INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of TTX Company Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TTX Company Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of TTX Company Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TTX Company Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the TTX Company Thrift Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is sponsored by TTX Company (the “Company” or "we") covering all salaried employees except Field Maintenance Operations employees below the level of supervisor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan also meets the requirements of a Qualified Automatic Contribution Arrangement under Section 401(k)(13) of the Internal Revenue Code and qualifies as a safe harbor plan.

Eligibility

Covered employees become eligible to participate in the Plan as of the first day of the payroll period next succeeding his or her date of hire.

Contributions

Contributions to a participant’s account, which are not to exceed the annual contribution limit set by the Internal Revenue Code, arise from the following:

(a) Participant Contributions. A participant's contributions are recognized when deducted from their paychecks. Participants' individual contributions are made through salary deductions and may range from 1% to 99% of eligible compensation. Contributions may be made on a pre-tax basis or after-tax basis according to the provisions of the Plan document. Contributions may also include Roth Contributions.

(b) Company Matching. Company matching contributions are recognized at the same time as participant contributions. The Company matches 100% of the first 1% of participant contributions plus 50% of contributions that exceed 1% but do not exceed 6%.

(c) Company Direct Contributions. The Company makes annual direct contributions of 5.5% of participants' eligible compensation as follows:

i. For participants hired on or after January 1, 2020, and still a participant on the last day of the plan year, or terminated from the Plan during the year due to retirement after attaining Normal Retirement Date, death, or Disability.

ii. For participants who are Retirement Choice Participants, as defined in the TTX Company Pension Plan, for plan years beginning on or after January 1, 2021, and still a participant on the last day of the plan year, or terminated during the plan year due to retirement after attaining Normal Retirement Date, death, or Disability.

(d) Automatic Contributions. Any employee who is eligible to participate in the Plan and has not made a participation election within 30 days after enrollment materials are provided shall be treated as if they elected to have an automatic pre-tax contribution of 3%. Until the participant elects otherwise, the specified pre-tax contribution percentage shall increase by an additional 1% of the participant's compensation as of the beginning of each subsequent plan year, subject to a maximum automatic contribution of 10%.

(e) Rollover Contributions. If a participant participated in a previous employer's qualified plan before joining the Company, he or she can transfer or "roll over" all or part of the eligible money to the Plan. Additionally, an eligible participant may elect to roll over lump sum distributions from the TTX Company Pension Plan. A participant's rollover account is always 100% vested under the Plan and is credited with net investment earnings or losses based on the investment funds chosen. Rollovers are not eligible for Company matching.

Participant Accounts
The benefit to which a participant is entitled is the participant's vested account balance less outstanding loans, if any.

Investment Options
Participants direct the investment of their account balance into various investment options offered by the Plan. Participants may select any of the Plan's investment options in multiples of 1% and may change their investment elections at any point in time. If participants are automatically enrolled, contributions are invested in an investment fund determined by the TTX Company Pension and Benefit Committee ("Committee") until changed by the participant.

Vesting
Participants become 100% vested in Company contributions after two years of service. Participants become fully vested in otherwise unvested Company contributions upon retirement after age 60 or upon termination due to death, disability (as defined in the Plan), or reduction in work force. Participants are always fully vested in their contributions plus actual earnings thereon.

Administration of the Plan
The Committee administers the Plan. Vanguard Fiduciary Trust Company ("Trustee") is the trustee for all Plan assets other than those assets invested in a pooled separate account group annuity contract, the VOYA Intermediate Stable Value Fund ("VOYA ISVF"), provided by VOYA Retirement Insurance and Annuity Company ("VRIAC"). The Company, on behalf of the Plan, is the holder of this contract. The guarantee provided by the contract is based on the claims-paying ability of VRIAC supported by the full faith and credit of VRIAC. The recordkeeper for the Plan is the Vanguard Group.

Administrative Expenses
The Company pays the fees and expenses of plan-level matters such as accounting, legal, compliance, and investment advisory services. Plan participants pay fees for loans and distributions. Recordkeeping fees are charged against participants' investment earnings.

Notes Receivable from Participants
Subject to such rules and limitations as may be established from time to time, participants are allowed to borrow 50% of their vested account balance up to $50,000. The interest rate on a loan is fixed at the applicable prime rate in effect on the date of the loan. Loan repayments are made by payroll deduction, typically over a period of five years for general-purpose loans or thirty years for a home purchase, at the election of the participant. As of December 31, 2025, participant loans have maturities through 2053, at interest rates ranging from 3.25% to 8.50%.

Payment of Benefits
Upon termination of employment, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance less outstanding loans, if any. Vested balances less than $5,000 are automatically distributed within 60 days after employment is terminated. A participant may elect to receive a partial distribution of his or her vested account balance.

Interplan Transfers
Employees may be transferred within the Company, which may result in a transfer of assets between the Plan and the Thrift Plan for Maintenance and Production Employees. Such asset transfers are shown as Interplan transfers in the Statement of Changes in Net Assets Available for Benefits.

Termination of the Plan
Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, except for the VOYA ISVF, which is stated at contract value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 6 and 7.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in the fair value of investments includes realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of year.

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. For reporting on Form 5500, if a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. See Note 9.

Employer Contributions Receivable
Company direct contributions earned during the reporting period and made after December 31, are recognized as employer contributions receivable as of the reporting end date.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Benefit Payments
The Plan accounts for withdrawals when paid. For reporting on Form 5500, withdrawals are recorded in the period such amounts are authorized to be paid. Such treatment may result in a difference between the Plan's Form 5500 and the accompanying financial statements. There was no such difference in 2025 or 2024.

Forfeiture of Benefits
Forfeiture of the non-vested portion of Company contributions is determined and recognized at the time of a participant's termination of employment. Forfeitures are utilized to reduce Company contributions in future periods. Forfeited amounts applied as Company contributions in 2025 were $48,678. At December 31, 2025 and 2024, forfeiture balances were $6 and $361.

3. Certified Investment Information

The following data disclosed in the accompanying financial statements and ERISA-required supplemental schedule as of December 31, 2025 and 2024, and for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee:

- Investments at fair value as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024
- Notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024
- Interest income, Dividend income and Interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025
- Net appreciation in fair value of investments of $19,109,221, excluding $16,726 of deposited, noncashed checks, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- All investment balances and classification disclosed in Note 6, excluding the level of investments
- Form 5500 Schedule H, Part IV, Line 4i, - Schedule of Assets (Held at End of Year) excluding the VOYA ISVF as of December 31, 2025

4. Tax Status

The Plan has a determination letter, dated February 1, 2016, from the Internal Revenue Service stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe that the Plan continues to be designed and operating in compliance with the applicable requirements of the Internal Revenue Code.

We have analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress and the Plan is no longer subject to income tax examinations for years prior to 2022.

5. Risks and Uncertainties

The Plan provides for various investment options in funds that invest in combinations of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks such as interest rate, economic, market, credit, currency and political. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are classified according to a three-level hierarchy based on management's judgment about the reliability of the inputs used in the fair value measurement. Level 1 inputs are quoted prices available in active markets for identical assets or liabilities. Level 2 inputs are observable, either directly or indirectly, and include quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 3 inputs are unobservable, meaning they are not supported by data outside the reporting entity. Fair value measurements classified as Level 3 typically rely on the use of pricing models and discounted cash flow methodologies where significant management judgment is required. The fair value measurement level within the fair value hierarchy is determined by the lowest level of any input that is significant to the fair value measurement. The valuation techniques used strive to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments in mutual funds are valued at the net asset values ("NAV") of shares held at year-end. Mutual funds have a quoted market price in an active market and are considered Level 1 inputs.

The following table sets forth the fair value of the Plan's investments, which are all Level 1 inputs, at December 31:

	2025	2024
Balanced mutual funds	$ 85,847,663	$ 67,029,653
Equity mutual funds	55,391,101	53,272,206
International mutual funds	9,535,032	7,907,389
Bond mutual funds	8,900,359	7,028,013
Investments at fair value	$ 159,674,155	$ 135,237,261

7. Contract Value Investments

The Plan includes assets invested in a fully benefit-responsive group annuity contract, the VOYA ISVF, provided by VRIAC, which is included in the Plan at contract value. The VOYA ISVF generally provides daily market liquidity to the Plan. In extraordinary conditions, however, VRIAC may choose to impose restrictions on daily transactions. The ability of the VOYA ISVF to be fully participant-responsive to daily requests is also dependent on the claims-paying ability of VRIAC. In addition, if this contract is discontinued, for whatever reason, the determination and distribution of the separate account balances would be made per the terms of the contract.

8. Exempt Party-in-Interest Transactions

The Plan invests in shares of mutual funds managed by an affiliate of the Trustee. Transactions in such investments qualify as party-in-interest transactions that are exempt from the prohibited transaction rule. Notes receivable from participants also qualify as party-in-interest transactions.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 176,397,185	$ 154,155,318
Certain participant loans deemed distributed	(55,340)	(55,340)
Net assets available for benefits per the Form 5500	$ 176,341,845	$ 154,099,978

The following is a reconciliation of total deductions per the financial statements at December 31, 2025, to the Form 5500:

Total deductions per the financial statements	$ 15,589,811
Certain participant loans deemed distributed	-
Total deductions per the Form 5500	$ 15,589,811

10. Subsequent Events

All subsequent events have been evaluated through July 24, 2026, the date the financial statements were available to be issued.
