WIPFLI

Independent Auditor's Report

To the Plan Administrator
Level 10 Employee Stock Ownership Plan
Hoffman Estates, Illinois

Opinion

We have audited the accompanying financial statements of Level 10 Employee Stock Ownership Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Level 10 Employee Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America (''GAAP'').

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Level 10 Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Level 10 Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Level 10 Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Level 10 Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Level 10 Employee Stock Ownership Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Level 10 Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General

The Plan, which was established on February 1, 2016, is a leveraged employee stock ownership plan which is designed to provide eligible employees the opportunity to participate in ownership of their employer. Level 10 Holdings Company ("Level 10" or "Sponsor") is the Sponsor of the Plan. The Plan is intended to satisfy the requirements of an Employee Stock Ownership Plan (ESOP), as defined under Section 4975(e)(7) of the Internal Revenue Code (IRC), and as a stock bonus plan under Section 401(a) of the IRC.

On March 31, 2016, the Plan purchased the stock of Level 10 by issuing a loan to Level 10 (the "Stock Purchase"). The Stock Purchase resulted in the Plan owning 100% of the outstanding shares of the Sponsor's common stock ("Level 10 Stock"). All shares are held in a trust (the "Trust") established under the Plan.

The Plan's note payable to Level 10 is collateralized by unallocated shares of Level 10 Stock. Level 10 has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of participants with vested rights in allocated stock ("Allocated") and (b) stock not yet allocated to participants ("Unallocated").

Plan Administration

Level 10's Board of Directors serves as fiduciary of the Plan and has the responsibility to appoint, monitor, and oversee the Plan Trustee. An independent third party, James R. Urbach of ESOP Fiduciaries, Inc., serves as Trustee of the Plan. The Trustee oversees the valuation process and the accounting of the Plan's transactions pertaining to the accounts of participants with vested rights in Allocated and Unallocated stock. Principal Life Insurance Company is the recordkeeper and custodian of the Plan's assets.

Eligibility

Substantially all employees of the Sponsor are eligible to participate in the Plan upon attaining the age of 21 and completing a 12-consecutive-month period of employment during which at least 1,000 hours of service is worked. An employee who is eligible becomes a participant on the first day of the first or seventh month of the year immediately following the attainment of the above eligibility requirements.

Note 1: Description of Plan (Continued)

Contributions

For each Plan year, the Sponsor is obligated to make contributions in cash to the Plan equal to the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its note payable. The amount contributed for the years ended December 31, 2025 and 2024, resulted in allocating approximately 2,344 and 5,166 shares at a value of $357.17 and $213.12, respectively. The terms of the note payable agreement between the Trust and the Sponsor require annual principal payments of $18,343 plus interest accrued at a rate of 2.33%.

If the fair market value of released Suspense Shares resulting from the scheduled amortization of the Consolidated ESOP Note results in a benefit of less than 8% of total eligible compensation upon which the allocation of benefits under the ESOP shall be based for a given ESOP Plan year, the Company shall make an additional contribution to the ESOP Trust. The additional payment to true up the balance to 8% will be applied to the end of the loan.

Participants eligible to receive an allocation of Level 10 Stock and, if applicable, discretionary cash or stock contributions for any Plan year, shall include only those participants who are eligible employees on the last day of the Plan year.

Employee contributions are not permitted.

Participant Accounts

Each participant's Employee Stock Ownership account is credited as of the last day of each Plan year with an allocation of shares of Level 10 Stock released by the Trustee from the unallocated account, forfeitures, Plan net income, and the Plan's discretionary cash contributions, if any. 40 percent of allocations are to be allocated on a pro rata basis based on eligible compensation. The remaining 60 percent is allocated equally among all eligible participants. Participants are entitled to their vested account balance.

Vesting

Vesting is based on the number of years of service as shown by the following:

	Vesting %
Less than 1 year	- %
1 year	20 %
2 years	40 %
3 years	60 %
4 years	80 %
5 or more	100 %

Participants are considered to have completed one year of service for purpose of vesting upon the completion of 1,000 hours of service at any time during a calendar year.

If participants terminate due to normal retirement, death or disability, as defined by the Plan, they become 100% vested in their entire account balance as of their termination date.

Note 1: Description of Plan (Continued)

Forfeitures

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. 40 percent of forfeitures are to be allocated on a pro rata basis based on eligible compensation. The remaining 60 percent is allocated equally among all eligible participants. There were no forfeitures allocated during 2025 and 2024. Unallocated forfeitures were $0 as of December 31, 2025 and 2024.

Funding

The Sponsor remits contributions to the Plan annually.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other termination of employment, a participant or a participant's beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of cash. The payments may be made in either a lump-sum amount or in substantially equal annual installments generally over a period not to exceed five years plus one additional year for each $210,000 the nonforfeitable balance exceeds $1,070,000. Benefits paid to participants during the years ended December 31, 2025 and 2024, were $90,316 and $22,915, respectively.

Diversification

Diversification is offered to participants who are at least 55 years old and have participated in the Plan for at least 10 years (a "Qualified Participant") so they may have the opportunity to allocate part of the value of their investment in the Sponsor's stock into other investments. During each of the first five years of eligible diversification, eligible participants may elect to receive a cash distribution of up to 25% of the total number of shares in Level 10 Stock that have been allocated to the participant during the qualified election period (reduced by the number of shares of Level 10 Stock previously distributed in cash pursuant to a prior election). In the sixth year of eligible diversification, the percentage of shares that can be distributed increases to 50%.

Voting Rights

In general, voting rights with respect to all shares of Level 10 Stock are exercised by the Plan's Trustee.

Put Option

Level 10 Stock includes a put option. The put option is a right to demand that the Sponsor buy any shares of their stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The purpose of the put option is to ensure that participants have the ability to ultimately obtain liquidity.

Note 1: Description of Plan (Continued)

Put Option (Continued)

The Sponsor can pay for stock that is put to them over a period of five years. No shares of the Level 10 Stock have been distributed to any participant and accordingly, the Sponsor has no current obligation to repurchase any shares from participants.

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Sponsor and excluded from these financial statements.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Management considers the fair value of the investment in Level 10 Stock to be a significant estimate. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The shares of Level 10 Stock are reported at fair value. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average-cost method. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, which is the date the financial statements were available to be issued.

Note 3: Related-Party Transactions

Payments on the note were due in annual principal installments of $66,700 plus interest through December 31, 2035. Effective January 1, 2025, the Plan was amended to modify the terms of the note payable to require annual principal installments of approximately $18,343 plus interest at a rate of 2.33% through December 31, 2064. The note is secured by the unallocated shares of Level 10 Stock. Interest expense on the note was $26,776 and $18,700 in 2025 and 2024, respectively.

2027		18,343
2028		18,343
2029		18,343

All transactions between the Sponsor, the Trustees, Custodian, and the participants are considered party-in-interest transactions. Certain officers and employees of the Sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Level 10 Holdings Company common stock: Valued at fair value per share based on annual appraisals conducted by an independent valuation firm. The appraisal of Level 10 Holdings Company is determined using a combination of two valuation methods: the Selected Public Company Method and the Discounted Cash Flow Method. As of December 31, 2025 and 2024, the fair market value per share of the Sponsor's common stock was determined to be $357.17 and $213.12, respectively. The appraisal of the fair value per share of Level 10 Stock for 2025 was completed in June 2026.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31,			
	Level 1	Level 2	Level 3	Total

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2025 and 2024:

Note 5: Investments

Note 6: Plan Termination

The Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the note payable. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. In the event of Plan termination, the benefits of each affected participant shall be nonforfeitable.

Note 7: Risks and Uncertainties

The Plan investments consist primarily of the Level 10 Stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8: Income Tax Status

The IRS has determined and informed the Plan by a favorable determination letter, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.
