INDEPENDENT AUDITOR'S REPORT

To the Management and Participants
Petroleum Marketers 401k Plan
Morristown, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Petroleum Marketers 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(c)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103.5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statement section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Petroleum Marketers 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Petroleum Marketers 401k Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Petroleum Marketers 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Petroleum Marketers 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PETROLEUM MARKETERS 401K PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

NOTE 1 – DESCRIPTION OF PLAN

The following description of Petroleum Marketers 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective April 1, 1981, Rogers Petroleum, Inc. (the "Plan Sponsor" or the "Company") implemented a defined contribution 401(k) profit sharing plan covering substantially all employees of Rogers Petroleum, Inc. and Interstate Travel Centers, Inc. who have completed one year of employment with at least 1,000 hours of service and are age 21 or older. Effective January 1, 2014, the Plan Sponsor amended the Plan to adopt a Qualified Automatic Contribution Arrangement (QACA), including safe harbor provisions and the annual notice requirement. Effective September 13, 2014, and December 1, 2019, the Plan Sponsor amended and restated the Plan to incorporate recent legislative changes required to maintain the Plan's qualified status.

Contributions

The QACA arrangement provides for an initial 5% default elective contribution by participants with automatic increases by 1% after the first year, up to a maximum 10% automatic elective deferral contribution. The default participant deferral percentage and annual increases will apply unless the participant elects a different, or no percentage to be deferred. Participant contributions also are limited to maximum deferral amounts set forth in the Internal Revenue Code. Under the QACA arrangement the Plan Sponsor provides a matching contribution equal to 100% of the first 1% of pay, plus 50% of 2% to 6% of pay for a maximum employer match of 3.5% of the participant's compensation as defined in the plan document. The Plan document also provides for discretionary contributions allocable based on annual pay as defined in the document.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions and allocations of (a) the Company's contribution, if applicable, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participants' eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The majority of the administrative fees are absorbed by the plan sponsor.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance, reduced by already outstanding loan balances as described in the Plan document.

Vesting

The employee's deferral is fully vested at all times. The employer match under the QACA arrangement is 100% vested after two years of vesting service, as defined. All other contributions are vested according to a six- year graded schedule in accordance with the Plan document.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Investment Options

The Plan's investment options are managed by Principal Life Insurance Company, the trustee of the Plan. Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments in any of the available funds managed by Principal Life Insurance Company.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly installments over a period not to exceed participants' (or beneficiaries') life expectancy or joint survivor annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals are allowed.

Forfeited Accounts

There were no forfeitures as of December 31, 2025 and 2024, respectively. Forfeitures are used first to pay administrative expenses of the Plan. Any excess forfeitures, after paying administrative expenses, are used to reduce employer contributions.

Administrative Expenses

The Plan permits the payment of the Plan expenses to be made from the Plan assets. If the Company does not pay these expenses, then the expenses paid using the Plan's assets will be allocated among the participant accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets must be used for the exclusive benefit of participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared using the accrual method of accounting based on accounting principles generally accepted in the United States of America, which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Financial Accounting Standards Board (FASB) has adopted the Accounting Standards Codification (ASC) as the sole source of authoritative GAAP. The FASB will issue Accounting Standards Updates (ASU) from time to time to make adjustments to GAAP.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as reported by the trustee, Principal Life Insurance Company. Shares of mutual funds, pooled separate accounts, and unallocated contracts are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. See Note 4 for discussion of fair value measurements. The Plan's investments are valued daily.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the year or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following information included in the accompanying financial statements and supplementary schedule were obtained from data that has been prepared and certified as to complete and accurate by the trustee at December 31, 2025 and 2024, and for the year ended December 31, 2025.

	2025	2024
Investments at fair value	$ 7,223,085	$ 5,833,801
Investment income:		
Net appreciation/(depreciation) in fair value of investments	$ 774,879	$ 521,573

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The trustee did not provide a breakdown of investment income between appreciation in fair value and interest and dividends, as is required by GAAP. The effect of this departure from GAAP is not considered to be material.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 consists of unadjusted quoted prices in active markets for identical assets or liabilities and has the highest priority.
- Level 2 consists of inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 consists of significant unobservable inputs for the asset or liability and has the lowest priority.

Following is a description of the valuation methodologies used for assets measured at fair value.

Guaranteed Interest Accounts: The guaranteed interest accounts cannot be sold to a third-party, thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. The fair value of the account is the value paid when funds are withdrawn prior to their maturity. The fair value of the guaranteed interest accounts is reflected in Level 3 and the valuation is based on the applicable interest rate. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value.

Separate Accounts of Insurance Company: The net asset value of each of the separate accounts is calculated in a manner consistent with U. S. GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The separate accounts are reflected in Level 2. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stock and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the net asset value of the separate account which is not publicly quoted.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, and 2024:

		Fair Value Measurements Using:	
December 31, 2025	**Fair Value**	**Level 1**	**Level 2**
Mutual funds	$ 638,687	$ 759,226	$ -
Unallocated contracts	232,825	-	232,825
Pooled separate accounts	6,231,034	-	6,231,034
Total	$ 7,223,085	$ 759,226	$ 6,463,859

December 31, 2024	**Fair Value**	**Level 1**	**Level 2**
Mutual funds	$ 638,687	$ 638,687	$ -
Unallocated contracts	244,096	-	244,096
Pooled separate accounts	4,951,018	-	4,951,018
Total	$ 5,833,801	$ 638,687	$ 4,279,206

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts managed by the investment trustee. Therefore, these transactions qualify as party-in-interest transactions. Investment fees paid to the trustee are netted against investment returns. All of these party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Therefore, the (prototype) Plan and related trust are tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes.* The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years ended December 31, 2019 through December 31, 2025.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS

The plan administrator evaluated events and transactions subsequent to December 31, 2025, through the date of the independent auditor's report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements.
