Independent Auditor's Report

To the Committee of
Amplify Energy Services LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Amplify Energy Services LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Amplify Energy Services LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Amplify Energy Services LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amplify Energy Services LLC 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amplify Energy Services LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amplify Energy Services LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, for the year ended December 31, 2025, and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Amplify Energy Services LLC 401(k) Plan ("Plan") provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

General
The Plan was originally effective on June 1, 2016, and amended and restated on September 1, 2024, to conform to new tax laws and regulations. The Plan is a qualified retirement adopted to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan covers all employees of Amplify Energy Services LLC ("Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Trustee
Bank of America, N.A. is the trustee for the Plan. All money that is contributed to the Plan is held in a trust fund. The trustee is responsible for the safekeeping of the trust fund and must hold and invest plan assets in a prudent manner. While all the plan assets are held in a trust fund, the Company separately accounts for each participant's interest in the Plan.

Eligibility
The Plan allows participation to all employees except for union employees, certain nonresident aliens, leased employees, temporary employees, and seasonal employees. The age requirement for participation in the Plan is attainment of age 18, and there is no service requirement. A participant will enter the Plan on the first day of the month coinciding with or next following the date they satisfy the age requirement.

Contributions
Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. Participants may make a modification or revoke their salary deferral election at any time. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants at least age 50 or will attain age 50 before the end of a calendar year may defer additional amounts as catch-up contributions. Participants are also permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company will make a safe harbor matching contribution equal to 100% of the participant's salary deferrals that do not exceed 6% of their compensation.

Participant Accounts
Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their entire interest in the Plan.

Vesting
Participants are always 100% vested in their salary deferrals, safe harbor matching contributions, and rollovers.

Notes Receivable from Participants
Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their accounts up to a maximum limited to the lesser of one-half of their vested interest in the Plan or $50,000 reduced by the excess of the participant's highest outstanding balance of loans from the Plan during the prior one-year period. All loans must be adequately secured and are charged a reasonable rate of interest. All loans require that repayment be amortized in level payments, not less than quarterly, over a period not exceeding five years, unless the loan is for the purchase of the participant's principal residence. If a participant fails to make payments when they are due under the terms of the loan, the loan will be considered in default.

Benefit Paid to Participants
Participants may receive a distribution of the vested portion of some or all of their account in the Plan for termination of employment, normal retirement, disability, or death. Benefits under the Plan will generally be paid to participants in cash only. All distributions from the Plan will be made in a single lump-sum payment. If the participant's vested account balance does not exceed $5,000, then a distribution will be made to the participant regardless of whether they consent to receive it. If the vested account balance exceeds $5,000, a participant must consent to the distribution.

Participants may be entitled to receive an in-service distribution. Generally, a participant may also receive a distribution from the Plan from certain accounts prior to their termination of employment if they have attained age 59½ or incurred a financial hardship.

Forfeited Accounts
As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $76,191 and $119,823, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. During 2025, administrative expenses of $44,564 were paid from forfeited nonvested accounts.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and other income are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from participants and the safe harbor matching contributions are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

3. Certified Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, interest and other income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by the Company and agreed to or derived from information certified as completed and accurate by Bank of America, N.A., a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 "(FASB ASC 820"), *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust - Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liability. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 42,614,918	$ -	$ -	$ 42,614,918
Investments valued at NAV (a)	-	-	-	1,273,116
Investments at fair value	$ 42,614,918	$ -	$ -	$ 43,888,034

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 36,051,883	$ -	$ -	$ 36,051,883
Investments valued at NAV (a)	-	-	-	1,071,025
Investments at fair value	$ 36,051,883	$ -	$ -	$ 37,122,908

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV
The following table summarizes the collective trust measured at fair value based on NAVs per share as of December 31, 2025 and 2024:

Year Ended	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
December 31, 2025	$ 1,273,116	$ -	Daily	N/A
December 31, 2024	$ 1,071,025	$ -	Daily	N/A

5. Related Party Transactions and Party-In-Interest Transactions

The Plan engages in transactions with participants related to notes receivable, which are party-in-interest transactions with respect to the Plan. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

7. Tax Status

The Company adopted a pre-approved plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and was tax exempt.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2025 and 2024, one investment represented a concentration of greater than 10% of the Plan's net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 44,903,494	$ 38,055,537
Employer contribution receivable	(176,578)	(116,948)
Deemed distributions on notes receivable	(71,181)	(71,181)
Net assets available for benefits per the Form 5500	$ 44,655,735	$ 37,867,408

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2025, to Form 5500:

Employer contributions per the financial statements	$ 1,765,487
Less: employer contribution receivable at December 31, 2025	(176,578)
Add: employer contribution receivable at December 31, 2024	116,948
Employers contributions per Form 5500	$ 1,705,857

10. Delinquent Participant Contributions

For the year ended December 31, 2025, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances related to 2025 identified on the Schedule of Delinquent Participant Contributions totaled $90,581. The Company has compensated affected participants for lost earnings resulting from the delay in contributions totaling $28,820 and will compensate affected participants for lost earnings related to the delayed remittance of contributions totaling $61,761.

For the year ended December 31, 2024, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances related to 2024 identified on the Schedule of Delinquent Participant Contributions totaled $2,154. The Company has compensated affected participants for lost earnings resulting from the delay in contributions.
