Board of Directors
Community Human Services Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Community Human Services Corporation 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute

assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMUNITY HUMAN SERVICES CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

1. Description of Plan

Community Human Services Corporation (Organization) is a not-for-profit corporation in the Pittsburgh area that administers several human services programs. The following description of the Community Human Services Corporation 401(k) Plan (Plan) provides only general information. The accompanying financial statements include only the activity and financial position of the Plan and are not intended to reflect the activities of the Organization as a whole. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

On May 25, 2024, the Plan was established as a separate 401(k) plan pursuant to a spinoff from the ADP TotalSource Retirement Savings Plan, a multiple employer plan (MEP) administered by ADP TotalSource. This spinoff was conducted in accordance with applicable Internal Revenue Service (IRS) and Department of Labor (DOL) regulations. All participant account balances and plan assets attributable to the Organization under the prior MEP were transferred into the newly established plan. The transition did not affect participant investment elections, account balances, or loan terms, and plan features were maintained to ensure continuity of retirement benefits.

General

The Plan is a defined contribution plan covering all employees of the Organization who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. The Board of Trustees oversees governance of the Plan. The Plan's investment advisors determine the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan and in accordance with the Internal Revenue Code (IRC) section 415 limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set

at 3% of eligible compensation. Contributions are automatically invested in a designated fund until changed by the participant.

The Organization provides safe harbor matching contributions equal to 100% of each participant's elective deferrals up to 3% of compensation, plus 50% of elective deferrals between 3% and 5%. The Plan permits employer nonelective contributions; however, no such contributions were made during the years ended December 31, 2025 and 2024. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested 100% of their elective salary deferrals, rollover contributions, employer match contributions, and earnings thereon.

Forfeitures

Participants are fully vested in all contribution types and related earnings upon entry. Accordingly, no forfeitures are incurred upon withdrawal.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only have one loan outstanding from the Plan. Borrowings are considered to be collectible, as they are secured by the balance in the participant's account. Interest is charged at a reasonable rate as defined in the Plan document and is recorded on the accrual basis. Interest rates range from 8.00% to 9.50% for the years ended December 31, 2025 and 2024. Principal and interest are paid ratably through bi-weekly payroll deductions. Terms may not exceed five years

unless the loan is granted for the purpose of acquiring the participant's principal residence. Notes receivable are stated at their unpaid principal balance plus accrued unpaid interest.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the choices provided under the Plan. These are determined by the Plan sponsor, and participants may change their investment options daily.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account.

Plan Transfers

At plan inception, as discussed previously, the transfers from the ADP TotalSource Retirement Savings Plan, a qualified plan, were $1,141,400 for the year ended December 31, 2024. There were no external plan transfers for the year ended December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Plan's interest in the Voya Fixed Account (4450) (the contract), an unallocated general account contract, which is reported at contract value. Contract value reflects deposits and credited earnings, less distributions and contract charges. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Organization are recorded in the year in which the participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant notes are reclassified as benefit payments subject to the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no benefits allocated to the accounts of persons who had withdrawn from the Plan but were not paid as of December 31, 2025 or 2024, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Investment-related expenses are included in net

appreciation (depreciation) in fair value of investments. Administrative expenses of the Plan are allocated to participant accounts.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

The fair value of assets measured on a recurring basis at December 31, 2025 and 2024 are as follows:

	Fair Value Measurements as of December 31, 2025			
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Common Collective Trust Funds	$ 1,472,223	$ -	$ -	$ 1,472,223
Mutual Funds	17,868	-	-	17,868
Investments at fair value	$ 1,490,091	$ -	$ -	$ 1,490,091

	Fair Value Measurements as of December 31, 2024			
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Common Collective Trust Funds	$ 1,259,458	$ -	$ -	$ 1,259,458
Mutual Funds	-	-	-	-
Investments at fair value	$ 1,259,458	$ -	$ -	$ 1,259,458

The Plan's interest in the contract of $179 and $0 as of December 31, 2025 and 2024, respectively, is excluded from the fair-value hierarchy above.

Fair values for Level 1 investments are determined by reference to unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access. Fair values for Level 2 investments are determined by reference to quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 investments have significant unobservable inputs, as they trade infrequently or not at all.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common Collective Trust Funds – The fair value of common collective trust funds is based on quoted net asset values of the shares as reported by the fund. The funds publish their daily net asset value and transact at that price. The common collective trust funds held by the Plan are considered to be actively traded.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by the Plan's Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) of fair value investments and dividends and interest for the year ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Organization has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect, subject to the provisions of ERISA.

6. Tax Status

The Organization has adopted a pre-approved plan document that has received an opinion letter from the IRS dated May 27, 2021, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. In addition, the Plan annually files a Form 5500.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan.

7. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan for management services amounted to $20,574 and $6,477 at December 31, 2025 and 2024, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of plan net assets available for benefits per the financial statements as of December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Plan net assets available for benefits per the financial statements	$ 1,519,916	$ 1,284,505
