INDEPENDENT AUDITORS' REPORT

To the Investment Committee of
Wish Automotive Group 401(k) Plan
Sherman Oaks, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Wish Automotive Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Wish Automotive Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Telephone (818) 224-4551 | Facsimile (818) 657-6055

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wish Automotive Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wish Automotive Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wish Automotive Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wish Automotive Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A - Plan Description

Wish Automotive Group 401(k) Plan, Employer Identification Number 83-1348368, is filed with the Internal Revenue Service as required under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was effective as of March 1, 2020. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A total of 156 and 200 persons were participants in the Plan at the end of the plan year ended December 31, 2025 and 2024, respectively.

Date of management's review

Management has evaluated subsequent events through October 8, 2026, the date which the financial statements were available to be issued.

Note B - Eligibility Requirements

The Plan covers all non-union employees of Wish Automotive, Inc., Wish Automotive II, Inc. and Wish Automotive III, Inc. (the plan sponsors). The eligibility requirements are a minimum of six months of service with no minimum age requirement. Participants become vested in employers' contributions as follows:

Years of Service	Vested Percentage
Less than one (1) year	0%
One (1) year	20%
Each additional year	20%
Five (5) or more years	100%

All participants shall be 100% vested, if prior to termination of employment, the participant dies, becomes disabled, or attains normal retirement age.

Note C - Contributions

Each participant may elect to defer a whole dollar amount or a whole percentage of compensation, subject to IRC regulations, which would have been received in the plan year. Such a reduction shall be that participant's deferred compensation. The employers may elect to make a discretionary matching contribution. The participant must be employed on the last day of the year and have worked at least 1,000 hours during the plan year to receive the discretionary matching contribution.

Note D - Participant Accounts

Each participant's account is credited with (a) the participant's elective contribution, (b) the employers' discretionary matching contribution, and (c) Plan earnings. The participant's elective contribution are applied directly to each participant's account. The employers' discretionary matching contribution are allocated based on a percentage of a participant's relative compensation or as a dollar amount. Plan earnings are allocated in relation to each participant's account balance.

Forfeitures of the employers' contributions are used to reduce any administrative expenses and then used to reduce future employers contributions. At December 31, 2025 and 2024, forfeitures were approximately $100 and $99, respectively. During 2024 and 2023, no forfeitures were allocated to reduce adminstrative expenses.

Note E - Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000, or 50 percent of the vested interest. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan account. Loan terms range from 1 to 5 years, however loans to acquire a principal residence may be up to 15 years. The loans are secured by the balance in the participant's account and bear interest of prime plus two percent. Principal and interest are paid ratably through payroll deductions. There were no loans outstanding as of December 31, 2025 or 2024.

Note F - Investment Options

Contributions may be allocated to the following investment options as directed by participants:

1. Shares of the following mutual funds held by Massachusetts Mutual Life Insurance Company:

   a) American Funds 2010 Target Date Retirement - seeks high total return until its target retirement date. The fund is a group of funds that are strategically designed for investors expected to retire in the designated retirement year.

Participants may change their investment options at any time.

Note G - Payment of Benefits

On termination of service due to death, disability or retirement, a participant may only elect to receive a lump-sum payment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note H - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Note H - Summary of Accounting Policies (Continued)

Management estimates

The preparation of the financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment advisers, custodians, and insurance company. See Note L for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note R for information on the guaranteed investment contract with Empower Retirement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Administrative fees

Officers or employees of the plan sponsors perform administrative functions for the Plan. No officer or employee receives compensation from the Plan. The independent auditors' fees are paid directly by the plan sponsors.

Note I - Information Certified by the Plan's Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, for the years ended December 31.

	2025	2024
Investments at contract value:		
Deposits with insurance company	$ 57,547	$ 42,379

Investment income:		
Net appreciation (depreciation) in fair values of investments	245,427	130,709
Interest income - guaranteed	-	-
Dividends	99,344	74,094

Note J - Investments

In March 2020, the Plan entered into a Group Annuity Contract with Massachusetts Mutual Life Insurance Company (MassMutual)/Empower Retirement. Empower Retirement maintains separate accounts. The accounts are credited with actual earnings on the underlying investments and charged with Plan withdrawals and contract fees. Contributions to the guaranteed accounts are guaranteed against loss of principal. The actual rates of interest at December 31 were as follows:

	2025	2024
Guaranteed Fund	2.60%	2.80%

Although they have not expressed any intent to do so, a market value adjustment may be assessed by Empower Retirement.

Note K - Participant Directed Funds

Investments that represent 5% or more of the Plan's net assets available for benefits at December 31 are separately identified.

	2025	2024
American Funds 2025 Target Date Retirement	6.1%	5.7%
American Funds 2030 Target Date Retirement	9.9%	9.0%
American Funds 2035 Target Date Retirement	7.4%	13.2%
American Funds 2040 Target Date Retirement	11.4%	13.0%
American Funds 2045 Target Date Retirement	7.3%	5.8%
American Funds 2050 Target Date Retirement	11.8%	14.3%
American Funds 2055 Target Date Retirement	16.2%	14.7%
American Funds 2060 Target Date Retirement	11.1%	15.3%
American Funds 2065 Target Date Retirement	9.1%	0.0%

Note L - Fair Value Measurements

FASB ASC 820-10, *Fair Value Measurements*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note L - Fair Value Measurements (Continued)

The three levels of fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology are observable other than level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Inputs to the valuation measurement are unobservable, supported by little or no market data, and are significant to the fair value of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Shares of registered investment companies: Valued at the number of shares of the underlying fund multiplied by the closing net asset value (NAV) per share quoted by that fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note L - Fair Value Measurements (Continued)

Fair value of assets measured on a recurring basis at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ -	$ 1,970,849	$ -	$ 1,970,849
	$ -	$ 1,970,849	$ -	$ 1,970,849

Fair value of assets measured on a recurring basis at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ -	$ 1,811,930	$ -	$ 1,811,930
	$ -	$ 1,811,930	$ -	$ 1,811,930

As of December 31, 2025 and 2024, the plan had no assets measured at fair value on a non-recurring basis and no liabilities measured at fair value on a recurring or non-recurring basis.

Note M - Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Empower Retirement. Empower Retirement is the custodian of the Plan's assets as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administration amounted to approximately $43,000 and $28,000 for the years ended December 31, 2025 and 2024, respectively.

Note N - Plan Termination

Although they have not expressed any intent to do so, each plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note O - Taxes

The plan sponsors adopted a Volume Submitter Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on September 30, 2014 which stated that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt as of December 31, 2025. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) contingency if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2022.

Note P - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note Q - Subsequent Events

Distributions totaling approximately $234,000 were made after December 31, 2025 to participants who terminated service in prior years.

Note R - Investments At Contract Value

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Retirement totaling $57,547 for 2025 and $42,379 for 2024. Empower Retirement maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note R - Investments At Contract Value (Continued)

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are known to be probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.
