Board of Directors
Shaheen Automotive Group 401(k) Plan
Lansing, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Shaheen Automotive Group 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Shaheen Automotive Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Shaheen Automotive Group
401(k) Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

The following description of the Shaheen Automotive Group 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The purpose of the Plan is to provide financial assistance during a participant's retirement years or to provide benefits in the event of disability, death, or termination of employment prior to retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all full-time, part-time, and leased employees of Shaheen Automotive Group Inc.; Shaheen Chevrolet, Inc.; Team One Chevrolet Buick GMC Truck, Inc.; and Shaheen Parts Warehouse, Inc. (collectively referred to as the Company). On-call drivers are ineligible to participate in the Plan.

Employees are automatically enrolled in the Plan at a 4% deferral rate unless they are excluded employees, or they elect to opt out. Deferrals increase by 1% each April 1st for participants automatically enrolled in the Plan, until a 10% deferral rate is achieved, or the participant changes the deferral election, as defined in the Plan agreement.

Contributions

As defined in the plan document, participants can contribute a portion of their pretax annual compensation into the Plan through a salary deferral agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows for voluntary catch-up contributions for participants age 50 and over. Additional voluntary contributions are not allowed. For each Plan year, the Company may also contribute on the participant's behalf matching contributions, profit sharing contributions, and/or qualified nonelective contributions. For the Plan years 2025 and 2024, there was a Company matching contribution, but there were no profit sharing or qualified nonelective contributions. The Company's matching contribution was calculated as follows: the lesser of 1% of eligible compensation or 25% of employee contributions on a quarterly basis. All contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan (continued)

Participant Accounts

Participants direct the investment of their contributions as well as the Company contributions made on their behalf into various investment options offered by the Plan.

Each participant account is credited with their contributions, the Company contributions made on their behalf, and Plan earnings and administrative expenses, which are allocated proportionately among all participants based on their investment in each fund.

Vesting

Participants are immediately 100% vested in their contributions plus any actual earnings thereon. Under the Plan, employees acquire a vested and nonforfeitable interest in a percentage of their account attributable to the Company's contributions as determined by the following schedule.

Years of Service	Percentage Vested and Nonforfeitable
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants become fully vested even if they have not met the above requirements at normal retirement age, death prior to normal retirement date, or total and permanent disability prior to normal retirement date.

Payment of Benefits

On termination of service due to retirement, disability, death, or employment termination, a participant may elect to have their vested account balance distributed as a lump-sum distribution, as periodic installment payments over a period which does not exceed the life expectancy of the participant/beneficiary, or to receive a combination of a lump-sum distribution and installment payments. Upon attainment of age 59 1/2 or the occurrence of a hardship, as defined by the plan document, a participant may withdraw all or any portion of their vested account balance.

1. Description of Plan (continued)

Payment of Benefits (continued)

Participants have the option of electing to roll their vested account balance directly into another qualified retirement plan or an individual retirement account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The payment of benefits is subject to certain IRS guidelines. Benefits are recorded when paid.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a market rate.

Hardships, Forfeitures, and Plan Termination

The Plan allows for hardship withdrawals. Hardship withdrawals are subject to the guidelines within the plan document.

The Plan experienced forfeitures of employer contributions of $61,645 during the 2025 plan year and $52,877 during the 2024 plan year. Forfeited nonvested accounts totaled $0 as of December 31, 2025 and 2024. Forfeitures may be used to pay plan expenses, offset employer contributions, or be re-allocated to participants. The Company's practice is to re-allocate forfeitures to participants.

The Company anticipates and believes the Plan will continue to operate without interruption, but reserves the right to suspend contributions, discontinue contributions, or amend, modify, or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their entire account balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value, except the guaranteed investment contract, which is valued at contract value. Shares of mutual funds are valued at quoted market prices in an active market, which represent the value of shares held by the Plan at year end. The pooled separate accounts are valued at fair value based on the net asset value (NAV), as reported by the trustee. The NAV is based on the fair value of securities held by the investment. Certain investments include restrictions on the number of transfers allowed in a specified time period. See Notes 4 and 5 for details on the guaranteed investment contract and fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The change in aggregate fair value and the cost of investments purchased, sold, and held is reflected in the statements of changes in net assets available for benefits as net realized and unrealized appreciation/depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Administrative Expenses

The contract administrator and investment management fees are paid by the Plan. All other administrative expenses are paid by the Company, who is also the Plan Sponsor. Through 2024, a portion of the operating expenses and management fees were paid by the Plan using revenue sharing credits which are included in other income on the statements of changes in net assets available for benefits. The revenue sharing credit balance was $0 as of December 31, 2025 and $6,823 as of December 31, 2024, and is held in the fully benefit responsive contract balance on the statements of net assets available for benefits. The expenses and fees paid using revenue sharing credits were $0 for the year ended December 31, 2025 and $60,649 for the year ended December 31, 2024.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

Management has evaluated subsequent events through September 3, 2026, the date which the financial statements were available to be issued.

3. Financial Data Certified by the Trustees (unaudited)

The Plan's financial information and data was certified by Lincoln Financial Group Trust Company, Inc. (Lincoln) (former trustee of the Plan) for the period from January 1, 2024 through April 30, 2024 and by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) (trustee of the Plan) from May 1, 2024 through December 31, 2025, in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment balances, notes receivable from participants, interest and dividend income, and net realized and unrealized appreciation/depreciation in fair value of investments included in the financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by the trustees. This certified information has not been audited by independent auditors.

4. Guaranteed Investment Contract with Principal Life Insurance Company

The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company, the Principal Guaranteed Option. The contributions to the Principal Guaranteed Option are maintained in group annuity contracts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the Trustee.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

A 10% surrender charge will also apply if the cumulative participant transfers from the Principal Guaranteed Option exceeds $50,000 and 25% of the Plan's interest in the contract during the 12-month period immediately preceding the Plan sponsor-level surrender of the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the Plan sponsor. Management noted the occurrence of each of these events is not probable.

4. Guaranteed Investment Contract with Principal Life Insurance Company (continued)

There are not any events that allow the Principal Life Insurance Company to terminate the contract with the Plan and settle at amounts that differ from contract value; however, the Principal Life Insurance Company can freeze the contract by declaring a contribution cessation date. There are no unfunded commitments related to the investment contract.

There are no reserves established to offset contract value for credit risk. The contract interest rates are reviewed on a semiannual basis. The approximate average yield and minimum crediting interest rate are as follows:

	Average Yield	Minimum Crediting Interest Rate
Principal Guaranteed Option:		
December 1, 2023 – May 31, 2024	6.05%	6.05%
June 1, 2024 – November 30, 2024	5.15%	5.15%
December 1, 2024 – May 31, 2025	4.85%	4.85%
June 1, 2025 – November 30, 2025	4.95%	4.95%
December 1, 2025 – May 31, 2026	4.75%	4.75%

5. Fair Value Measurements

As defined in current authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance applies to all financial instruments that are measured and reported on a fair value basis. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques the Plan is required to provide information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

5. Fair Value Measurements (continued)

- Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

There have been no changes in the methodologies used as of December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2025				
Mutual funds	**$ 18,542,027**	**$ -**	**$ -**	**$ 18,542,027**
Pooled separate accounts	**3,326,439**	**-**	**-**	**3,326,439**
Total investments in the fair value hierarchy	**$ 21,868,466**	**$ -**	**$ -**	**$ 21,868,466**
2024				
Mutual funds	$ 15,849,618	$ -	$ -	$ 15,849,618
Pooled separate accounts	2,949,550	-	-	2,949,550
Total investments in the fair value hierarchy	$ 18,799,168	$ -	$ -	$ 18,799,168

6. Federal Income Tax Status

The Plan obtained a favorable determination letter dated June 30, 2020, in which the IRS determined that the Plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Generally, tax years 2022 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan paid Lincoln, the record keeper prior to May 1, 2024, $62,677 during 2024. The Plan paid Principal, the record keeper after May 1, 2024, $47,040 during 2024 and $81,540 during 2025.

Prior to May 1, 2024, certain Plan investments were managed by Lincoln National Life Insurance Company, a related entity to Lincoln. Lincoln was the trustee; therefore, these transactions qualify as party-in-interest transactions. Effective May 1, 2024, certain Plan investments are managed by Principal Life Insurance Company, a related entity to Principal. Principal is the trustee; therefore these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Merrill Lynch is the Plan investment advisor and consultant, which is also considered a party-in-interest. The Plan's auditor is also deemed a party-in-interest under ERISA.
