INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Participants and Beneficiaries
Glaz-Tech Industries, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Glaz-Tech Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Glaz-Tech Industries, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC and Empower Annuity Insurance Company of America, qualified institutions, as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Archer Lewis" is a brand name under which Archer Lewis, LLC, its subsidiary entities, and Jarrard, Nowell & Russell, LLC, independently owned entities, provide professional services in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations and professional standards. Jarrard, Nowell & Russell, LLC is a licensed independent CPA firm that provides attest services and Archer Lewis, LLC and its subsidiary entities provide bookkeeping, tax and advisory services. Archer Lewis, LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Glaz-Tech Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Glaz-Tech Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Glaz-Tech Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Glaz-Tech Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of Glaz-Tech Industries, Inc. 401(k) Plan. In accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report, dated October 1, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to the assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that managements determines meets the requirements of ERISA Section 103(a)(3)(c).

1. Description of Plan

The following description of the Glaz-Tech Industries, Inc. (Plan Sponsor) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Plan Sponsor who have at least three months of service and are 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pre-tax elective deferrals and Roth elective deferrals of compensation, as defined by the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who attain ages 60 through 63 during the calendar year are eligible to make catch-up contributions up to a higher limit established under the SECURE 2.0 Act of 2022. Participants may also make rollover contributions, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations as defined by the plan and imposed by the Internal Revenue Code. The Plan Sponsor can make discretionary matching contributions. For the years ended December 31, 2025 and 2024, participant contributions were matched by the Plan Sponsor as follows: 10% of participant contributions up to participant contributions of 5%. The Plan Sponsor contributed $23,643 and $28,025 in 2025 and 2024, respectively. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor's management. The Plan Sponsor opted not to make additional profit-sharing contributions in 2025 or 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Plan Sponsor's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their pre-tax and Roth contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary matching contributions, profit-sharing contributions and any earnings thereon is based on years of continuous service. A participant is 100% vested after three years of service.

Forfeited Accounts

Non-vested account forfeitures during the years ended December 31, 2025 and 2024 totaled $2,286 and $9,274, respectively. Forfeitures may first be used to pay plan expenses. Any forfeitures left after paying plan expenses may be used to reduce future contributions. In 2025 and 2024, plan expenses were reduced by $3,205 and $2,425, respectively from non-vested account forfeitures. In 2025 and 2024, employer contributions were reduced by $5,323 and $296, respectively from non-vested account forfeitures. The balance remaining in the forfeiture account at December 31, 2025 and 2024 was $685 and $6,720, respectively.

1. Description of Plan, continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms may not exceed five years, except for a loan to purchase a personal residence, and only two loans can be outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range between 4.25% to 9.50%. Interest is recognized as interest income when it is paid. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death, or other severance of employment. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of years not exceeding the participant's normal life expectancy or the normal joint life expectancy of the participant and designated beneficiary. Participants who terminate service due to other reasons and have a vested account balance of less than $1,000 will receive a lump-sum distribution of 100% of their vested benefits. Distributions for participants with vested account balances greater than $1,000 but not in excess of $7,000 who terminate employment and fail to make a distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who terminate employment and have a vested account balance greater than $7,000 may choose a lump-sum distribution or partial payments.

Participants may withdraw at any time any rollover contributions made. A participant may make withdrawals from his or her entire vested account balance once the participant reaches age 59-1/2. Subject to certain limitations as defined by the Plan and applicable regulations, participants may take hardship, disability and deemed severance withdrawals.

Retirement Plan Provisions Under the Secure 2.0 Act of 2022

Recently enacted legislation, known as SECURE 2.0 Act of 2022 (SECURE 2.0), implemented or will implement changes for tax qualified retirement plans, with some changes being more significant than others. Certain provisions for SECURE 2.0 were effective in 2022, 2023 and 2024, whereas other provisions are effective for 2025 or later years. Furthermore, many provisions are optional including some that the Plan may adopt, while others it will not adopt.

SECURE 2.0 provisions which have been adopted by the Plan and are currently operationally effective include RMD rules required for 2024 and 2025, an increase in mandatory distributions limit from $5,000 to $7,000, and the increased catch-up contribution limit for participants aged 60 through 63.

SECURE 2.0 includes provisions that become effective in future periods. Effective January 1, 2026, catch-up contributions made by participants age 50 or older whose prior-year FICA wages exceeded $145,000 (as adjusted for inflation) must be designated as Roth contributions. In Notice 2023-62, the Internal Revenue Service provided an administrative transition period under which catch-up contributions were not required to be designated as Roth contributions before 2026.

The Plan will be amended to reflect changes made in response to SECURE 2.0 prior to December 31, 2026.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions Receivable and Credit Loss Policy

Contributions receivable are financial assets held by the Plan that are subject to the guidance of FASB Topic ASC 326. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The Plan Sponsor has concluded that no allowance for current expected credit losses was necessary at December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. See Note 10 for details of excess contributions payable to participants.

2. Summary of Significant Accounting Policies, continued

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in the net change in fair value of investments.

Date of Management's Review

The Plan Sponsor has evaluated events and transactions for subsequent events that would impact the financial statements for the year ended December 31, 2025 through October 6, 2026, the date the financial statements were available to be issued. See Note 13 for a description of significant events that occurred after December 31, 2025.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation and/or depreciation in fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, the trustees).

The contract value of the guaranteed investment contract as of and for the year ended December 31, 2025 and 2024 was certified by Empower Annuity Insurance Company of America (Empower Insurance), however, the fair value of the guaranteed investment contract and any related adjustment from fair value to contract value for fully benefit-responsive investment contracts was not.

The following information included in the accompanying financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) was obtained from data that has been prepared and certified to as complete and accurate by the trustees.

	2025	2024
Investments measured at fair value	$ 2,090,760	$ 1,826,869
Investments measured at contract value	156,193	164,711
Total investments	$ 2,246,953	$ 1,991,580
Investment income	$ 318,864	$ 197,923

The Plan's independent auditor did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability; and
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,090,760	$ -	$ -	$ 2,090,760
Total assets at fair value	$ 2,090,760	$ -	$ -	$ 2,090,760

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,826,869	$ -	$ -	$ 1,826,869
Total assets at fair value	$ 1,826,869	$ -	$ -	$ 1,826,869

5. Guaranteed Investment Contract with Insurance Companies

The Plan entered into a fully benefit-responsive guaranteed investment contract with Empower Insurance. Empower Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measure of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2025 and 2024 was $156,193 and $164,711, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	2025	2024
Based on actual earnings	1.45%	1.41%
Based on interest rate credited to participants	1.45%	1.41%

6. Related-Party and Parties-in-Interest Transactions

Certain Plan investments are in proprietary investment options sponsored by Empower Trust Company, LLC, the custodian as defined by the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations.

Fees paid by the Plan Sponsor on behalf of the Plan for legal, accounting, and other services rendered to the Plan were based upon customary and reasonable rates for such services as determined by the Plan's trustees.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the Internal Revenue Code. Accordingly, the trust's net investment income is exempt from income taxes.

The IRS communicated by opinion letter dated November 14, 2022 that the pre-approved plan document and related trust adopted by the Plan Sponsor are designed in accordance with applicable sections of the IRC. Pre-approved defined contribution plan documents must be restated in their entirety to include language for changes in applicable laws or regulations every six years. This restatement process incorporates all amendments made to the plan during the past six years into a new plan document. The Plan Administrator believes that the Plan, as designed and amended, is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has taken no uncertain tax positions requiring disclosure for the years ended December 31, 2025 and 2024.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Excess Participant Contributions Payable

The Plan failed the ADP/ACP test for the plan years ended December 31, 2025 and 2024, however the only corrections required were to refund excess employer contributions to forfeitures. As a result, there are no excess contributions payable recorded in the statement of net assets available for benefits as of December 31, 2025 and 2024. The Plan distributed the excess contributions to forfeitures prior to March 15, 2026 and 2025.

11. Correction of Operational Error

The Plan Administrator identified an operational error in the administration of the Plan during the year ended December 31, 2025. The operational error resulted in a missed deferral opportunity for the impacted participant as the result of the use of an incorrect definition of compensation. As of December 31, 2025, the Plan Administrator is working to determine the full scope of the operational error and the exact amounts of the corrective contributions required for the impacted participant. The operational error is insignificant and, as such, can be corrected under the Self-Correction Program (SCP) of the IRS' EPCRS. As of December 31, 2025, funding of the corrective contribution and correction under the SCP are pending and expected to be completed during the year ended December 31, 2026.

12. Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of corrective distributions to participants per the financial statements for the year ended December 31, 2024 to the Form 5500.

	2024
Corrective distributions per the financial statements	$ -
Adjustment for excess distributions payable at December 31, 2024	34,727
Corrective distributions per the Form 5500	$ 34,727

13. Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 6, 2026. SECURE 2.0 is addressed in Note 1. There were no additional subsequent events that require recognition or additional disclosure in these financial statements.
