PRL, Inc. 401(k) Plan
Lebanon, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the PRL, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the PRL, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, available to all employees of the Company who have met the eligibility requirements stipulated by the Plan. Fulton Bank N.A./Fulton Financial Advisors division was the trustee of the Plan and provided recordkeeping services for the Plan for the year ended December 31, 2023 and through February 1, 2024. Effective February 1, 2024, the Trustee and Recordkeeping function of the Plan were transferred from Fulton Bank N.A. to Empower Annuity Insurance Company of America (EAICA).

As a part of this transfer, the Plan adopted a non-standardized preapproved defined contribution plan type, effective retroactively to January 1, 2024.

The Plan is administered by the management of the Company and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Eligibility

For the year ended December 31, 2025 and 2024, employees are eligible to participate in the Plan upon the attainment of age 18.

Contributions

The total maximum participant elective deferral for plan years 2025 and 2024 is $23,500 and $23,000, respectively. In addition, participants who are over age 50 are entitled to defer an additional amount to the Plan (up to $7,500 and $7,500 for 2025 and 2024, respectively). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes fifty percent (50%) of the first five percent (5%) of eligible compensation that the participant contributes to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors, however there were no additional profit-sharing contributions in 2025 or 2024. All contributions are invested per the direction specified by the participant among investment alternatives made available by the Company under the Plan. Contributions are subject to certain statutory limitations.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Effective January 1, 2024 and for the years ended December 31, 2025 and 2024, participants vest in the Company's matching contributions and any earnings thereon in accordance with the following schedule.

Years of Service	Percent Vested
Less than 1	0%
1	50%
2	100%

All participants' current and future employer contributions will be subject to the new vesting schedule.

A participant becomes fully vested upon death, disability or reaching normal retirement age, as defined by the Plan.

1. Description of Plan (continued)

Payment of Benefits

Upon a participant's separation from service due to death, disability, termination, or retirement, benefits may be distributed to them in a single lump sum amount equal to the vested value of their account.

Active participants may also take in-service withdrawals from their accounts under certain hardship conditions or upon reaching age 59 ½. Hardship withdrawals may be taken from a participant's deferral account without respect to earnings. Deferral contributions are suspended for a six-month period after receipt of a hardship withdrawal.

Forfeitures

Upon a participant's separation from service, unvested contributions are forfeited by the participant and may be used to reduce future employer contributions. Unallocated forfeiture balances at December 31, 2025 and 2024 were not material.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses shall be paid by the Plan or the Participants. Investment related expenses are included in net appreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. The Company also has the right to discontinue its contributions at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Polices

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Polices (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when they have been paid by the Plan.

Investment Valuation and Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are stated at fair value. Shares of mutual funds and money market funds are valued at the quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Plan's guaranteed investment contract (the Empower Investments Fixed Account) is fully benefit-responsive and accounted for in accordance with Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 962 (ASC 962), *Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*.

As required by ASC 962, as updated by Accounting Standards Update (ASU) No. 2015-12, the statement of net assets available for benefits presents the contract value of the investments in the Empower Investments Fixed Account. The statement of changes in net assets available for benefits represents the changes in contract value for the Empower Investments Fixed Account.

Contract value represents guaranteed principal plus the minimum guaranteed interest. The market interest rate credited is determined monthly, however the guaranteed minimum floor rate is determined on an annual basis and will not drop below that rate. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value less certain surrender charges.

The Plan's investments in common collective trusts are measured using the Net Asset Value (NAV) per share of the investment as a practical expedient as permitted by ASC 820, *Fair Value Measurement and Disclosures* (ASC 820).

2. Summary of Significant Accounting Polices (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized and unrealized gains (losses).

Fair Value of Financial Instruments

The Plan follows ASC 820, *Fair Value Measurement and Disclosures,* for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Polices (continued)

Fair Value of Financial Instruments (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued using the NAV practical expedient, which is a representation of the investment's fair value. The NAV represents the fair values of the underlying investments held by the collective trust funds less their liabilities. The fair values of the underlying investments are generally derived from quoted prices in active markets.

The methods described above may produce a fair calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Tax Status

For the year ended December 31, 2024, as a part of the transfer to EIACA, the new trustee, the Plan adopted a non-standardized preapproved defined contribution plan type sponsored by PASI, LLC, the Plan's third party administrator. Accordingly, the IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust, as designed, are in accordance with applicable sections of the Internal Revenue Code (the IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2022.

4. Risks and Uncertainties

The Plan invests in various securities, including mutual funds and money market funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, EAICA, the trustee of the Plan as of December 31, 2025 and 2024, certified to the Plan Administrator the following information related to their respective investments as complete and accurate, which has been relied on by the Plan Administrator in the preparation of the Plan's financial statements in compliance with ERISA:

(a) Investments: The cost and fair value of investments, in the aggregate and by fund, as of December 31, 2025 and 2024.

(b) Interest and Dividends: The amount of interest and dividend income received by the Plan for the years ended December 31, 2025 and 2024.

(c) Net Appreciation (Depreciation): The amount of appreciation (depreciation) in fair value of investments, individually and in the aggregate, for the years ended December 31, 2025 and 2024.

6. Fair Value Measurements

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2025 and 2024:

Description	**Level 1**	**Level 2**	**Level 3**	**Total**
2025				
Investments				
Mutual funds	**$ 7,719,809**	**$ -**	**$ -**	**$ 7,719,809**
Total investments in the fair value hierarchy	**$ 7,719,809**	**$ -**	**$ -**	**$ 7,719,809**
*Common collective trust funds				**163,996**
Total investments at fair value				**$ 7,883,805**

Description	**Level 1**	**Level 2**	**Level 3**	**Total**
2024				
Investments				
Mutual funds	$ 7,280,413	$ -	$ -	$ 7,280,413
Total investments in the fair value hierarchy	$ 7,280,413	$ -	$ -	$ 7,280,413
*Common collective trust funds				137,961
Total investments at fair value				$ 7,418,374

*Investments measured at fair value using the NAV as a practical expedient have not been classified within the fair value hierarchy.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

7. Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive (no maturity date) group annuity contract with EAICA (a traditional investment contract). The group annuity contract is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. EAICA maintains the contributions in its general account. The issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is semi-annually based upon contract provisions, and it may not be less than 0.0%.

EAICA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

7. Fully Benefit Responsive Investment Contract (continued)

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid overtime. The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable beyond 90 days from the requested distribution. Such circumstances include Plan termination, Plan merger, termination initiated by the Company, and certain other Company initiated events that result in distributions exceeding a set amount. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

8. Party-in-Interest and Related Party Transactions

EAICA served as the Plan's trustee and recordkeeper during 2025 and 2024. Fulton Bank, N.A./Fulton Financial Advisors division also served as the Plan's trustee and recordkeeper during 2024. Accordingly, transactions with these parties, including purchases and sales of securities, as well as related expenses disclosed in the statement of changes qualify as party-in-interest transactions. Fees paid by the Plan for the custodial and record-keeping services amounted to $32,438 and $26,758 for the years ended December 31, 2025 and 2024, respectively.

9. Reconciliation of Financial Statements to Form 5500
