INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Curia 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Curia 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Curia 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Curia 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Curia 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Curia 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

An independent member of UHY International

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — PLAN DESCRIPTION

The following description of the Curia 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Curia Global, Inc. (the "Company"). There are no age or service requirements for full time employees to become eligible. Interns and temporary employees are considered ineligible unless they satisfy certain age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a profit sharing plan with an elective deferral feature under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Each eligible employee can elect to make salary deferral contributions into the Plan up to 75% of their eligible compensation, subject to certain limitations under the IRC. The Plan allows participants to make pre-tax deferrals and Roth deferrals, subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions as determined by the IRC. Effective January 1, 2025, the Plan adopted the "super catch-up" provision under the SECURE 2.0 Act of 2022, which allows Plan participants aged 60 to 63 to make larger catch-up contributions to the Plan, equal to the greater of $10,000 or 150% of the standard catch-up limit ($11,250 for 2025). Participants become eligible to contribute at this higher rate on January 1st of the year they turn 60. Eligibility ends the year they turn 64. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have a default pre-tax deferral rate set at 3% of eligible compensation. Unless otherwise directed by the participant, contributions are automatically invested in the target date fund based on the participants' expected retirement age. For auto-enrolled participants, the contribution will automatically increase by 1% each year up to a maximum of 10% of their eligible compensation, unless the participant elects not to participate in the auto-escalation feature. Effective June 2, 2025, the Plan was amended to change the automatic escalation maximum from 10% to 15% for all employees making deferral contributions in an amount less than the maximum.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, if any, (b) the Company's matching contribution on their deferrals, if any, (c) Plan net appreciation, and charged with an allocation of administrative expenses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 or (b) 50 percent of their vested account balance. Participants may not have more than one outstanding loan. Loan terms range up to five years or up to fifteen years when for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the prime interest plus 1 percent. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their salary deferral and rollover contribution accounts, and net earnings thereon. Vesting in the Company's contributions, matching contributions and related Plan net earnings (losses) is based on years of continuous service. A participant hired after January 1, 2021 is required to have three years of credited services to become 100% vested in the Company matching and discretionary contributions. Prior to January 1, 2021, participants were required to have two years of credited service to become 100% vested in the Company matching and discretionary contributions. Terminated participants who are rehired within five years are credited with prior service years. Participants also become 100% vested in the Company's matching contributions and related Plan net earnings upon a participant's termination due to a change in control of the Company.

Forfeitures

Forfeitures of employer contributions are used to reduce the employer contribution or used to pay Plan expenses. At December 31, 2025 and 2024, forfeited accounts totaled $576,832 and $1,059,776, respectively. During the year ended December 31, 2025, $1,071,072 of forfeited accounts were used to reduce employer contributions and $67,226 were used to pay administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant's distribution will be in the form of a lump-sum distribution of the participant's vested interest in his or her account, or an alternate form of payment, if permitted by the Plan, at the time of the distribution. Termination distributions of account balances greater than $5,000 may be deferred to a later date. Participants may also request an in-service withdrawal after age 59 ½ or hardship withdrawals upon meeting certain requirements as outlined by the Internal Revenue Service (IRS).

Transfer of Plan Assets

During the year ended December 31, 2025, certain participant assets were transferred to another qualified retirement plan sponsored by the Company due to a change in participant status.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies utilizing information provided by investment advisors and the insurance company.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes realized gains or losses and unrealized appreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays for plan expenses except certain plan investment advisory fees, initiation charges on notes receivable from participants and participant activity charges which include benefit processing, installment payment charges, and annuity payment charges.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 5, 2026, the date the financial statements were available to be issued.

NOTE 3 — PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are units of common/collective trust accounts with T. Rowe Price Trust Company which is the Plan's trustee, as defined by the Plan. T. Rowe Price Retirement Plan Services, Inc. is the Plan's recordkeeper as defined by the Plan. As such, these transactions qualify as party-in-interest transactions.

Notes receivable from participant transactions also qualify as exempt party-in-interest transactions.

NOTE 4 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of a termination, participants will become 100% vested in their account balance.

NOTE 5 — INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company, the trustee of the Plan has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024 and the schedule of assets (held at end of year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

NOTE 6 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measurement at fair value:

NOTE 6 — FAIR VALUE MEASUREMENTS (Continued)

Registered investment companies are valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trusts with a readily determinable fair value are valued at the NAV per unit reported by the trustee, which represents the price at which transactions occur, and are classified within Level 2 of the fair value hierarchy. Certain common/collective trusts that do not have a readily determinable fair value are valued using NAV per unit as a practical expedient to estimate fair value and therefore are not classified within the fair value hierarchy. Participant transactions (purchases and sales) may occur daily. There are no redemption restrictions or unfunded commitments in the common/collective trusts offered by the Plan.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's assets measured at fair value and the level within the fair value hierarchy in which the fair value measurements fell as of December 31:

	Fair value measurements as of December 31, 2025 using			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Registered investment companies	$50,587,759	$ -	$ -	$ 50,587,759
Common/collective trusts	-	216,213,636	-	216,213,636
Common/collective trusts[(a)]	-	-	-	12,200,240
Total investments, at fair value	$50,587,759	$216,213,636	$ -	$279,001,635

	Fair value measurements as of December 31, 2024 using			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Registered investment companies	$43,917,178	$ -	$ -	$ 43,917,178
Common/collective trusts	-	189,507,991	-	189,507,991
Common/collective trusts[(a)]	-	-	-	15,677,640
Total investments, at fair value	$43,917,178	$189,507,991	$ -	$249,102,809

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 7 — FULLY BENEFIT - RESPONSIVE INVESTMENT CONTRACT

Separate Account Investment Contract

The Plan has entered into a benefit responsive separate account investment contract with MassMutual in order to provide a guaranteed interest investment option. MassMutual pays contract value for participant withdrawals, regardless of the value of the assets in the separate account. The credited interest rate is a function of the relationship between contract value and the value of the assets in the separate account. The rate is reset periodically, quarterly or semi-annually, by MassMutual and cannot be less than zero. The contract holder may terminate the contract at any time, and receive the value of the assets in the separate account. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contracts by the plan, layoffs, plan termination, bankruptcy and mergers. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 8 — TAX STATUS

The IRS has determined and informed the Plan by a letter dated August 19, 2020, that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 — RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
