INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Defined Contribution Pension Plan
for Employees of Lincoln

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Defined Contribution Pension Plan for Employees of Lincoln, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Defined Contribution Pension Plan for Employees of Lincoln's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Defined Contribution Pension Plan for Employees of Lincoln and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Defined Contribution Pension Plan for Employees of Lincoln's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Defined Contribution Pension Plan for Employees of Lincoln's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Defined Contribution Pension Plan for Employees of Lincoln's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of Defined Contribution Pension Plan for Employees of Lincoln ("the Plan") is provided for general information purposes only. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution tax deferred savings plan available to eligible employees of Lincoln ("the Employer"). The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code ("IRC"). Generally, the Plan covers all eligible employees who have completed one year of service, as defined by the Plan, in the twelve-month period commencing with their employment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Employer is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. Trustee and recordkeeping services are provided by American United Life Insurance Company ("AUL").

Certain administrative expenses of the Plan, including recordkeeping, were paid directly by the Employer, for the years ended December 31, 2025 and 2024. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Contributions

Under the provisions of the Plan, the Employer can elect to contribute amounts to the Plan to be credited to the accounts of the participants. No contributions are made to the Plan by participants. Effective as of July 1, 2007, the Plan changed the employer contribution rate from 9% to the following percentages: 5% of compensation for participants with less than 8 years of service, and 9% of compensation for participants with 8 or more years of service.

Participants Accounts

Each participant's account is credited with the Employer's contribution and earnings thereon and is charged with an allocation of applicable administrative expenses. Allocations are based on participant's earnings or account balance, as defined. Participants select the allocation of investment funds to be applied to contributions credited to their account.

1. Description of Plan, continued

Vesting

Participants are fully vested, regardless of their years of service, in the event of death, total and permanent disability, or retirement, if the participant is 55 years of age or older. In the event of termination for any cause other than death, disability, or retirement, a participant's vesting is based on a three-year cliff vesting schedule in which the participant is fully vested after three years of credited service, as defined.

Payment of Benefit

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or an annuity contract calling for monthly payments for a certain period. Upon participant termination and purchase of an annuity contract for the participant, the annuity investment is excluded from the Plan assets.

Plan Loans

Participants may borrow from their accounts up to a maximum amount generally equal to the lesser of $50,000 and 50% of their vested account balance, all loans must be repaid within 5 years unless the loan is for the purchase of a principal residence for which the loan repayment may exceed 5 years. Borrowers are required to assign 50% of the interest in their account as collateral for the loan. Additional discretionary collateral may be required to adequately secure the loan. Loans bear an interest rate of 5%, which is commensurate with local prevailing rates. Principal and interest are generally repaid through payroll deductions to the participant’s segregated account.

Forfeited Accounts

Forfeitures are the non-vested amounts in the accounts of participants who terminate employment. Forfeited funds are used to pay certain plan expenses. Any remaining forfeiture will be used to reduce future contribution to the Plan. During the year ended December 31, 2025, forfeitures of $11,293 were used to reduce employer contributions. There were no unused forfeitures as of December 31, 2025.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value represents contributions plus credited interest, less participant withdrawals and administrative expenses, if applicable. Participant loans are measured at their unpaid principal balance plus accrued interest, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets
Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets
Level 3 inputs - estimates using the best information available when there is little or no market

The Plan is required to measure investments at fair value. The specific techniques used to measure fair value for the financial statement element is described in the notes below that relate to the element.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures as of the date and for the period presented. Actual results may differ from those estimates.

Administrative Expenses

The Plan generally will pay the expenses of plan administration and will assess the expenses paid against the accounts of all participants in the Plan. The Plan may, from time to time, change the manner in which expenses are allocated. For the years ended December 31, 2025 and 2024, total administrative charges were $729 and $376, respectively.

continued

2. Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonable possible, given the level of risk associated with certain investment securities that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's investments include concentrations of credit risk. As of December 31, 2025, investments in American Funds 2050 Target Date Retirement R6, American Funds 2040 Target Date Retirement R6, and American Funds 2045 Target Date Retirement R6 represented 50% of the Plan's total investments. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various asset classes and the utilization of investment managers.

3. Notes Receivable from Participants

Notes receivable from participants are repaid monthly at an interest rate of 5.00%, with various maturities. Notes receivable to participants outstanding at December 31, 2025 and 2024 were $203,013 and $192,148, respectively.

4. Information Prepared and Certified by the Trustee

Certain investment information included in the accompanying financial statements and supplemental schedule was prepared and certified by AUL, a qualified institution, as complete and accurate. In accordance with ERISA Section 103(a)(3)(C), the Plan administrator elected to have the audit of that certified investment information performed under the provisions of ERISA Section 103(a)(3)(C).

The following summarizes the information certified by AUL, the trustee of the Plan, as of December 31, 2025 and 2024:

	2025	2024
Certified by AUL		
Pooled separate accounts	**$11,706,181**	$10,096,863
General account	**60,274**	54,626
	$11,766,455	$10,151,489

For the years ended December 31, 2025 and 2024, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $1,791,821 and by $1,156,931, respectively.

continued

5. Fair Value Measurements

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Pooled separate accounts in the fair value hierarchy	$ -	$11,706,181	$ -	**$11,706,181**
December 31, 2024				
Pooled separate accounts in the fair value hierarchy	$ -	$10,096,863	$ -	$10,096,863

The fair value of pooled separate accounts has been measured on a recurring basis using observable inputs other than quoted prices in active markets for identical assets (Level 2 inputs).

The Plan's investment in the fully benefit-responsive investment contract described in Note 6 is measured at contract value and, therefore, is not included in the fair value hierarchy presented below.

6. Investments in Fully Benefit Responsive Investment Contracts

The following summarizes investments measured at contract value per share as of December 31, 2025 and 2024:

	2025	2024
General account - AUL	**$60,274**	$54,626

The Plan offers an interest-bearing stable value investment option through a fully benefit-responsive group annuity contract issued by AUL, backed solely by AUL's general account assets, with participants having no ownership interest in the underlying investments. As of December 31, 2025, the contract provided a net credited interest rate of 2.00%. This rate is net of administrative and investment-related fees retained by AUL and is compounded daily to produce the stated annual yield, with no possibility of a negative rate or a stated minimum guaranteed rate. Participant account balances may be transferred or withdrawn daily at contract value, subject to standard plan provisions, except that transfers to competing investment options are subject to a 90-day equity wash restriction. In the event of plan termination, significant sponsor-initiated withdrawals, or certain plan-level events, a 12-month put provision applies before balances may be withdrawn at contract value, and no market value adjustments will be made. The investment is reported at contract value, representing contributions plus credited interest less participant withdrawals, with no fair value measurement applied.

continued

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for any reason, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Related Party and Party-in-Interest Transactions

ERISA defines parties-in-interest more broadly than generally accepted accounting principles' related parties, encompassing all service providers to the Plan. Management identified no related parties that were not also parties-in-interest, and no material related party transactions occurred during the Plan year regarding compensation arrangements, expense allowances, or similar items.

Parties-in-interest transactions include those with Plan fiduciaries or employees, service providers, employers with covered employees, employee organizations with covered members, and persons owning 50% or more of such employers or employee associations, along with their relatives. Trustee transactions, including revenue sharing and fee offset agreements, as well as the Plan's payment of certain plan fees and expenses, qualify as parties-in-interest transactions. Administrative fees paid by the Plan to the trustee were $729.

The Plan's investment options include funds managed by the custodian or its affiliates. As custodian and recordkeeper, AUL's transactions qualify as exempt parties-in-interest transactions.

9. Tax Status

The Plan obtained its latest determination letter, which was dated November 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

continued

10. Subsequent Events

Subsequent to year-end, Voya Financial, Inc. completed its acquisition of OneAmerica Financial's full-service retirement plan business. As a result of the acquisition, the service provider for Lincoln's retirement plan transitioned from OneAmerica Financial to Voya Financial, Inc in April 2026.

Management has evaluated subsequent events through September 29, 2026, the date which the financial statements were available for issue. Except as noted above, no other events or transactions have occurred during this period that appear to require recognition or disclosure in the financial statements.
