Report of Independent Auditors

Walleye 401(k) Fiduciary Committee
Fish House LP

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Walleye Capital LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the period April 1, 2025 through December 31, 2025, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the period April 1, 2025 through December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Walleye Capital LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025

1. Description of Plan

The following description of the Walleye Capital LLC 401(k) Plan (the "Plan") provides general information about the Plan's provisions. Fish House LP (the "Company") is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering eligible employees of the Company. Eligible employees participate immediately upon meeting the Plan's eligibility requirements, with no minimum age or service requirement, other than for certain excluded classes and for long-term part-time employees, as described in the Plan's summary plan description.

The Plan was established by the Company effective April 1, 2025. Prior to that date, eligible employees of the Company participated in the Insperity 401(k) Plan (the "Insperity Plan"), a plan sponsored by Insperity, a professional employer organization. In connection with the establishment of the Plan, the account balances of the Company's participants in the Insperity Plan were transferred to the Plan effective April 1, 2025. Net assets of $68,123,747 were transferred and are presented as a transfer of net assets from the Insperity Plan in the statement of changes in net assets available for benefits.

Fidelity Management Trust Company ("FMTC") is the trustee, and Fidelity Investments is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may elect to make pre-tax and/or Roth deferral contributions, subject to annual limits prescribed by the Internal Revenue Code (the Code), and participants age 50 and older may make additional catch-up contributions. Participants may also make after-tax (non-Roth) contributions and rollover contributions (including Roth rollovers) from other eligible retirement plans. The Company makes a safe harbor matching contribution equal to 100% of the first 6% of a participant's eligible compensation contributed as deferral contributions. The Employer may also make qualified nonelective contributions to help the Plan satisfy annual nondiscrimination testing; no such contributions were made for the period presented. All contributions are subject to certain limitations of the Code.

1. Description of Plan (continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment elections on a daily basis. The Company's contributions are invested in the same manner as the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of the participant's respective elected investment options. Allocations of administrative expenses are based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, after-tax contributions, rollover contributions, qualified nonelective contributions, and safe harbor matching contributions, plus earnings thereon.

Forfeitures

Because all current contribution sources are immediately 100% vested, no forfeitures of unvested Employer contributions are expected to arise under the Plan's current provisions.

Participant Loans

Participants may borrow from their vested account balances. The minimum loan is $1,000, and the maximum loan is the lesser of 50% of the participant's vested Account balance or $50,000, reduced by the participant's highest outstanding loan balance during the preceding twelve months. A participant may not have more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates, determined at the time the loan is made by the plan administrator. Principal and interest are paid ratably through payroll deductions in level payments at least quarterly over not more than five years, except for loans to purchase a principal residence, which may extend up to fifteen years. If a participant terminates employment with the Company, they may continue to make loan payments through recurring ACH repayments. If a loan is not repaid by the end of the calendar quarter following the calendar quarter in which the missed payment was due, it will be treated as a taxable distribution to the participant.

1. Description of Plan (continued)

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds $7,000 may elect to receive a lump-sum distribution, or may defer receipt of the distribution. A participant whose vested account balance is greater than $1,000 but not more than $7,000 will automatically have the balance rolled over to an individual retirement account chosen by the plan administrator unless the participant elects otherwise. A participant whose vested Account balance is $1,000 or less will automatically receive an immediate lump-sum distribution equal to the vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must first exhaust all other assets reasonably available, including other in-service withdrawal options, prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Contributions

Participant contributions and the Employer's safe harbor matching contributions are recorded in the period in which the participant contributions are withheld from compensation.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the period.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the period from April 1, 2025 through December 31, 2025, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by FMTC, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 – Significant unobservable inputs for the asset or liability (i.e., supported by little or no market activity).

The Plan's investment in money market funds and mutual funds are valued using quoted prices in active markets and are classified as Level 1.

The Plan's investment in common/collective trust funds are valued using net asset value (NAV) per unit as a practical expedient. Accordingly, these investments are not classified within the fair value hierarchy. The value of these investments at December 31, 2025 was $57,225,234.

The following table sets forth, by fair value hierarchy level, the Plan's investments carried at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Money market fund	$2,911	$–	$–	$2,911
Mutual funds	23,086,845	–	–	23,086,845
Total investments in the fair value hierarchy	$23,089,756	$–	$–	$23,089,756
Investments measured at NAV				57,225,234
Total investments at fair value				**$80,314,990**

5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract, a guaranteed investment contract issued by New York Life Insurance Company through its general account (the "NYL Anchor Account"). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value was $2,460,261 at December 31, 2025.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

5. Fully Benefit-Responsive Investment Contract (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreement without the consent of the issuer

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

The Plan holds shares of a money market fund managed by an affiliate of Fidelity Management Trust Company, the trustee of the Plan. Fidelity Investments, also an affiliate, is the recordkeeper for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Fidelity Investments provides certain administrative services to the Plan pursuant to a services agreement between the Company and Fidelity Investments.

8. Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

8. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 9, 2026, the date the financial statements were available to be issued. Subsequent to year end, the Company approved two amendments to the Plan. Effective November 10, 2026, the Plan will be amended to require that employees complete two months of service before becoming eligible to make deferral contributions and to receive safe harbor matching contributions; this amendment was signed on September 21, 2026. Effective November 20, 2026, the Plan will be amended to add an automatic enrollment feature under which eligible employees who have not made a deferral election are automatically enrolled at a pre-tax deferral rate of 6% of eligible compensation, unless they affirmatively elect a different rate or elect not to participate; this amendment was signed on September 21, 2026.
