INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Berry Enterprises, Inc. 401(k) Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Berry Enterprises, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) Audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating that the certified investment information, as described in the note titled "Information Prepared and Certified by Custodian" included in the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Berry Enterprises, Inc. 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following description of Berry Enterprises, Inc. (the "Company") 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have six months of service, have at least 500 hours of service, and are aged twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors oversees the governance of the Plan.

Contributions

Participant Contributions: Plan participants can elect to contribute up to 100% of their eligible compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code ("IRC"). Participants may designate their contributions as a pre-tax deferral or on an after-tax basis (i.e., Roth contribution). Contributions are based upon total eligible compensation, which includes all compensation that is paid for or made available during the Plan year, excluding any compensation received (a) while being a member of an ineligible class of employees and (b) prior to the date of becoming a participant. Participants' contributions are made through automatic payroll deductions every pay period. Pre-tax deferral contributions and related earnings are not taxable to the participant until they are withdrawn from the Plan. Roth contributions and related earnings are not taxed upon distribution from the Plan.

*Rollover*s: Participants who were members of a former employer's qualified plan may elect to make a rollover contribution from that plan to the Plan.

Employer Contributions: The Plan allows for two types of employer contributions. The Company can make a safe harbor matching contribution that is equal to the sum of (a) 100% of an eligible participant's deferral contributions that do not exceed 3% of his or her Plan eligible compensation, plus (b) 50% of the participant's contributions that exceed 3% but do not exceed 5% of his or her Plan eligible compensation.

The Company may also make annual discretionary matching and/or profit-sharing contributions in an amount to be determined at the Plan's year end by the Company's Board of Directors. These discretionary contributions will be allocated during the following Plan year to all participants eligible to share therein.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer contribution, Plan earnings, and Plan losses and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN - (Continued):

Vesting
Participants are immediately vested in their contributions, rollovers, and employer safe harbor matching contributions plus actual earnings thereon. Vesting in employer non-safe harbor contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

Payment of Benefits
The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated, the vested balance of a participant's account becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 59 ½. Participants may continue employment and participation in the Plan past the normal retirement age. In-service distributions are allowed only to participants who have reached normal retirement age.

If a participant dies before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive the participants' vested interest in his or her account.

Effective May 8, 2025, the Plan entered into an automatic IRA rollover service agreement with Ascensus. Under the agreement, Ascensus facilitates the automatic rollover of certain mandatory distributions from the Plan, and balances for certain missing or nonresponsive participants or beneficiaries, to an individual retirement account when no affirmative distribution election is made.

Forfeited Accounts
Nonvested benefits of participants who cease to be employees are forfeited and used to pay Plan administrative expenses. During the current year, no balances were forfeited. Forfeited nonvested accounts amounted to $2 and $-0- as of December 31, 2025 and 2024, respectively.

Participants Notes Receivables
Participants may borrow from their vested interest a minimum of $1,000 up to a maximum equal to the lesser of 50% of their account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% as of the loan origination date. Principal and interest are paid ratably through monthly payroll deductions. A loan can be requested only if the participant is suffering a financial hardship as defined by the Plan.

The Plan elected to remove loan provisions as of July 15, 2022. All existing loans continue to be serviced and accounted for under the previous loan provisions defined above until they are repaid in full.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles ("U.S. GAAP") have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Significant estimates used in preparing these financial statements include the fair value of investments. It is at least reasonably possible that significant estimates will change within the next year.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the note titled "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year.

Participant Notes Receivables
Participant notes receivables are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments, the Plan administrator considers the participant loan to be in default, and the participant has reached a distributable event, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Participant loan origination fees, annual loan maintenance fees, and benefit distribution fees are paid by the participant acquiring the loan or receiving the distribution. Other Plan administrative expenses are paid first from available forfeiture balances. Any remaining administrative expenses are paid by the Company and are therefore excluded from these financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Ascensus, the Custodian, as of December 31, 2025 and 2024 and for the year ended December 31, 2025:

	2025	2024
Investments	$ 13,883,045	$ 11,759,517
Participant notes receivables	$ 13,900	$ 20,100
Dividends and interest	$ 812,463	
Net appreciation in fair value of investments	$ 957,553	
Interest income on participant notes receivable	$ 383	

4. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

4. FAIR VALUE MEASUREMENTS - (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – Shares of registered investment companies (i.e., mutual funds) are valued at quoted market prices on the last business day of the Plan year, which represents the fair market value of shares held by the Plan.

Common Collective Trusts – The common collective trusts are valued at the net asset value ("NAV") of the units held by the Plan. The NAV is based upon the value of the underlying investments which are traded on an active market.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Total
December 31, 2025:			
Registered investment companies	$ 13,550,115	$ -	$ 13,550,115
Common collective trusts	-	332,930	332,930
Total	$ 13,550,115	$ 332,930	$ 13,883,045
December 31, 2024:			
Registered investment companies	$ 11,262,632	$ -	$ 11,262,632
Common collective trusts	-	496,885	496,885
Total	$ 11,262,632	$ 496,885	$ 11,759,517

5. TAX STATUS:

The Plan has adopted a volume submitter plan provided by Ascensus. The Internal Revenue Service ("IRS") has determined and informed Ascensus by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the IRC.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such positions were identified as of both December 31, 2025 and 2024. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2022.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Ascensus served as the custodian and managed plan investments during the year. These investment transactions qualify as party-in-interest transactions. Fees paid to Ascensus for investment management services and administrative costs amounted to $4,505 for the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through September 30, 2026, the date the financial statements were available to be issued.
