Independent Auditors' Report

To the Plan Sponsor and Administrator of the
Baker & Hostetler LLP 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Baker & Hostetler LLP 401(k) Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of the Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker & Hostetler LLP 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Baker & Hostetler 401(k) Retirement Plan ("Plan") provides general information only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

The Plan is a defined contribution plan sponsored by Baker & Hostetler LLP ("Firm"). The Plan covers all eligible employees and partners of the Firm. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligible employees and partners can participate on the later of their date of hire or the date they reach age 21.

As a result of the merger of the Baker & Hostetler LLP Basic/Step-Rate Retirement Plan into the Plan on December 31, 2024, effective January 1, 2025, the Plan includes a Firm contribution for eligible employees and partners of the Firm but excludes attorneys-at-law employed as associates, of-counsel, counsel or staff attorneys. Eligible employees and partners automatically participate in Firm contributions to the Plan on the January 1 or July 1 following the date they completed two (2) years of service.

For eligible employees, the Firm contributes an amount equal to 8% of pensionable compensation, as defined by the Plan. Eligible partners are required to fund their own contribution. Partner contributions are determined under a formula designed to maximize contributions within applicable Internal Revenue Code ("IRC") limits. The contribution is calculated by multiplying partner compensation by a percentage equal to the difference between the IRC Section 415(c)(1)(A) annual addition limit and the IRC Section 402(g)(3) elective deferral limit, divided by the maximum compensation permitted under IRC Section 401(a)(17). However, the total contribution is limited to the difference between the IRC Section 415(c)(1)(A) annual addition limit and the IRC Section 402(g)(3) elective deferral limit. For the year ended December 31, 2025, this formula resulted in a contribution equal to the lesser of 13.3% of partner compensation or $46,500.

Additional discretionary non-elective contributions may be made at the option of the Firm. The Firm did not elect to make any discretionary non-elective contributions to eligible participants during 2025. Annual contributions to participants' accounts under this Plan and other qualified retirement plans maintained by the Firm may not exceed the maximum limitations provided by the IRC.

The Plan maintains a separate account for each participant. Participants direct the investment of all contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

The Firm did not elect to make any supplemental contributions to eligible participants during 2025. Annual contributions to participants' accounts under this Plan and other qualified retirement plans maintained by the Firm may not exceed the maximum limitations provided by the IRC.

Interest bearing loans of up to 50% of a participant's account may be requested, with a minimum request of $1,000 and the maximum request not to exceed $50,000 when considered with loans from this and other plans sponsored by the Firm. Loans to participants are secured by the balance in the participant's account and bear interest at the prime rate in effect at the date of the loan. The repayment period is not to exceed five (5) years.

A participant's account is immediately vested and is distributable at retirement or termination of service as follows: at retirement; at disability; at death; and at termination of service for any other reason. The participants have several options for receiving their distribution. A participant's account is distributable after attaining age 59 1/2 prior to termination or retirement. They may elect to receive payment in a lump sum, a partial lump sum payment without limit in terms of frequency or amount, in substantially equal annual installments over a period of time not to exceed ten (10) years, or through a schedule which will provide payments over a certain period of time which does not exceed their life expectancy. They may elect to receive a distribution of deferred amounts at any later time, but no later than April 1 of the year following the later of the year in which they reach age 73 or the year of retirement.

Although it has not expressed any intent to do so, the Firm has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company ("Trustee"). See Note 4 for discussion of fair value measurements.

2. Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Firm contributions are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of the Plan are paid by the Firm and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Commingled pool fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,217,864,244	$ -	$ -	$ 1,217,864,244
Self-directed brokerage accounts	87,516,885	-	-	87,516,885
Total assets in the fair value hierarchy	$ 1,305,381,129	$ -	$ -	1,305,381,129
Investments measured at net asset value [(a)(b)]				5,618,825
Investments at fair value				$ 1,310,999,954

	Investments at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,095,296,517	$ -	$ -	$ 1,095,296,517
Self-directed brokerage accounts	76,286,032	-	-	76,286,032
Total assets in the fair value hierarchy	$ 1,171,582,549	$ -	$ -	1,171,582,549
Investments measured at net asset value [(a)(b)]				6,280,197
Investments at fair value				$ 1,177,862,746

(a) In accordance with Subtopic 820-10, the commingled pool fund was measured at fair value using its net asset value per share as a practical expedient and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The commingled pool fund listed above is redeemed on a daily basis and does not have any redemption restrictions except as noted above. Additionally, there are no unfunded commitments.

5. Related-Party and Party-In-Interest Transactions

The Plan invests in mutual funds that are managed by Fidelity Investments. Fidelity Investments is related to the Trustee and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

In 2013, the recordkeeping agreement with the Trustee was amended to establish a Revenue Credit Account within the Plan which is funded quarterly based on revenue sharing on covered investments, as defined. The balance within the Revenue Credit Account may be used to reimburse the Firm for fees and expenses or pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to participants of the Plan. The following presents a summary of the activity in the Revenue Credit Account for 2025:

Balance December 31, 2024	$	195,802
Revenue credits received		131,906
Revenue credits allocated to participants		(320,155)
Earnings		9,365
Balance December 31, 2025	$	16,918

The remaining credits at December 31, 2025 are expected to be allocated to participants during 2026.

6. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Firm by a letter dated October 10, 2017, stating that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks, Uncertainties and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025 and 2024, approximately 27% and 32% of the Plan's investments were invested in the Fidelity Puritan Fund, respectively.

8. Subsequent Events

The Plan has evaluated subsequent events through October 7, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
