To the Plan Administrator of

**THE CLEVELAND CLINIC FOUNDATION CASH BALANCE PLAN**

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The Cleveland Clinic Foundation Cash Balance Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ( 1 ) Description of plan

The following description of The Cleveland Clinic Foundation Cash Balance Plan ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. Additionally, key information about the Plan is contained in the brochure *Professional Staff Benefits Program Summary*. Copies of these documents are available from the Staff Benefits Office or the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

**General** - The Plan is a defined contribution plan sponsored by the Foundation and certain of its affiliated entities (together the "System") for the benefit of substantially all staff and senior/exempt management employees (as defined). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Foundation is the plan administrator ("Plan Administrator") and, by action of its Board, has established a Retirement Committee to act on its behalf as the Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

**Contributions** - Contributions made by the System to each participant's account represent a percentage (up to 7%) of the participant's annual salary and are based on the age of the participant. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

**Participant investment account options** - All contributions to the Plan have been deposited in accounts maintained by Fidelity Management Trust Company ("Fidelity") since July 1, 2000. Separate accounts are maintained for each participant. All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or guaranteed investment contracts held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. The Lincoln National Life Insurance Company ("Lincoln") continues to hold Plan assets in accordance with participant direction. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

**Participant accounts** - Each participant's account is credited with an allocation of the System's contribution, plan earnings, and charged with administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Any nonvested participant accounts are forfeited upon termination.

**Vesting** - Benefits are fully vested after three years of service for employees active as of or hired on or after January 1, 2007. Employees who terminated prior to January 1, 2007 are vested after five years of service if hired on or after January 1, 1987 or upon enrollment if hired prior to January 1, 1987.

## ( 1 ) Description of plan (continued)

**Payment of benefits** - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installments over a period not to exceed the life of the participant or their beneficiary or various forms of annuities. Benefit payments are subject to certain restrictions as defined in the Plan document. If the vested portion of a participant's account does not exceed $7,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document.

**Forfeited accounts** - At December 31, 2025 and 2024, forfeited nonvested accounts totaled $972,434 and $1,358,319 respectively. These accounts will be used to first restore the individual account balance of reemployed participants with any residual amounts available to reduce future employer contributions or provide for the payment of administrative expenses of the Plan or be reallocated pro rata to the individual accounts of the participants. For the years ended December 31, 2025 and 2024, employer contributions were reduced by $2,000,000 and $1,356,401, respectively, from forfeited nonvested accounts.

## ( 2 ) Summary of significant accounting policies

**Basis of accounting** - The financial statements of the Plan are prepared under the accrual method of accounting.

**Master Trust** - The investments of the Plan, along with the investments of certain other defined contribution plans sponsored by the Foundation and its affiliates, are pooled for investment purposes into a master trust pursuant to an agreement between Fidelity, the trustee, and the Foundation – The Cleveland Clinic Foundation DC Plans Master Trust. The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): Employee Benefit Master Trust Reporting*. ASU 2017-06 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. These disclosures are provided in Note 4. The pooling of the Plan's assets into the Master Trust had no impact on the Plan's net assets available for benefit.

**Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

## ( 2 ) Summary of significant accounting policies (continued)

**Administrative expenses** - Certain expenses of the Plan are paid by the System and are not included in the statements of changes in net assets available for benefits. The System may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net investment income – participation in Master Trust and in net appreciation of fair value of investments.

**Valuation of investments held by the Plan and the Master Trust** - Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustee and custodian. See Note 5 for discussion of fair value measurements.

**Recognition of income by the Plan and Master Trust -** Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and net investment income – participation in Master Trust include gains and losses on investments bought and sold, as well as held during the year.

**Contributions** - Contributions from the Employer are recorded in the year in which the participant compensation is paid to the participants.

**Payment of benefits** - Benefits are recorded when paid.

## ( 3 ) Information prepared and certified by the trustee and custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and Lincoln, the trustee and custodian of the Plan, respectively, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Investments at contract value
- Net investment income – participation in Master Trust
- Net appreciation in fair value of investments
- Dividends and interest
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## ( 4 ) Master Trust

The following is financial information with respect to the Master Trust:

While certain of the investments of the participating plans are deemed part of the Master Trust, each plan maintains a separate accounting of its share of the Master Trust's investments and its participation in the net appreciation or depreciation of the Master Trust's investments based on fair value measured using the methodologies described in Note 5.

## ( 5 ) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**( 5 ) Fair value measurements (continued)**

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments held by the Plan and the Master Trust and measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan and Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan and the Master Trust are deemed to be actively traded.

*Self-directed brokerage accounts:* Accounts primarily hold investments in mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's and the Plan's investments at fair value at December 31, 2025:

| | Master Trust Investments | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | $ 4,685,897,275 | $ - | $ - | $ 4,685,897,275 |

| Mutual funds | $ 907,776 | $ - | $ - | $ 907,776 |

## ( 5 ) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Master Trust's and the Plan's investments at fair value at December 31, 2024:

| | Master Trust Investments | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |

| Mutual funds | $ 1,031,133 | $ - | $ - | $ 1,031,133 |

## ( 6 ) Fully benefit-responsive investment contracts

The Plan has fully benefit-responsive guaranteed investment contracts (GICs) issued by Metropolitan Life Insurance Company ("MetLife"), Empower Annuity Insurance Company of America ("Empower") and Lincoln at December 31, 2025 and 2024. The MetLife and Empower contracts are held in the Master Trust. The Lincoln contracts are held by the Plan. Contributions to these contracts are maintained in the general accounts of the contract issuers. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GICs. The crediting interest rate is based on a formula agreed upon with the issuers, but may not be less than 3.0% for MetLife, 3.0% for Empower, and 4.5% for Lincoln. Such interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

The GICs meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity and Lincoln, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**( 6 ) Fully benefit-responsive investment contracts (continued)**

The Plan's ability to receive amounts due is dependent on each issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contracts. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuers to terminate the contracts which would require the Plan to transact at amounts different than contract value.

**( 7 ) Related party transactions and party-in-interest transactions**

Fees for legal, accounting, trustee, and other services are paid by the System. Administrative fees charged by Fidelity and Lincoln, including penalties for withdrawals, are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through Fidelity (Trustee) and Lincoln (Custodian). Such transactions are exempt from being prohibited transactions. Fidelity and Lincoln provide certain management services to the Plan pursuant to plan service agreements. Fees incurred by the Plan for investment management services are included in net investment income - participation in master trust and net appreciation in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

A Revenue Credit Account is maintained at Fidelity and funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2025 and 2024, the Plan earned revenue credits of $237,314 and $373,119, respectively, which are reported in the financial statements as other income and were used to pay plan expenses.

## ( 8 ) Plan termination

Although it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In addition, each participating affiliate reserves the right to terminate the Plan as applicable to itself. In the event of Plan termination, participants would become 100% vested in the benefits accrued to the date of termination.

## ( 9 ) Tax status

The Internal Revenue Service ("IRS") has determined and informed the System by a letter dated July 16, 2012, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## ( 10 ) Risks and uncertainties

The Plan and the Master Trust invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## ( 11 ) Subsequent events

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2025 through September 16, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
