INDEPENDENT AUDITOR'S REPORT

To the Administrators and Participants of the
Dakota Red Corporation 401(k) Profit Sharing Plan
Cedar Rapids, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dakota Red Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dakota Red Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended, December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dakota Red Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Red Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dakota Red Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Red Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

DAKOTA RED CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Description of the plan

The following brief description of the Dakota Red Corporation 401(k) Profit Sharing Plan (the "Plan"), a contributory defined contribution plan, is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

The Plan covers any employee of Dakota Red Corporation, King's Material, Inc., Builder's Transportation, Inc., Hawkeye Ready Mix, Inc., Midland Concrete Products, LLC (f/k/a Marquart Concrete Products, LLC) or Stone Concepts, LLC (collectively, the "Company" or "Plan Sponsor") who is at least twenty-one years of age, has two months of service and is not covered by a collective bargaining agreement. There is a one year of service requirement for employer matching and discretionary profit sharing contributions. Participants must be employed on the last day of the plan year or must have more than 500 hours of service during the plan year to be eligible for the discretionary profit sharing contributions. Employees become participants on the first day of the month immediately following meeting the age and service eligibility requirements. Employees begin receiving employer matching contributions on January 1, April 1, July 1, or October 1 immediately following meeting the eligibility requirements. Employees become eligible for profit sharing contributions on January 1 immediately following meeting the eligibility requirements. The plan allows participants to designate all or a portion of their elective deferrals as Roth elective deferrals. Roth elective deferrals are accounted for separately in the respective participant's account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
The Plan is funded by contributions from participants in amounts up to 100% of eligible compensation limited to the maximum amount deductible by salary reduction under the Internal Revenue Code ("IRC"). The Plan includes an auto-enrollment provision which automatically enrolls eligible participants at 4% unless they make an alternative election or elect not to contribute. The Plan is a safe harbor plan and is funded by 100% matching contributions not to exceed 4% of the participant's compensation for the Plan year and discretionary Company profit sharing contributions, limited to the maximum amount deductible under the IRC.

During the years ended December 31, 2025 and 2024, the Company made discretionary profit sharing contributions of $738,394 and $701,592, respectively. Participants may also rollover or transfer amounts representing distributions from other qualified retirement plans.

1. Description of the plan, continued

Participant accounts

Each participant's account is credited with participant contributions, an allocation of the Company's matching and discretionary contributions, forfeitures of terminated participants' nonvested accounts, an allocation of Plan earnings, an allocation of the excess in the Plan's expense account and is charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals, safe harbor matching contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service. A participant is 20% vested after one year of service, then vests 20% each year thereafter, becoming 100% vested after five years of service or upon the participant's death, disability, or attainment of normal retirement age, as defined in the Plan Agreement.

Investment options

Upon enrollment in the Plan, participants direct the investment of their contributions into any of the investment options offered by the Plan. Participants may change their investment options at their discretion and changes become effective on the next business day. The default investment for employees that are auto-enrolled and do not complete an investment direction form is a moderate risk portfolio based on the participant's age.

Forfeited accounts

During 2025 and 2024, forfeited nonvested accounts totaled $18,593 and $16,915, respectively. Forfeitures to the extent available may be used to pay Plan expenses and to reduce the Company's discretionary profit-sharing contributions or other qualified employer contributions, including matching contributions. Forfeitures in the amount of $18,612 and $60,032, were used to pay Plan expenses during 2025 and 2024, respectively. There were no forfeitures used to reduce employer contributions during 2025 and 2024. The Plan recognized income of $19 and $204 on forfeiture balances during 2025 and 2024, respectively. As of December 31, 2025, and 2024, there were no unallocated forfeitures available for future use.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms cannot exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

1. Description of the plan, continued

Payment of benefits

Upon retirement, death, disability, or termination of service, participants receive an amount equal to the value of their vested benefit. The Plan provides for a mandatory payment in the form of a joint and survivor annuity or a life annuity. Participants may waive payment by annuity and elect to receive their vested benefit in a lump-sum or in installments. Participants receive automatic lump-sum distributions for accounts with a value of $1,000 or less. In addition, participants automatically have balances rolled into an individual retirement account for accounts with balances between $1,000 and $7,000 if no election form is completed. Distributions of balances less than $7,000 are made as soon as administratively feasible. Funds rolled over from a prior employer do not count towards this $7,000 threshold. Distributions of balances greater than $7,000 are made at the election of the participants.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contract.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Notes 5 and 6 for discussion of investment valuation.

2. Summary of significant accounting policies, continued

Investment valuation and income recognition, continued
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of investment risk
Approximately 36% and 37% of the Plan's investments were held in three individual mutual funds as of December 31, 2025, and 2024, respectively. In addition, approximately 57% of the Plan's investments were held by four mutual fund families as of December 31, 2025, and 2024. Each of these mutual fund families and the individual mutual funds held in excess of 10% of the Plan's total investments at December 31, 2025.

Notes receivable from participants
Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of benefits
Benefits are recorded when paid.

Income tax status
The Plan is a nonstandardized prototype plan. The Internal Revenue Service ("IRS") has determined and informed Transamerica Retirement Solutions LLC in a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Reclassifications
Certain amounts in the 2024 Statement of Changes in Net Assets Available for Benefits have been reclassified to conform with the current year presentation.

Subsequent events
Plan management has evaluated subsequent events through September 1, 2026, the date the financial statements were available to be issued.

3. Information prepared and certified by Transamerica Financial Life Insurance Company Inc. and Reliance Trust Company, parties-in-interest

All investment assets of the Plan were held by Transamerica Financial Life Insurance Company Inc. ("Transamerica") or Reliance Trust Company, parties-in-interest, as of December 31, 2025 and 2024. All investment transactions during the years ended December 31, 2025 and 2024 were executed under formal custody agreements between the Plan and Transamerica or Reliance Trust Company. All securities bought, sold, or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

In accordance with the provisions of Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Transamerica and Reliance Trust Company have certified the following unaudited financial information to be complete and accurate with respect to the Plan's assets held by them as of December 31, 2025 and 2024, and activity for the years then ended.

	2025	2024
Investments, at fair value:		
Mutual funds	$ 31,118,304	$ 29,753,677
Investment, at contract value:		
Guaranteed interest general account	$ 1,391,570	$ 1,151,672
Notes receivable from participants	$ 467,016	$ 397,589
Accrued interest from participants	$ 1,079	$ 1,037
Investment income:		
Net appreciation in fair value of investments	$ 3,242,500	$ 2,842,338
Interest and dividends	707,352	705,760
Total investment income	$ 3,949,852	$ 3,548,098
Interest on notes receivable from participants	$ 31,834	$ 26,628

4. Risks and uncertainties

The Plan provides for investments in various securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. In addition, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Fair value measurements, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value as of December 31, 2025 and 2024, respectively:

	2025	2024
Investments in the fair value hierarchy:		
Level 1 - mutual funds	$ 31,118,304	$ 29,753,677

The Plan held no investments in Levels 2 or 3 of the fair value hierarchy as of December 31, 2025 and 2024.

The Plan's policy is to recognize transfers between Levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers.

6. Guaranteed interest general account

The Plan has a fully benefit-responsive investment contract with Transamerica. Plan assets invested in the stable value option are commingled with assets in the general account. The account is credited with earnings at the interest rate based on an effective annual rate of interest established for the corresponding six month period following January 1 and July 1 and charged for participant withdrawals and administrative expenses. There is no stated minimum or maximum interest rate for this stable value investment option. The Plan's ability to receive amounts due in accordance with this contract is dependent on Transamerica's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

The investment contract is fully benefit-responsive for participant-initiated transactions. The average yield earned by the Plan during 2025 and 2024 under this contract was 1.65% and 1.57%, respectively. Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include: termination of the group annuity contract, amendments to the Plan document including partial or complete termination, changes to the Plan's prohibition on competing investment options and failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract may be terminated by the Plan or Transamerica with at least 30 days written notice.

6. Guaranteed interest general account, continued

Additionally, Transamerica holds the right to delay payments of benefits for up to 12 months, if they incur withdrawals and/or receive withdrawal requests equal to or greater than 4% of the total assets of all stable value funds during any consecutive 1-month period or 14% of the total assets of all stable value funds during any consecutive 6-month period, and such withdrawals would materially adversely affect the financial condition of the stable value account, in Transamerica's reasonable judgment.

7. Administrative expenses and Plan Expense Account

Administrative fees for the maintenance of investments, contribution, and distribution records and the processing of related transactions are paid by the Plan to Transamerica Retirement Solutions, LLC, a party-in-interest. The Plan paid audit fees to BGHN Associates, P.C., a party-in-interest, totaling $13,500 and $10,000, for the years ended December 31, 2025 and 2024, respectively. The Plan also paid administrative fees to Merrill Lynch, Pierce, Fenner & Smith, Inc. ("Merrill Lynch") and Envestnet Retirement Solutions, LLC, parties-in-interest, for various education and plan services. Net administrative fees of $132,520 and $130,176, were paid by the Plan for the years ended December 31, 2025 and 2024, respectively. In addition, a Plan Expense Account ("PEA") is utilized by the Plan. Funds are transferred to the PEA from participant accounts monthly to be used to pay for future administrative expenses. Based on the agreement, the total transferred into the PEA account in excess of total administrative fees may be reallocated back to the participants. For the years ended December 31, 2025, and 2024, there were no excess funds reallocated back to participants. There was no balance remaining in the PEA account as of December 31, 2025 and 2024.

8. Transfer of assets from Kings Material, Inc. Union 401(k) Plan

During 2024, an employee previously excluded from participation in the Plan because he was covered by a union collective bargaining agreement was assigned a new position and is no longer a union member. As a result the employee became eligible to participate in the Plan and the participant's account balance, totaling $63,365 at fair value, was transferred to the Plan from the Kings Material, Inc. Union 401(k) Plan.

9. Related party and party-in-interest transactions

The Company has an agreement with Transamerica Retirement Solutions, LLC to provide record-keeping, administrative, custodial, and transaction processing services for the Plan's investments. The Company has an agreement with Reliance Trust Company, through their agreement with Transamerica Retirement Solutions, to provide custodial and transaction processing services for the Plan's mutual fund investments. The Company has used Envestnet Retirement Solutions, LLC and Merrill Lynch as investment management fiduciaries to aid in the selection of investment funds available to participants. The participants are able to use Merrill Lynch for investment advisory services. Other party-in-interest transactions are described in Notes 3 and 7.

10. Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of total additions (subtractions) per the audited financial statements for the year ended December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Total additions per the audited financial statements	$ 6,392,692	$ 6,002,318
Adjustment for transfers to expense budget account which reduced investment income	(80,521)	(53,115)
Total additions per Schedule H of Form 5500	6,312,171	5,949,203
Total deductions per the audited financial statements	4,654,490	5,957,249
Adjustment for transfers to expense budget account which reduced investment income	(80,521)	(53,115)
Total deductions per Schedule H of Form 5500	$ 4,573,969	$ 5,904,134

The Form 5500 reporting nets transfers to the Plan's expense budget account with net appreciation in fair value of investments rather than showing them as additional administrative expenses. The financial statements reflect these transfers as additional administrative expenses and does not adjust the net appreciation in fair value of investments.
