Report of Independent Auditor

To the Investment Committee
Autobell Car Wash, LLC. Profit Sharing & 401(k) Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Autobell Car Wash, LLC. Profit Sharing & 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial* Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following brief description of the Autobell Car Wash, LLC. Profit Sharing & 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established January 1, 2007, and most recently amended effective July 1, 2025. This amendment includes changes to Plan provisions to incorporate automatic escalation of participant deferrals. The Plan is a defined contribution plan covering all full-time and long-term part-time employees of Autobell Car Wash, LLC.; Howco, Inc.; Autobell-Arrowhead, Inc.; and Queen City Marketing, Inc. (collectively, the "Company" or "Employer") except those covered by a collective bargaining agreement and non-resident aliens who do not receive any earned income from the Employer which constitutes as United States source income. Employees who have completed one year of service, are long-term part-time employees, and are age 21 or older are eligible to participate in the Plan on the first day of each Plan year quarter. A long-term part-time employee is defined as an employee who has not entered the Plan as a regular participant, but who is credited with at least three consecutive eligibility computation periods with at least 500 hours of service in each and who has attained the age of 21. Autobell Car Wash, LLC.; Howco, Inc.; Autobell-Arrowhead, Inc.; and Queen City Marketing, Inc. are related by common ownership and are collectively considered a single control group under the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan is administered by the Company, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Company has outsourced the recordkeeping function of the Plan to Empower Trust Company, LLC, the "qualified institution" of the Plan.

Contributions – For the year ended December 31, 2025, participants may contribute up to $23,500 of annual compensation subject to certain IRC limitations. The Plan allows participants to contribute to the Plan through pre-tax or Roth elective deferrals. The Company withholds a 3% automatic deferral from the participant's compensation each payroll period unless the participant makes a contrary election. Effective July 1, 2025, the Plan was amended to incorporate a provision for automatic escalation of participant deferrals by 1% each Plan year, continuing until the participant reaches 10%. The limit on annual contributions for all Employer contributions and employee elective deferrals is $70,000 for the year ended December 31, 2025. Once eligible, participants may also contribute amounts representing distributions from other qualified retirement plans. Each year participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. For the year ended December 31, 2024, participants who attained age 50 before the end of the Plan year were allowed catch-up contributions of up to $7,500, in accordance with IRC limitations. For the year ended December 31, 2025, the maximum catch-up contributions permitted by IRS regulations for participants that have attained age 50 was $7,500, however for participants who have attained ages 60 through 63 during 2025, the maximum catch-up contribution was $11,250 (instead of $7,500).

The Company makes a safe harbor matching contribution where the first 3% of employee deferrals not exceeding employee's eligible compensation is matched at 100% and the next 2% is matched at 50%. Additional discretionary non-safe harbor matching and profit sharing amounts may be contributed at the option of the Company's Board of Directors. Participants must complete at least 1,000 hours of service during the Plan year and must be employed on the last day of the Plan year in order to be eligible for the profit sharing contribution. During the year ended December 31, 2025, there were no discretionary non-safe harbor matching or profit sharing contributions made to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Contributions Receivable – Contributions due and payable by the Company as of the end of the Plan year are reflected as employer contributions receivable in the Plan's financial statements.

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's matching contributions, as well as the allocations of the Company's discretionary non-safe harbor matching and profit sharing contributions (if applicable) and Plan earnings and charged with benefits paid to participants and an allocation of Plan losses and administrative expenses, if not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary non-safe harbor matching and profit sharing contributions are based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000. The maximum loan allowed under the Plan is equal to the lesser of $50,000 or 50% of their vested balance under the Plan. Loans are permitted for specific purposes as stated in the Plan document and terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by 50% of the vested interest in the participant's account and bear interest rates from 4.25% to 9.50% as of December 31, 2025. Principal and interest is paid ratably through weekly payroll deductions.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the investment options offered by the Plan. Participants may change their investment options at any time.

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. A participant's vested account balance that is less than $5,000, will be automatically distributed as soon as administratively practicable following the participant's separation from service. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Forfeited Accounts – Forfeited accounts may be used to reduce future employer contributions and to pay Plan expenses. As of December 31, 2025 and 2024, there were $38,585 and $13,818, respectively, of unused forfeitures. Employer contributions were reduced by forfeitures of $19,514 and plan expenses were reduced by forfeitures of $4,546 for the year ended December 31, 2025.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are stated at unpaid principal balances plus accrued interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document. Loans are considered to be in delinquency if any scheduled loan payment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due.

Administrative Expenses – Except as discussed in Note 9, Plan administration expenses are paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Risks and Uncertainties – Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such change could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP describes three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the funds. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Collective Investment Trusts – This investment is a public investment vehicle valued using NAV provided by the administrator of the fund as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is not classified within the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the qualified institution

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institution has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedules.

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2025				
	Level 1	**Level 2**	**Level 3**	**Other [(a)]**	**Total**
Mutual funds	$ 3,900,159	$ -	$ -	$ -	$ 3,900,159
Collective investment trusts	-	-	-	21,218,599	21,218,599
Investments, at fair value	$ 3,900,159	$ -	$ -	$ 21,218,599	$ 25,118,758

	2024				
	Level 1	**Level 2**	**Level 3**	**Other [(a)]**	**Total**
Mutual funds	$20,799,712	$ -	$ -	$ -	$20,799,712
Collective investment trusts	-	-	-	157,321	157,321
Investments, at fair value	$ 20,799,712	$ -	$ -	$ 157,321	$ 20,957,033

(a) In accordance with U.S. GAAP, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2025			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Collective investment trusts	$ 21,218,599	n/a	Daily	n/a

	As of December 31, 2024			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Collective investment trusts	$ 157,321	n/a	Daily	n/a

Note 5—Stable value fund

The Plan invests in a stable value collective trust fund as an investment offering. This fund has investments in contracts at fair value, underlying investments, and are then adjusted by the issuer to NAV. The fund may invest in interest insurance, investment contracts, money market funds, corporate and government bonds, mortgage backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at NAV. NAV represents contributions made to the funds, plus earnings, less participant withdrawals. The risk of the stable value fund and its net realizable value are dependent upon the financial stability of the issuing entity and its ability to fulfill the terms of the contracts. There were no reserves established against net asset value for credit risk as of December 31, 2025 and 2024.

Note 6—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 25,509,255	$ 21,238,786
Plus: Rounding	-	1
Minus: Employer contributions receivable	15,220	13,734
Net assets per Form 5500	$ 25,494,035	$ 21,225,053

The following is a reconciliation of change in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31, 2025:

Net increase in net assets per the financial statements	$ 4,270,469
Minus: Rounding	1
Minus: Change in employer contributions receivable	1,486
Net income per Form 5500	$ 4,268,982

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 8—Tax status

The IRS has determined and informed the Plan prototype sponsor by a letter dated November 14, 2022, that the Plan and related trusts are designed in accordance with the applicable sections of the IRC. The Company has chosen to rely on the opinion letter issued to the Plan prototype sponsor. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and, therefore, the Plan and related trust continue to be tax-exempt.

Note 8—Tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Party-in-interest transactions

Plan investments are managed by the qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025. Certain administrative expenses are paid to the qualified institution, and these transactions qualify as party-in-interest transactions. These administrative expenses amounted to $47,866 for the year ended December 31, 2025. Notes receivable from participants also qualify as party-in-interest transactions.

Note 10—Nonexempt transaction

During the Plan years ended December 31, 2025 and 2024, employee withholdings totaling $40,384 and $9,206, respectively, were not remitted to the trust within the appropriate time period by the Company. These transactions constituted prohibited transactions as defined by ERISA. The Company remitted the lost earnings to the Plan in 2026 (for 2025 and 2024).

Note 11—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 9, 2026, the date these financial statements were available to be issued.
