INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
THE MORTGAGE LINK, INC. (401k) PSP AND TRUST

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of THE MORTGAGE LINK, INC. (401k) PSP AND TRUST, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of THE MORTGAGE LINK, INC. (401k) PSP AND TRUST'S financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of THE MORTGAGE LINK, INC. (401k) PSP AND TRUST and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter—Prior Period Financial Statement

Plan management is responsible for the accompanying financial statement of THE MORTGAGE LINK, INC. (401k) PSP AND TRUST, which comprises the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about THE MORTGAGE LINK, INC. (401k) PSP AND TRUST'S ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of THE MORTGAGE LINK, INC. (401k) PSP AND TRUST'S internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about THE MORTGAGE LINK, INC. (401k) PSP AND TRUST'S ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of the Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of THE MORTGAGE LINK, INC. 401(K) PSP AND TRUST (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor. The Mortgage Link, Inc. (the Company) is the Plan sponsor and Plan administrator. Ascensus Trust Company serves as trustee and custodian of the Plan's assets and as recordkeeper.

General

The Plan is a defined contribution plan established on January 1, 2022, to provide retirement benefits for eligible employees of the Company. Employees who have attained age 21 are eligible to participate in the Plan for purposes of making pre-tax and Roth elective deferrals and receiving qualified nonelective contributions upon completion of three consecutive months of service. Employees become eligible to receive employer matching contributions and employer profit-sharing contributions upon completion of one year of service, including at least 1,000 hours of service during the eligibility computation period, as defined by the Plan. Eligible employees enter the Plan immediately upon satisfying the applicable age and service requirements. Employees covered by a collective bargaining agreement and certain nonresident aliens are excluded from participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions and Investment Options

Participants may elect to contribute a portion of their eligible compensation to the Plan through pre-tax and Roth elective deferrals, subject to limitations prescribed by the Internal Revenue Service. The limit set by the Internal Revenue Service was $23,500 in 2025 and $23,000 in 2024. The catch-up limit for participants aged 50 and over who participate in the plan was $7,500 in both 2025 and 2024. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time. At the option of the Company's board of directors, the Company may make matching contributions and profit sharing contributions that are invested in a portfolio of investments as directed by the Company. During 2025, the Company elected to provide a discretionary matching contribution equal to 10% of participants' elective deferral contributions. The profit-sharing allocation is based on the relationship of the participant's compensation to the total compensation for all participants. The Company has evaluated all contribution receivables and has deemed them all collectible and that no allowance is necessary.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions/investments are participant directed.

NOTE A - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are 100% vested immediately in any salary deferrals (including catch-up contributions), qualified nonelective contributions and rollover accounts, along with those earnings associated with these accounts. Vesting in the Company's matching and profit-sharing contribution portion of each participant's account plus actual earnings thereon is based on years of continuous service. A participant earns a year of vesting service for each Plan Year in which at least 1,000 hours of service are completed and is fully vested after three years of credit service.

Years of Service	Percentage
Less than one year	0%
One year	0%
Two years	50%
Three or more years	100%

Notes Receivable from Participants

Participants may borrow from their vested account balances subject to certain limitations established by the Plan. Loans are limited to the lesser of $50,000, reduced by the participant's highest outstanding loan balance during the preceding 12-month period, or 50% of the participant's vested account balance, reduced by outstanding loan balances. The minimum loan amount is $1,000, and participants may have no more than two loans outstanding at any one time. Loans are collateralized by the borrower's vested account balance and bear interest at a rate equal to the prime rate plus 1%. In the event of default, the outstanding loan balance may be treated as a deemed distribution to the participant in accordance with applicable Internal Revenue Service regulations. Participant loans are measured at their unpaid principal balance. Interest income is recorded when earned. No allowance for expected credit losses has been recorded for participant loans as of December 31, 2025 and 2024, as ASC 326-20-15-3 excludes loans made to participants by defined contribution employee benefit plans from the current expected credit losses model.

Payment of Benefits

On termination of service due to death, disability or normal retirement, the participant becomes 100% vested in their employer profit-sharing account. The Plan provides for a lump-sum, partial, and installment distribution. The Plan also provides for involuntary cash-out distributions of certain small account balances.

Forfeitures

Forfeitures may be used to pay Plan expenses or reduce future employer contributions. At December 31, 2025 and 2024, forfeitures available for such purposes totaled $0 and $6,895, respectively. During the years ended December 31, 2025 and 2024, forfeited funds of $10,790 and $7,598, respectively, were used to pay Plan expenses.

NOTE A - DESCRIPTION OF PLAN (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Administrative expenses recorded by the Plan during the years ended December 31, 2025 and 2024, totaled $16,201 and $13,531, respectively. These generally include maintenance fees, withdrawal fees, recordkeeping fees, and managed account fees charged directly to the participant's account.

Financial advisory fees recorded by the Plan during the years ended December 31, 2025 and 2024, totaled $6,699 and $-0-, respectively, for investment advisory services provided to the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustee. See Note E for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through October 9, 2026, which is the date the financials were available to be issued.

NOTE C - INCOME TAX STATUS

The Plan has adopted a prototype plan document sponsored by Ascensus Trust Company. Although the Plan has not obtained its own determination letter from the Internal Revenue Service (IRS), the prototype plan document has received a favorable opinion letter from the IRS dated December 21, 2018, stating that the form of the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the prototype plan document, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2022.

NOTE D - CERTIFIED INVESTMENT INFORMATION (ERISA SECTION 103(a)(3)(C))

Ascensus Trust Company, the trustee and custodian of the Plan and a qualified institution as defined under 29 CFR 2520.103-8, has certified that certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, interest, and interest income on notes receivable from participants for the year ended December 31, 2025, was prepared by the qualified institution and is complete and accurate. The Plan Administrator obtained this information from, and agreed it to or derived it from, information certified as complete and accurate by Ascensus Trust Company. Management has elected an ERISA Section 103(a)(3)(C) audit, and, accordingly, the audit did not extend to the certified investment information except as described in the Independent Auditor's Report.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reported date.

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following section describes the valuation methodologies used to measure various financial instruments at fair value. There have been no changes in the methodologies used during the years ended December 31, 2025 and 2024.

Interest-Bearing Cash

Interest-bearing cash includes cash held by the investment custodian and money market funds. Money market funds are valued at the daily closing price as reported by the funds.

Investment in Registered Investment Companies

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment in Self – Directed Brokerage Accounts

Self-directed brokerage accounts are valued based on the fair values of the underlying investments held in participants' brokerage accounts. Participants may invest in a variety of investment securities, including mutual funds, common stocks, exchange-traded funds, bonds, and money market funds. Investments held within the self-directed brokerage accounts are generally valued using quoted market prices in active markets or net asset values provided by investment managers. The underlying investments are deemed to be actively traded.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth the Plan's assets measured at fair value by level within the fair value hierarchy. As required by generally accepted accounting principles, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Fair Value Measurements Using Input Type			
December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 7,444	$ -	$ -	$ 7,444
Registered investment companies:				
Mutual funds and total assets in the fair value hierarchy	2,195,155	-	-	2,195,155
Total investments measured at fair value	$ 2,202,599	$ -	$ -	$ 2,202,599

	Fair Value Measurements Using Input Type			
December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 18,031	$ -	$ -	$ 18,031
Registered investment companies:				
Mutual funds and total assets in the fair value hierarchy	1,214,266	-	-	1,214,266
Investment in self-directed brokerage accounts	40,667	-	-	40,667
Total investments measured at fair value	$ 1,272,964	$ -	$ -	$ 1,272,964

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and services are provided by Ascensus Trust Company and its affiliates, which serve as the Plan's trustee, custodian, and recordkeeper. These transactions qualify as party-in-interest transactions as defined under ERISA; however, they are exempt from the prohibited transaction rules of ERISA and the Code. Fees paid by the Plan for recordkeeping, custodial, and other administrative services during the year are reflected in administrative expenses in the statement of changes in net assets available for benefits.

Notes receivable from participants also qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.
