INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees
Six Robblees' Inc.
Profit Sharing 401(k) Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of *Six Robblees' Inc. Profit Sharing 401(k) Plan*, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of *Six Robblees' Inc. Profit Sharing 401(k) Plan*'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of *Six Robblees' Inc. Profit Sharing 401(k) Plan* and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about *Six Robblees' Inc. Profit Sharing 401(k) Plan's* ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of *Six Robblees' Inc. Profit Sharing 401(k) Plan's* internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about *Six Robblees' Inc. Profit Sharing 401(k) Plan's* ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and schedule of assets (acquired and disposed of within year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIX ROBBLEES' INC.
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 & 2024

Note 1 – Description of Plan

The following description of the *Six Robblees' Inc. Profit Sharing 401(k) Plan* provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of *Six Robblees' Inc.* The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan contains participant directed and non-participant directed pooled investments.

Eligibility:

New employees become eligible to defer a portion of their eligible compensation immediately upon hire.

Employees become eligible for Company profit-sharing contributions on the first entry date following completion of one year of service. A year of service is defined as 12 months from the day of hire and completion of 1,000 hours of service. Entry dates are the first day of January and July.

Participant Contributions:

Eligible employees may elect to make 401(k) salary deferral and/or designated Roth contributions up to 100% of gross compensation subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to modify their 401(k) elections each pay period.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in the target date fund based off the participant's date of birth until changed by the participant.

Eligible employees may make rollover contributions into the Plan from distributions from another qualified plan.

Company Contributions:

The Company may make profit-sharing contributions to be determined at the discretion of the Board of Directors. The Company profit-sharing contribution was $500,000 and $303,441 for the years ended December 31, 2025 and 2024.

Company profit-sharing contributions are allocated to eligible participants employed on the last day of the Plan year (December 31).

Note 1 – Description of Plan (Continued)

Participants' Accounts:

Separate accounts are maintained for 401(k) deferred compensation, designated Roth, participant rollover, voluntary after-tax and Company profit-sharing contributions for each participant as applicable. Each participant's 401(k) account is credited with their respective voluntary contributions and earnings (losses) based on participant-selected investment performance. The Company's profit-sharing contribution and forfeitures of terminated participants' non-vested amounts are allocated to participants on the basis of their individual eligible compensation over total eligible compensation.

Earnings and losses for Company profit-sharing pooled investments and any administrative and investment advisory fees paid by the Plan are allocated in the ratio that the net balance of each participant's account bears to the total balance of the pooled investment accounts of all participants as of the most recent valuation date.

Vesting:

Participants are immediately 100% vested in their 401(k) contributions, employee rollover contributions and earnings thereon. Vesting in the employer profit-sharing contribution is based on years of service. A participant is 100% vested after six years of credited service or upon death, disability or attainment of retirement age.

Forfeitures:

Terminated participants' non-vested amounts are allocated to current participants on the basis of their individual participant compensation as a % of total compensation. Forfeitures for the years ended December 31, 2025 or 2024 were $3,569 and $18,848.

Investment Options:

Upon enrollment in the Plan, a participant may direct contributions made on their behalf into various investment options offered by the Plan. Participants may change their contribution investment options and transfer balances daily. Company profit-sharing and after-tax contribution assets are pooled together and invested in Merrill Lynch investment accounts.

Administration Costs:

Investment transaction costs are netted against investment proceeds. Certain transaction costs are paid from the account of the participant requesting the transaction. Other administration costs, including recordkeeping and investment advisory fees, are paid by the Plan.

Note 1 – Description of Plan (Continued)

Payment of Benefits:

On termination of service or attainment of age 59 ½, a participant may elect to receive vested benefits in a single lump-sum distribution or in optional installments according to Plan limitations. In-service withdrawals before age 59 ½ are permitted from deferral balances in case of financial hardship, as defined by the Plan. "Hardship" withdrawals are available only to the extent that the participant has no other available resources to meet the financial needs, and the amount of withdrawal cannot exceed the amount needed.

Income Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

During the year ended December 31, 2025, the plan had $160 of participant contributions that were transferred late to the plan. These late contributions were nonexempt prohibited transactions. The required lost earnings of $3 for the year ended December 31, 2025 will be contributed to the plan subsequent to year end.

Note 2 – Significant Accounting Principles

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America. Contributions and realized investment earnings (losses) are recognized when earned, and expenses are recognized when resources are used and a liability is incurred. Unrealized changes in the market value of investments are recognized when the plan is valued at the end of any period.

Note 2 – Significant Accounting Principles (Continued)

Investments:

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's board of trustees determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits to participants are recorded when paid.

Estimates:

The preparation of financial statements in conformity with the accrual basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events:

Other than disclosed in Note 1, the plan trustees are not aware of any subsequent events requiring disclosure or adjustments in the financial statements as of October 12, 2026, the date the financial statements were available to be issued.

Note 3 – Risks and Uncertainties

The Plan provides for investments in various investment options. Investments are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options, it is at least reasonably possible that changes in the values of investment options will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4 – Party-in-Interest Transactions

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA. At December 31, 2025 and 2024, the Plan held $2,830,295 and $2,377,852 in shares of pooled separate accounts managed by Empower Annuity Insurance Company, a Plan custodian. At December 31, 2025 and 2024, the Plan held $662 and $1,159 in cash and money market funds sponsored by Merrill Lynch, a Plan custodian and investment adviser. All transactions with parties-in-interest were exempt from the prohibited transaction rules of ERISA.

Note 5 – Non-participant Directed Investments

Information about the significant components of the changes in net assets relating to the non-participant directed investments is as follows for the years ended December 31, 2025 and 2024:

	2025	2024
Cash contributions	$ 303,441	$ 500,000
Interest and dividends	426,628	390,994
Net appreciation (depreciation)	1,764,687	1,061,395
Benefits paid to participants	(1,674,127)	(541,394)
Transfer (to) from participant directed account	45,890	-0-
Investment, admin, and commission fees	(73,456)	(86,928)
	$ 793,063	$ 1,324,067

Note 6 – Plan Termination

Although the Company has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 7 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note 7 – Fair Value Measurements (Continued)

Level 1 - Unadjusted quoted prices in active markets for identical assets. These assets include investments in money market funds, mutual funds, corporate stocks and bonds, government obligations and other publicly traded investments. The fair value of the money market funds is based on the closing price reported by the fund sponsor from an actively traded exchange. The fair value of mutual funds is based on quoted net asset values of the units held by the Plan at year-end. Corporate stocks and bonds, government obligations and other investments are valued at the closing price reported in the active market on which the individual securities are traded.

Level 2 - Significant other observable inputs, including quoted prices for similar securities, interest rates, credit risk, etc. that are determined for an asset, either directly or indirectly, based on independent market data. These assets include pooled separate accounts with underlying mutual fund investments, pooled separate accounts with an underlying common collective trust investment, and a group annuity/group funding agreement. The fair value of pooled separate accounts with underlying mutual fund investments is based on the observable net asset value of the underlying investments. The fair value of pooled separate accounts with an underlying common collective trust investment is based on the price of the underlying investment received from the fund manager. The fair value of the group annuity/group funding agreement is based on the actuarial formula as defined under the terms of the contract.

Level 3 - Significant unobservable inputs for the asset or liability that reflect the Plan's own assumptions which market participants would use in pricing the asset based on the best information available. The Plan did not have any level 3 assets.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

Note 7 – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2025, and 2024:

		Fair Value Measurements at Reporting Date Using:		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Pooled separate accounts:				
Group annuity/group funding agreement	56,000	-0-	56,000	-0-
Mutual funds	2,321,852	-0-	2,321,852	-0-
Investments at fair value	$ 16,639,374	$ 14,261,522	$ 2,377,852	$ -0-

Note 7 – Fair Value Measurements (Continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025 and 2024, there were no significant transfers out of level 1 and into level 2 and no transfers into or out of level 3.

Note 8 – Information Certified by Plan Trustee

The following information in the financial statements and supplemental schedule was certified to be complete and accurate by Empower Annuity Insurance Company of America and MassMutual under a power of attorney granted to Empower Annuity Insurance Company of America, the trustees of the Plan's participant directed investments, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

Amounts included as participant directed investments in the statements of net assets available for benefits as of December 31, 2025 and 2024, and the schedule of assets (held at end of year) at December 31, 2025.

Participant directed investment income (loss) included in the statement of changes in net assets available for benefits for the years ended for December 31, 2025 and 2024:
