INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
SEIU Local 521 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the SEIU Local 521 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. PLAN DESCRIPTION

The following description of SEIU Local 521 401(k) Plan (the Plan) provides certain general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of the SEIU Local 521 (the Local) as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan on their date of hire.

Participant Contributions - Eligible employees (participants) may contribute a portion of their annual compensation to the Plan, limited to 75% of compensation and the maximum amount allowed by law. Annual compensation is defined as an employee's annual taxable compensation including 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may designate their contributions to be made to any of the Plan's investment fund options. The Plan currently offers various mutual funds and a collective investment fund as investment options for participants.

Employer Contributions - The employer, the Local, may make discretionary matching contributions. For the years ended December 31, 2025 and 2024, the Local made a matching contribution equal to 100% of the employee contributions up to 3% of compensation. All contributions are subject to certain limitations.

Rollover Contributions - The Plan provides for rollover contributions, which represents contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

Participant's Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Local's contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. The contributions are allocated within each participant's account based upon the participant's investment elections. Investment earnings are allocated based on the participant's investment elections. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Vesting - Participants are immediately vested in their deferral contributions and the Local matching contributions plus actual earnings thereon.

Administrative Expenses - The Local pays substantially all administrative expenses for the Plan.

Notes Receivable from Participants - Participants may borrow from their fund accounts a maximum of 50% of their vested account balance or $50,000, whichever is less. The minimum loan amount allowed is $1,000. The notes are secured by the vested balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates of a commercial U.S. bank and are determined at the time the loan is made, ranging between 4.25% and 9.50% during the year ended December 31, 2025. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's loan receivable. Note terms cannot exceed 5 years unless the loan qualifies as a residential mortgage in which case a loan term may qualify for a period up to 30 years. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Plan management has evaluated the collectability of notes receivable from participants and because they are secured by the participants account an allowance has not been recorded.

Benefits - Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, disability, or hardship. Distributions are paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefit payments are recorded when paid. The totaled amount held in accounts for vested terminated participants was $3,095,470 and $2,960,272 as of December 31, 2025 and 2024, respectively.

Hardship Withdrawals - Participants may withdraw their vested employee deferral and employer match contributions in the event of hardship as defined by the Plan agreement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Use of Estimates - The preparation of financial statements in accordance with the U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions - Contributions are recorded in the period payroll deductions are made. Contributions receivable represent payroll deductions that have been withheld but not yet received by the Plan. All amounts have been received subsequent to year end.

Payment of Benefits - Benefit payments paid to participants are recognized when paid.

Investment Valuation and Income Recognition - The Plan's investments are carried at fair value. The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are reported on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3. INFORMATION CERTIFIED BY ASCENSUS TRUST COMPANY

The Plan administrators have elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrators instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment balances at December 31, 2025 and 2024, and the investment income for the years ended December 31, 2025 and 2024, certified by the trustees, Ascensus Trust Company, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental information. The following information included in the financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2025	2024
Investments - at fair value		
Short term investments	$ -	$ 26,160
Mutual funds	8,935,733	8,187,544
Common collective trust	1,527,734	964,259

Net appreciation in fair value of investments	657,222	639,767
Notes receivable from participants	283,341	242,288

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2025.

December 31, 2025	Total Fair Value	Quoted Market Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 8,935,733	$ 8,935,733	$ -	$ -
Total	8,935,733	$ 8,935,733	$ -	$ -
Investments measured at net asset value*	1,527,734			
Investments at fair value	$ 10,463,467			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2024.

December 31, 2024	Total Fair Value	Quoted Market Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short term investments	$ 26,160	$ -	$ 26,160	$ -
Mutual funds	8,187,544	8,187,544	-	-
Total	8,213,704	$ 8,187,544	$ 26,160	$ -
Investments measured at net asset value*	964,259			
Investments at fair value	$ 9,177,963			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

- Short term investments are held at cost which approximates fair value.
- Mutual funds are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period.
- Common collective trusts are valued at net asset value (NAV) as estimated by the Trust.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of December 31, 2025 and 2024 by investment strategy:

	Fair Value		Unfunded Commitments	Redemption	Redemption Notice
	2025	2024	(in thousands)	Frequency	Period
Common collective trust	$1,527,734	$ 964,259	$ -	Daily	One Day

The common collective trust reports as a direct filing entity (DFE) to the DOL.

NOTE 5. TAX STATUS

The Plan document is a Newport Retirement Services, LLC prototype plan document with an Internal Revenue Service (IRS) opinion letter dated March 31, 2008, in which the IRS stated that the Plan as then designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan accounts for income taxes in accordance with the Accounting Standards Codification (ASC) Topic *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the years ended December 31, 2025 and 2024, and determined that there were no matters that would require recognition in the financial statements or that may have an effect on its tax-exempt status. As of December 31, 2025, the statute of limitations for tax years 2022 through 2024 remains open with the U.S. federal jurisdiction and the various states and local jurisdictions in which the Plan files returns.

NOTE 6. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Local has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Local, as plan sponsor, provides certain administrative services to the Plan, and also pays for certain professional and administrative fees directly to service providers on behalf of the Plan. Additionally, as discussed in Note 1, participants may borrow from their fund accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 29, 2026, which is the date the financial statements were available to be issued. This review and evaluation reveled no material event or transaction which would require an adjustment to or disclosure in the financial statements.
