To the Plan Administrator
Ozark Opportunities, Inc. 403(b) Plan
Harrison, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ozark Opportunities, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 2, 2026 and February 28, 2026, the related statements of changes in net assets available for benefits for the period March 1, 2026 through March 2, 2026 and the year ended February 28, 2026, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 2, 2026 and February 28, 2026 and for the period and year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ozark Opportunities, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination

As described in Note 3, effective March 2, 2026, all assets of the Plan were transferred to FlexPEP(b) Pooled Employer 403(b) Plan (successor plan). Accordingly, the Plan reported $0 of net assets available for benefits as of March 2, 2026. The accompanying financial statements have been prepared to reflect the short period ended March 2, 2026, and the transfer of Plan assets to the successor plan.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ozark Opportunities, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, determining that the transfer of assets to the successor plan was authorized and properly executed, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statement

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ozark Opportunities, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following description of the Ozark Opportunities, Inc. 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The following information describes the activity prior to the plan termination.

General: The Plan is a 403(b) plan covering substantially all employees of Ozark Opportunities, Inc. (the plan sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to begin making elective deferrals to the plan upon hire. Employees are eligible to receive an employer contribution on the first of the month following their completion of three months of service.

Contributions: Participants may contribute up to 100% of their annual wages, subject to certain IRS limitations, through pre-tax contributions or after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The plan sponsor may make a discretionary matching contribution to the Plan, allocated to each participant as a percentage of participant deferrals. The plan sponsor did not make discretionary matching contributions to the Plan during the Plan period ended March 2, 2026 or year ended February 28, 2026. The plan sponsor may make discretionary nonelective contributions equal to a percentage of the participant's eligible compensation. For the period ended March 2, 2026, the plan sponsor did not make a nonelective contribution to eligible participants. For the year ended February 28, 2026, the plan sponsor made nonelective contributions of 5% of eligible participant compensation totaling $137,313.

Participant accounts: Each participant's account is credited with (a) the participant's contribution, (b) the plan sponsor's discretionary nonelective and matching contributions (if any) and (c) Plan earnings. Net income and asset revaluations are allocated to each participant based upon the earnings of the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of credited service. A participant becomes 25% vested after 2 years of service and 100% vested after 3 years of service.

Payment of benefits: A distribution of a participant's vested account balance can be made due to hardship, attainment of age 59 ½, death, disability, retirement, qualified military service, when required by law, or upon termination of service with the plan sponsor. A distribution of a participant's rollover balance can be made at any time, regardless of the limitations described below.

Participants who terminate service and have account balances of $7,000 or less will receive an automatic distribution of that balance. Participants with account balances that exceed $7,000 may elect to receive a lump-sum amount equal to the value of the vested interest in their account or installments for a fixed period not to exceed their assumed life expectancy.

Forfeitures: Forfeitures of employer contributions can be used to pay plan expenses or reduce future employer contributions to the Plan. As of March 2, 2026 and February 28, 2026, there were no forfeitures available for use. For the year ended February 28, 2026, available forfeitures were used to reduce employer nonelective contributions by $22,319. In addition, Plan expenses of $1,625 during the year ended February 28, 2026, were paid using available forfeitures. No forfeitures were used during the period ended March 2, 2026.

2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events: Management has evaluated subsequent events between the end of the most recent fiscal year end and August 26, 2026, the date the financial statements were available to be issued.

3. Plan Transfer

Effective March 2, 2026, after approval by the plan sponsor board of directors, the Plan transferred all net assets and participants' accounts into the FlexPEP(b) Pooled Employer 403(b) Plan (successor plan) as adopted by Ozark Opportunities, Inc. In connection with the transfer, all net assets of the Plan and participants' account balances became subject to the terms and provisions of the successor plan.

Following the transfer of assets, the Plan ceased accepting contributions, processing participant transactions, and conducting operations. Accordingly, the Plan was terminated effective March 2, 2026.

As of March 2, 2026, the Plan had no remaining net assets available for benefits and no ongoing operations. The accompanying financial statements have been prepared to reflect the Plan's final period of operations through the date of the transfer. The Plan had no residual assets or liabilities remaining as of March 2, 2026.

4. Certified Information

Certain information in the accompanying financial statements, including investments from participants held at March 2, 2026 and February 28, 2026, and net appreciation in fair value of investments, interest and dividends for the period ended March 2, 2026 and year ended February 28, 2026, was obtained by management and agreed to or derived from information certified as complete and accurate by the plan asset custodian, American United Life Insurance Company (AUL).

5. Related-Party Transactions and Party In Interest Transactions

Substantially all of the administrative costs of the Plan are paid by the plan sponsor. Certain employees serve as the Plan’s administrators. The administrators do not receive any compensation for services rendered to the Plan.

The Plan held investments in funds managed by the Plan’s asset custodian, AUL. Investments in these funds totaled $996 at February 28, 2026. The Plan held no investments in these funds at March 2, 2026.

6. Tax Status

The prototype document adopted by the Plan, obtained its opinion letter on November 22, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 2, 2026 and February 28, 2026, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. A tax liability would be recognized if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability
- and inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 2 ,2026 and February 28, 2026.

Group annuity contract separate account investments: Valued at the net asset value of the units held by the group annuity contract provider using the quoted net asset value of the shares of the underlying mutual funds adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged pursuant to the contract. Mutual funds are registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of March 2, 2026			
	Level 1	**Level 2**	**Level 3**	**Total**
Group annuity contract separate account investments	$ -	$ -	$ -	$ -
