GNC Live Well Later 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of GNC Live Well Later 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024; the related statement of changes in net assets available for benefits for the year ended December 31, 2025; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by Fidelity Investments agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters
Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

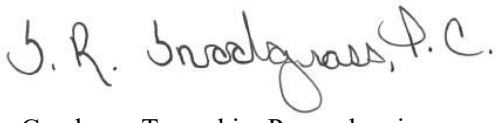

***Supplemental Schedule Required by ERISA* (Continued)**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by Fidelity Investments agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the GNC Live Well Later 401(k) Plan (the "Pan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except for nonresident aliens, leased employees, and employees covered by a collective bargaining agreement of GNC Holdings, LLC (formerly General Nutrition Centers, Inc.) (the "Company") who are 21 years of age or older and have completed at least 30 days of full-time employment with the Company without interruption or have completed 1,000 hours of service within a 12-month eligibility computation period for employees who are not full-time and are age 21 or older. Eligible employees are entered into the Plan on the first day of the following month after reaching the necessary service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Fidelity Management Trust Company Volume Submitter Plan.

The Plan allows for full-time employees who are 21 years of age or older and have completed at least 12 months of service to receive discretionary matching contributions. The Plan also allows for the Company to make an additional matching contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the Plan year. This additional matching contribution may be limited to match-only contributions up to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. An eligible participant must be employed on the last day of the contribution period, as defined in the Plan document, to receive the additional matching contribution.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act") Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions, among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020, or for Plan years beginning after December 31, 2019, were operationalized accordingly. As of September 16, 2025, the Plan adopted an optional provision amendment, which stated that, in lieu of sending the notices contemplated in the agreement, Fidelity Management Trust Company (Fidelity) will prepare and distribute an annual reminder notice to unenrolled participants. A draft annual reminder notice will be produced and sent to the employer via electronic services.

Contributions

Participants may contribute up to 80 percent of pretax compensation, up to the annual limitations specified by the Internal Revenue Code (IRC) ($23,500 for 2025 and $23,000 for 2024). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary match up to a specified percentage of compensation or to a specific dollar amount.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Contributions (Continued)
The Company may also contribute a nonelective contribution and an additional matching contribution as discussed above. In 2025 and 2024, the Company did not make a nonelective contribution or an additional matching contribution.

All participants who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, IRC Section 414(v). The maximum additional elective deferral for both 2025 and 2024 is limited to $7,500.

The annual addition (which includes employee and employer contributions) that may be contributed or allocated to a participant's account under the Plan for any limitation year shall not exceed the lesser of $70,000 and $69,000 for 2025 and 2024, respectively, as adjusted for increases in the cost of living under Code Section 415(d), or 100 percent of the participant's compensation within the meaning of IRC Section 415(c)(3), for the limitation year. Contributions from Plan participants and matching contributions from the Employer are recorded in the year in which employee contributions are withheld from compensation.

Participant Accounts
Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's match and nonelective contributions and (b) Plan income, and losses are charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equivalent to the participant's vested account.

Investment Options
Participants may invest their voluntary contributions, rollover contributions, and the Company's contributions, plus actual earnings thereon, into any of the investment options provided by Fidelity Management Trust Company (the "Trustee"). The participants may change their investment election for new contributions and existing balances daily. Redemption fees are applied to specific investments due to a participant invoking an investment change without allowing the investment holding period to expire. The period of time in which the investment must be held, and the fee charged, is determined by the investment.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. The Company's discretionary matching contribution portion of each participant's account is subject to the following vesting requirements:

Completed Years of Service*	Percentage of Company's Contributions Vested
Less than one	0 %
One, but less than two	33 %
Two, but less than three	66 %
Three or more	100 %

*A completed year of service equates to 1,000 hours of service completed by the participant in a vesting computation period.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

A participant who has attained age 59½ or has incurred a hardship (as defined in the Plan document) may receive a disbursement from the Plan. The Plan provides for lump-sum distributions, installment payments, or partial withdrawals for retirement, permanent disability, death, and termination of employment. Upon termination of employment, if the participant's account balance is $1,000 or less, a participant will automatically receive a lump-sum payment, less applicable withholding tax. If the participant's account balance exceeds $1,000 but is less than $5,000, a participant's account will be rolled over to an IRA or other eligible retirement plan as soon as reasonably practicable following the date that employment terminates. A minimum required distribution from the Plan is required, unless the participant is a 5 percent owner of the Company, no later than April 1 of the calendar year following the calendar year that the participant turns 72 or terminates employment, whichever is later. If a participant is a 5 percent owner of the Company, the participant must start receiving a distribution no later than April 1 of the calendar year following the calendar year that the participant turns 72. Once a minimum required distribution is received, subsequent distributions should be received at least annually until all assets in the participant's account are distributed.

Notes Receivable from Participants

Upon proper application, the Plan provides for notes to be made to participants. The minimum note that a participant may take is $1,000. Participants may only have one loan outstanding at any given time. The total note from the Plan to a participant will not exceed the lesser of the following amounts: $50,000, reduced by the highest outstanding loan balance during the previous 12-month period or an amount equal to 50 percent of any participant's current vested interest in his or her account.

The notes bear interest at a fixed rate, which is determined by the Plan Administrator to be a reasonable rate of interest, taking into account the rate that would be charged by commercial lenders for money loaned under similar circumstances. Generally, notes are repayable over a specified period not to exceed five years. However, if the note is to be used for the purchase of a participant's principal residence, the note is repayable over a specified period not to exceed ten years. Notes are secured by promissory notes providing for repayment of principal and interest through payroll deductions. As collateral for the note, the participant gives the Company a security interest in his or her vested accrued benefit in the Plan in an amount equal to the outstanding principal balance of the note plus accrued interest. No other property is given as collateral for the note.

Plan Administration Expenses

Expenses incurred by the Plan Administrator and Trustee for their services and costs in administering the Plan may be paid out of the Plan; however, the Company may pay the Plan expenses directly. A quarterly fee was also deducted from all Plan participants to cover the Plan's administrative costs.

Forfeited Accounts

Any forfeitures occurring during a Plan year shall first be used to pay administrative expenses, if so directed by the Company. To the extent that the forfeitures are not used to reduce administrative expenses, they may be applied to reduce the employer contributions. Forfeited nonvested accounts were used to pay Plan expenses of $26,902 and $16,884 for 2025 and 2024, respectively. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $64,140 and $57,388, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value, as disclosed in Note 4. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of its investments, which consists of the realized gains and losses from sales of investments and unrealized appreciation on investments. The net change in unrealized appreciation in the fair value of investments is determined by the change in the fair value from the beginning of the year to the end of the year or from the date of purchase to the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan document. Deemed distributions were $6,960 for the year ended December 31, 2025.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

New Accounting Pronouncements
During 2025 and 2024, various new Accounting Standard Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The Plan Administrator of the Plan has determined, based on their review, that no new accounting pronouncements that were issued were applicable to the Plan. As new accounting pronouncements are released, management will assess if they are applicable, and, if they are applicable, their effect will be included in the Notes to Financial Statements.

NOTE 3 – CERTIFICATIONS BY TRUSTEE

At December 31, 2025 and 2024, the Plan's investments, notes receivable from participants, and executed transactions therein were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 3 – CERTIFICATIONS BY TRUSTEE (Continued)

At December 31, 2025 and 2024, the Plan's investments and notes receivable from the participants consisted of the following:

	2025	2024
Mutual funds	$ 84,477,812	$ 112,719,521
Common/collective fund	53,212,176	9,970,713
Money market fund	457,013	-
Total investments	$ 138,147,001	$ 122,690,234
Notes receivable from participants	$ 1,338,748	$ 1,076,417

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $18,304,259 and generated $1,608,233 of income from interest and dividends during the year ended December 31, 2025.

The Plan's notes receivable from participants generated $102,223 of interest income during the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to the investments and notes receivable from participants that were certified by the Trustee at December 31, 2025 and 2024, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level II) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The common/collective funds and money market funds are valued at the net asset value (NAV) obtained directly from the fund house or other insurance provider. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The valuation of investments at December 31, 2025 and 2024, is prepared by the Trustee.

The Plan's investments at fair value, within the fair value hierarchy, are as follows as of December 31, 2025 and 2024:

	December 31, 2025			
	Level I	Level II	Level III	Total
Mutual funds	$ 84,477,812	$ -	$ -	$ 84,477,812
Common/collective trust funds (a)	-	-	-	53,212,176
Money market fund (a)	-	-	-	457,013
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ 138,147,001

	December 31, 2024			
	Level I	Level II	Level III	Total
Mutual funds	$ 112,719,521	$ -	$ -	$ 112,719,521
Common/collective trust funds (a)	-	-	-	9,970,713
Money market fund (a)	-	-	-	-
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ 122,690,234

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Funds

Common/collective funds represent investments held in pooled funds that are valued based on the NAV provided by the funds as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective funds, a 12-month notice period would be required. There were no other significant redemption restrictions or unfunded commitments on these investments as of December 31, 2025 and 2024.

Money Market Funds

Investment in the money market fund is valued at the daily exit price or NAV established by the fund manager. The fund's NAV is based on the fair value of its underlying securities (principally short-term, high-quality debt obligations). This investment seeks to maintain a stable NAV of $1.00 per share, and transactions (purchases and sales) occur daily at this fixed amount.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 6 – TAX STATUS

Although the Plan has not requested a determination from the IRS as to the Plan’s tax-exempt status, the volume submitter plan from which the Plan was drafted has received a favorable determination letter from the IRS dated June 30, 2020. The prototype plan has been amended since receiving its determination letter. The Plan Administrator believes that the Plan, as amended, is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee as defined by the Plan document. Transactions with the Trustee qualify as party-in-interest transactions. Fees for investment management services are included in administrative expenses. Direct fees paid by the Plan for trustee service, recordkeeping services, investments management services, and audit services were $276,059 for the year ended December 31, 2025. The Company absorbs certain costs incurred in relation to the administration of the Plan. Such costs include accounting fees. These costs amounted to $25,000 for the year ended December 31, 2025. These transactions are party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their employer contributions. Assets will be allocated to each participant based on their respective account balance after payment of all final liquidation or termination expenses, pursuant to the directions of the Plan Administrator.

NOTE 9 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events in accordance with ASC Topic 855, *Subsequent Events*, through October 12, 2026, which is the date the financial statements were available to be issued, and no subsequent events occurred requiring accrual or disclosure.

Plan Administrator
GNC Live Well Later 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of GNC Live Well Later 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024; the related statement of changes in net assets available for benefits for the year ended December 31, 2025; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by Fidelity Investments agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters
Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

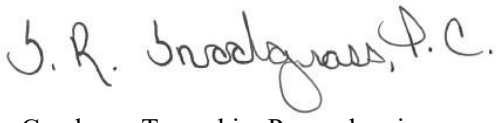

***Supplemental Schedule Required by ERISA* (Continued)**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by Fidelity Investments agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the GNC Live Well Later 401(k) Plan (the "Pan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except for nonresident aliens, leased employees, and employees covered by a collective bargaining agreement of GNC Holdings, LLC (formerly General Nutrition Centers, Inc.) (the "Company") who are 21 years of age or older and have completed at least 30 days of full-time employment with the Company without interruption or have completed 1,000 hours of service within a 12-month eligibility computation period for employees who are not full-time and are age 21 or older. Eligible employees are entered into the Plan on the first day of the following month after reaching the necessary service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Fidelity Management Trust Company Volume Submitter Plan.

The Plan allows for full-time employees who are 21 years of age or older and have completed at least 12 months of service to receive discretionary matching contributions. The Plan also allows for the Company to make an additional matching contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the Plan year. This additional matching contribution may be limited to match-only contributions up to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. An eligible participant must be employed on the last day of the contribution period, as defined in the Plan document, to receive the additional matching contribution.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act") Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions, among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020, or for Plan years beginning after December 31, 2019, were operationalized accordingly. As of September 16, 2025, the Plan adopted an optional provision amendment, which stated that, in lieu of sending the notices contemplated in the agreement, Fidelity Management Trust Company (Fidelity) will prepare and distribute an annual reminder notice to unenrolled participants. A draft annual reminder notice will be produced and sent to the employer via electronic services.

Contributions

Participants may contribute up to 80 percent of pretax compensation, up to the annual limitations specified by the Internal Revenue Code (IRC) ($23,500 for 2025 and $23,000 for 2024). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary match up to a specified percentage of compensation or to a specific dollar amount.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Contributions (Continued)
The Company may also contribute a nonelective contribution and an additional matching contribution as discussed above. In 2025 and 2024, the Company did not make a nonelective contribution or an additional matching contribution.

All participants who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, IRC Section 414(v). The maximum additional elective deferral for both 2025 and 2024 is limited to $7,500.

The annual addition (which includes employee and employer contributions) that may be contributed or allocated to a participant's account under the Plan for any limitation year shall not exceed the lesser of $70,000 and $69,000 for 2025 and 2024, respectively, as adjusted for increases in the cost of living under Code Section 415(d), or 100 percent of the participant's compensation within the meaning of IRC Section 415(c)(3), for the limitation year. Contributions from Plan participants and matching contributions from the Employer are recorded in the year in which employee contributions are withheld from compensation.

Participant Accounts
Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's match and nonelective contributions and (b) Plan income, and losses are charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equivalent to the participant's vested account.

Investment Options
Participants may invest their voluntary contributions, rollover contributions, and the Company's contributions, plus actual earnings thereon, into any of the investment options provided by Fidelity Management Trust Company (the "Trustee"). The participants may change their investment election for new contributions and existing balances daily. Redemption fees are applied to specific investments due to a participant invoking an investment change without allowing the investment holding period to expire. The period of time in which the investment must be held, and the fee charged, is determined by the investment.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. The Company's discretionary matching contribution portion of each participant's account is subject to the following vesting requirements:

Completed Years of Service*	Percentage of Company's Contributions Vested
Less than one	0 %
One, but less than two	33 %
Two, but less than three	66 %
Three or more	100 %

*A completed year of service equates to 1,000 hours of service completed by the participant in a vesting computation period.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

A participant who has attained age 59½ or has incurred a hardship (as defined in the Plan document) may receive a disbursement from the Plan. The Plan provides for lump-sum distributions, installment payments, or partial withdrawals for retirement, permanent disability, death, and termination of employment. Upon termination of employment, if the participant's account balance is $1,000 or less, a participant will automatically receive a lump-sum payment, less applicable withholding tax. If the participant's account balance exceeds $1,000 but is less than $5,000, a participant's account will be rolled over to an IRA or other eligible retirement plan as soon as reasonably practicable following the date that employment terminates. A minimum required distribution from the Plan is required, unless the participant is a 5 percent owner of the Company, no later than April 1 of the calendar year following the calendar year that the participant turns 72 or terminates employment, whichever is later. If a participant is a 5 percent owner of the Company, the participant must start receiving a distribution no later than April 1 of the calendar year following the calendar year that the participant turns 72. Once a minimum required distribution is received, subsequent distributions should be received at least annually until all assets in the participant's account are distributed.

Notes Receivable from Participants

Upon proper application, the Plan provides for notes to be made to participants. The minimum note that a participant may take is $1,000. Participants may only have one loan outstanding at any given time. The total note from the Plan to a participant will not exceed the lesser of the following amounts: $50,000, reduced by the highest outstanding loan balance during the previous 12-month period or an amount equal to 50 percent of any participant's current vested interest in his or her account.

The notes bear interest at a fixed rate, which is determined by the Plan Administrator to be a reasonable rate of interest, taking into account the rate that would be charged by commercial lenders for money loaned under similar circumstances. Generally, notes are repayable over a specified period not to exceed five years. However, if the note is to be used for the purchase of a participant's principal residence, the note is repayable over a specified period not to exceed ten years. Notes are secured by promissory notes providing for repayment of principal and interest through payroll deductions. As collateral for the note, the participant gives the Company a security interest in his or her vested accrued benefit in the Plan in an amount equal to the outstanding principal balance of the note plus accrued interest. No other property is given as collateral for the note.

Plan Administration Expenses

Expenses incurred by the Plan Administrator and Trustee for their services and costs in administering the Plan may be paid out of the Plan; however, the Company may pay the Plan expenses directly. A quarterly fee was also deducted from all Plan participants to cover the Plan's administrative costs.

Forfeited Accounts

Any forfeitures occurring during a Plan year shall first be used to pay administrative expenses, if so directed by the Company. To the extent that the forfeitures are not used to reduce administrative expenses, they may be applied to reduce the employer contributions. Forfeited nonvested accounts were used to pay Plan expenses of $26,902 and $16,884 for 2025 and 2024, respectively. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $64,140 and $57,388, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value, as disclosed in Note 4. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of its investments, which consists of the realized gains and losses from sales of investments and unrealized appreciation on investments. The net change in unrealized appreciation in the fair value of investments is determined by the change in the fair value from the beginning of the year to the end of the year or from the date of purchase to the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan document. Deemed distributions were $6,960 for the year ended December 31, 2025.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

New Accounting Pronouncements
During 2025 and 2024, various new Accounting Standard Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The Plan Administrator of the Plan has determined, based on their review, that no new accounting pronouncements that were issued were applicable to the Plan. As new accounting pronouncements are released, management will assess if they are applicable, and, if they are applicable, their effect will be included in the Notes to Financial Statements.

NOTE 3 – CERTIFICATIONS BY TRUSTEE

At December 31, 2025 and 2024, the Plan's investments, notes receivable from participants, and executed transactions therein were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 3 – CERTIFICATIONS BY TRUSTEE (Continued)

At December 31, 2025 and 2024, the Plan's investments and notes receivable from the participants consisted of the following:

	2025	2024
Mutual funds	$ 84,477,812	$ 112,719,521
Common/collective fund	53,212,176	9,970,713
Money market fund	457,013	-
Total investments	$ 138,147,001	$ 122,690,234
Notes receivable from participants	$ 1,338,748	$ 1,076,417

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $18,304,259 and generated $1,608,233 of income from interest and dividends during the year ended December 31, 2025.

The Plan's notes receivable from participants generated $102,223 of interest income during the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to the investments and notes receivable from participants that were certified by the Trustee at December 31, 2025 and 2024, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level II) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The common/collective funds and money market funds are valued at the net asset value (NAV) obtained directly from the fund house or other insurance provider. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The valuation of investments at December 31, 2025 and 2024, is prepared by the Trustee.

The Plan's investments at fair value, within the fair value hierarchy, are as follows as of December 31, 2025 and 2024:

	December 31, 2025			
	Level I	Level II	Level III	Total
Mutual funds	$ 84,477,812	$ -	$ -	$ 84,477,812
Common/collective trust funds (a)	-	-	-	53,212,176
Money market fund (a)	-	-	-	457,013
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ 138,147,001

	December 31, 2024			
	Level I	Level II	Level III	Total
Mutual funds	$ 112,719,521	$ -	$ -	$ 112,719,521
Common/collective trust funds (a)	-	-	-	9,970,713
Money market fund (a)	-	-	-	-
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ 122,690,234

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Funds

Common/collective funds represent investments held in pooled funds that are valued based on the NAV provided by the funds as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective funds, a 12-month notice period would be required. There were no other significant redemption restrictions or unfunded commitments on these investments as of December 31, 2025 and 2024.

Money Market Funds

Investment in the money market fund is valued at the daily exit price or NAV established by the fund manager. The fund's NAV is based on the fair value of its underlying securities (principally short-term, high-quality debt obligations). This investment seeks to maintain a stable NAV of $1.00 per share, and transactions (purchases and sales) occur daily at this fixed amount.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 6 – TAX STATUS

Although the Plan has not requested a determination from the IRS as to the Plan’s tax-exempt status, the volume submitter plan from which the Plan was drafted has received a favorable determination letter from the IRS dated June 30, 2020. The prototype plan has been amended since receiving its determination letter. The Plan Administrator believes that the Plan, as amended, is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee as defined by the Plan document. Transactions with the Trustee qualify as party-in-interest transactions. Fees for investment management services are included in administrative expenses. Direct fees paid by the Plan for trustee service, recordkeeping services, investments management services, and audit services were $276,059 for the year ended December 31, 2025. The Company absorbs certain costs incurred in relation to the administration of the Plan. Such costs include accounting fees. These costs amounted to $25,000 for the year ended December 31, 2025. These transactions are party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their employer contributions. Assets will be allocated to each participant based on their respective account balance after payment of all final liquidation or termination expenses, pursuant to the directions of the Plan Administrator.

NOTE 9 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events in accordance with ASC Topic 855, *Subsequent Events*, through October 12, 2026, which is the date the financial statements were available to be issued, and no subsequent events occurred requiring accrual or disclosure.

Summary of 5% Reportable Transactions
Pursuant to Department of Labor Regulation (DOL) 2520.103-6(c)
For the Plan Year Ending 12/31/2025

Beginning Plan Balance(1):	$123,766,651.38
5% of Beginning Balance (applicable for IRS Form 5500, Schedule H filers):	$6,188,332.57

Schedule below is a record of all non-participant directed transactions pursuant to IRS Form 5500 instructions.

Transactions pursuant to DOL Sec. 2520.103-6(c) (1)(i) and 2520.103-6(d):
A transaction within the plan year, with respect to any plan asset, involving amount in excess of 5% for Schedule H filers of the current value of plan assets.

Description of Asset/Transaction	Date	Purchase Price	Sales Price	Expenses Incurred	Cost of Assets	Realized Gain/Loss	% to Bal
2328- FID 500 INDEX	02/24/2025	$8,524,905.04	$0.00	$0.00	$0.00	$0.00	6.90

Department of Labor regulations require that reportable transactions be determined based on the value of the plan assets as of the beginning of the plan year, (unless the Form 5500 is being filed for the initial plan year -- in which case the value of the plan assets as of the end of the plan year is used). Please note that if your plan converted to Fidelity during the plan year, or Fidelity did not recordkeep all of the plan assets as of the beginning of the plan year, Fidelity is unable to determine the actual value of the plan assets as of the beginning of the plan year. Therefore, the beginning of year value reflected on this report would not be correct. You should apply the value of the transactions identified on this report to the actual value of the assets as of the beginning of the plan year to determine whether or not they are reportable (i.e., exceed 5% of the actual value of plan assets as of the beginning of the year).
