to allow eligible employees of Lineage Health Solutions, LLC and OVP Health Care, Inc. to participate in the Plan.

The Plan is a pre-approved plan sponsored by CCH Incorporated. Broker's commissions associated with investment transactions and investment management fees are paid by the Plan. The Plan is regularly updated to comply with tax legislation. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants are able to contribute a percentage of their pay to the Plan, up to the maximum allowable contribution, as defined in Federal legislation. This amount is then deposited in the participant's account as a 401(k) contribution.

Participants may rollover amounts from other eligible retirement plans to the Plan. The amounts transferred shall be allocated to the participant's rollover contribution account. Such amounts and any earnings or losses shall be fully vested at all times.

Employer Contribution

Each plan year, the Company may elect to make a safe harbor nonelective contribution to the participant's account equal to 3% of the participant's compensation for the plan year. Eligibility to receive safe harbor nonelective contributions begins on the same date as eligibility for participant contributions. Any compensation participants earned during the plan year, but prior to the date on which they became eligible to receive safe harbor nonelective contributions, will be excluded when determining their safe harbor nonelective contribution. The Company will provide notice each year of its obligation to make safe harbor nonelective contributions to the participant's account and of the other benefits provided under the Plan.

Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. No discretionary contributions were made by the Company during the Plan year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution, (b) the Company's contribution and (c) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the safe harbor contribution plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage Vested
1	0%
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate between 8.75% and 10.50%, which was 2.00% above the prime rate at the time the loans were made. Principal and interest is paid ratably through monthly payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the investment options available to the Plan. Participants may change their allocation percentages at any time.

Payment of Benefits

Employees are eligible for retirement benefits upon reaching age 65 and are also eligible for benefits due to death or disability. Participants or their beneficiaries may elect a single lump sum payment of their entire vested account balance, or a portion of their vested account balance. Withdrawals after the attainment of age 59 ½ can be made without penalty.

If a participant terminates employment for any reason and at any age (including retirement), and the value of the participant's vested benefit does not exceed $1,000, including any rollover contributions, then a distribution will automatically be paid to the participant. Any distribution under this provision will be paid in a lump-sum distribution within a year after the participant terminates employment.

Forfeited Accounts

Nonvested accounts of terminated employees are used to offset plan expenses or reduce the employer's contributions. Forfeited nonvested accounts totaled $181 at December 31, 2025 and $3,083 at December 31, 2024. During 2025, forfeitures of $5,393 were utilized to offset plan expenses and $3,257 to reduce the employer's contribution receivable.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using U.S. generally accepted accounting principles and the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they

were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Reclassifications

Certain reclassifications have been made to the December 31, 2024 information to conform to the 2025 presentation.

Subsequent Events

Subsequent events have been evaluated through October 12, 2026, which is the date the financial statements were available to be issued.

(3) INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

Principal Trust Company held the Plan's investment assets as of December 31, 2025 and 2024 and executed investment transactions during the year ended December 31, 2025. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable

from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's Custodian.

(4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a) quoted prices for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in inactive markets, c) inputs other than quoted prices that are observable for the asset or liability, d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

Th following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts - Collective investment trusts (CIT) invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The assets of the CITs consist of exchange traded securities whose net asset value ("NAV") values are aggregated and combined with stated fees through these procedures to arrive at the Fair Market Value. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 555,346	$ -	$ -	$ 555,346
Total assets in the fair value hierarchy	$ 555,346	$ -	$ -	555,346

Investment measured at net asset value (a)				12,863,856
Total assets at fair value				$ 13,419,202

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 437,514	$ -	$ -	$ 437,514
Total assets in the fair value hierarchy	$ 437,514	$ -	$ -	437,514
Investment measured at net asset value (a)				10,564,777
Total assets at fair value				$ 11,002,291

(a) In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Investment Trusts	$ 12,863,856	N/A	Daily	90 days

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Investment Trusts	$ 10,564,777	N/A	Daily	90 days

Investments in Collective Investment Trusts are maintained by entities who file a Form 5500 as a direct filing entity. As a result, the Plan has not disclosed the significant investment strategies.

(5) FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan maintains a traditional fully benefit-responsive guaranteed investment contract (the "Principal Fixed Income Guaranteed Option" or "PFIGO") with Principal Life Insurance Company ("Principal Life"). Contributions to PFIGO are maintained as part of Principal Life's general account. The ability of Principal Life to pay amounts guaranteed under the contract is based on the claims-paying ability of Principal Life's general account and is subject to the terms of the contract.

The value of PFIGO is reported in the accompanying financial statements at contract value, as reported to the Plan by Principal Life. Contract value represents contributions made under the contract, plus interest, less withdrawals, if any. The methodology for calculating the interest crediting rate is defined in the contract under the term "Composite Guaranteed Rate." The crediting rate is adjusted semiannually and was 4.65% at December 31, 2025.

Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to the terms of the contract and Plan provisions. Guaranteed investment contracts issued by Principal Life may include withdrawal limitations depending on the contract type. A surrender charge may apply to withdrawals or transfers from an unmatured guaranteed interest account.

The contract may be terminated by Principal Life or the Plan, subject to contract terms (including any advance notice requirements). Certain events may limit the Plan's ability to transact with Principal Life at contract value. Such events may include, but are not limited to, premature termination of the

contract, Plan termination or merger, changes to competing investment option restrictions, loss of the Plan's qualified status, bankruptcy of the Plan sponsor, or other Plan sponsor events that significantly affect the Plan's normal operations.

Management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Certain events may permit Principal Life to terminate the contract and settle at an amount different from contract value. Such events may include an uncured violation of investment guidelines, a breach of a material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the issuer's consent.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	December 31, 2025	December 31, 2024
Synthetic investment contract	$ -	$ -
Traditional investment contract	6,035	-
	$ 6,035	$ -

(6) RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan sponsors provide to the Plan certain accounting and administrative services for which no fees are charged. Additionally, the sponsors paid certain consulting and advisory fees on-behalf of the Plan.

As of December 31, 2025 and for the year then ended, Principal Trust Company is the custodian and M2B Retirement Consulting, LLC is the third-party administrator. Therefore, transactions with them qualify as party-in-interest transactions. These expenses are recorded as administrative expenses on the statement of changes in net assets available for benefits.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) TAX STATUS

The Plan is a pre-approved plan offered by CCH Incorporated. CCH Incorporated obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) LATE REMITTANCE OF PARTICIPANT CONTRIBUTIONS

During the plan years ended December 31, 2020 through 2025, participant contributions totaling $3,105,569, including $105,962 in 2025, were not remitted to the Plan within the timeframe required by Department of Labor regulations. These late remittances are nonexempt prohibited transactions under ERISA and the Internal Revenue Code. They are reported on the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions.

The participating companies have remitted all late contributions. As of October 12, 2026, the related lost earnings have not been calculated or remitted, so the transactions are not fully corrected. The plan sponsor intends to remit the lost earnings to affected participant accounts and has not elected to use the DOL Voluntary Fiduciary Correction Program. No amount for lost earnings has been recorded in the accompanying financial statements.
