Independent Auditor's Report

To the Participants and Plan Administrator of
The Heritage Foundation Retirement Plan
Washington, DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Heritage Foundation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Heritage Foundation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Heritage Foundation Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Heritage Foundation Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Heritage Foundation Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Heritage Foundation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: The Plan and its significant accounting policies:

The following description of The Heritage Foundation (the "Foundation") Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established January 1, 1989 by the Foundation to provide benefits to eligible employees. Prior to January 1, 2022, the Plan covered all employees of the Foundation who had reached age 21 and completed 1,000 hours of service in a twelve-month period. Eligible participants entered the Plan the day all eligibility requirements were satisfied. Effective January 1, 2022, the Plan adopted a restated Plan document and adoption agreement. Per this restated Plan document and adoption agreement, the Plan now covers all employees of the Foundation, except for temporary employees and interns, who have reached age 21 and completed 500 hours of service in a six-month period. Eligible participants now enter the Plan the first of the month following when eligibility requirements are met. For purposes of allocating employer contributions, Plan participants were divided into 7 demographic groups in 2025 and 2024. During 2010, the Plan was amended to allow employees of Heritage Action for America to participate in the Plan. During 2024, the Plan was amended to allow employees of The Daily Signal Institute to participate in the Plan. The Plan is subject to the provisions of ERISA.

Basis of accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Administration - Under the terms of the Plan, a group of designated officers of the Foundation act as trustees. A third-party administrator processes and maintains the records of participant data. The Foundation has contracted with Charles Schwab Trust Bank (Charles Schwab) to act as custodian. On June 12, 2025, Charles Schwab was added as a trustee. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Foundation. Expenses that are paid by the Foundation are excluded from these financial statements. Fees related to administrative services, investment management services, as well as fees related to the administration of distributions, which are charged directly to the participants' accounts, are included in administrative expenses.

Investment valuation and income recognition - Investments of the Plan are held by Charles Schwab and are invested solely based upon instructions received from participants. Plan assets are stated at fair value as of the last day of the Plan year, as reported by Charles Schwab. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Note 1: The Plan and its significant accounting policies: (continued)

Investment valuation and income recognition (continued) - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Income taxes - The Plan is a volume submitter plan sponsored by MAP Retirement (formerly Gorrelick, Tievy & Associates, Inc.). The Plan obtained its most recent determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since then; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Plan assets may have decreased in value since December 31, 2025 due to normal market fluctuations.

Note 2: Participation and benefits:

Participant contributions - Employee deferrals are not permitted by the Plan. Prior to January 1, 2022, participants were allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions were deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions. Effective January 1, 2022, rollovers were no longer permitted by the Plan.

Employer contributions - The Plan is a profit sharing plan; however, there is no requirement that the Foundation have profits in order to make a contribution to the Plan. Contributions are discretionary and are made in the amount approved by the Board of Trustees of the Foundation. The amount contributed by the Foundation for any Plan year cannot exceed 25% of all of the eligible employees' compensation paid during the Plan year. The contribution is allocated on an integrated basis to those participants who have at least 1 hour of service during the Plan year. An additional allocation is determined separately for each group each year based on a cross-tested allocation formula. Additional contributions were allocated to 2 of the designated 7 groups in both 2025 and 2024. Total profit sharing contributions totaled $3,211,452 and $3,287,520 for the years ended December 31, 2025 and 2024, respectively. Additional corrective contributions totaling $95,945 were paid in 2025 and related to corrections for the 2022 plan year.

Participant accounts - Each participant's account is credited with the Plan earnings or losses, administrative expenses, and the allocation of the Foundation's contribution. Allocation of the Foundation's discretionary profit sharing contribution is based on participants' compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Prior to January 1, 2022, participants were immediately vested in their rollover contributions and related earnings. Participants vest ratably and are fully vested in the employer's contributions and related earnings allocated to their account after five years of credited service.

Forfeited accounts - The Foundation's actual contribution may be reduced by certain available forfeitures, if any, during the Plan year. Forfeited nonvested accounts used to reduce the employer contribution for Plan years ended December 31, 2025 and 2024 were $142,750 and $113,054, respectively. There were no forfeitures available to offset future employer contributions at December 31, 2025 and 2024.

Note 2: Participation and benefits: (continued)

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, the participant or beneficiary can elect to immediately receive the benefits in a lump sum amount equal to the value of the participant's vested interest in his or her account or defer the benefits until reaching normal retirement age. The Plan allows for an automatic lump sum distribution to an individual retirement account established by the trustee in the name of the participant for participant vested account balances which do not exceed $7,000.

Note 3: Certified information:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments at December 31, 2025 and 2024, and net appreciation in fair value of investments and dividends for the years ended December 31, 2025 and 2024, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab, the custodian of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. In addition, the information in the Form 5500 Supplemental Attachment to Schedule H has been certified by Charles Schwab as of December 31, 2025.

Note 4: Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4: Fair value measurements: (continued)

Level 2 - inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

Mutual funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 42,159,005	$ -	$ -	$ 42,159,005
Cash	173	-	-	173
Total investments at fair value	$ 42,159,178	$ -	$ -	$ 42,159,178

Note 4: Fair value measurements: (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 36,454,536	$ -	$ -	$ 36,454,536
Cash	173	-	-	173
Total investments at fair value	$ 36,454,709	$ -	$ -	$ 36,454,709

Note 5: Related party transactions and party in interest transactions:

Certain Plan investments are shares of mutual funds managed by Charles Schwab. Charles Schwab is the custodian and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in administrative expenses.

Note 6: Plan termination and/or modification:

The Foundation intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7: Subsequent events:

Subsequent events have been evaluated through October 5, 2026, which is the date the financial statements were available to be issued.
