Report of Independent Auditors

To the Administrator and Plan Participants of Caribbean Refrescos, Inc. Thrift Plan

Opinion

We have audited the financial statements of Caribbean Refrescos, Inc. Thrift Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

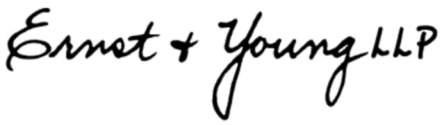

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Caribbean Refrescos, Inc. Thrift Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was originally adopted effective February 1, 1989, restated effective December 31, 2024. The Plan is a defined contribution pension plan covering a majority of the employees of Caribbean Refrescos, Inc. (the "Company" or "CRI"), a wholly owned subsidiary of The Coca-Cola Company. Eligible employees may begin participating in the Plan as of the first enrollment date, as defined in the Plan document, on or after reaching age 18. Effective January 1, 2021, employees who do not make an affirmative action to participate in the Plan will be automatically enrolled as of the first enrollment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Company is the named Plan administrator. However, the Thrift Plan Committee of Caribbean Refrescos, Inc. (the "Committee"), on behalf of the Company and as designated in the Plan document, has substantial control of and discretion over the administration of the Plan. Banco Popular de Puerto Rico (the "Trustee") provides trust and custodial services for the Plan, and Transamerica Retirement Solutions provides recordkeeping and sub-custodial services for the Plan.

Contributions

The election to contribute to the Plan by employees ("participants") is voluntary. Participant contributions are in the form of payroll deductions with the Company currently making a matching contribution equal to 100% of the first 3% of compensation contributed by a participant subject to certain limitations imposed by the Puerto Rico Internal Revenue Code of 2011 (the "Code").

Participants may contribute to the Plan with "Before-Tax" dollars and/or "After-Tax" dollars. "Before-Tax" contributions are not subject to current income taxation. For the year ended December 31, 2025, participants may contribute to the Plan on a "Before-Tax" basis up to $15,000 of their annual compensation subject to certain limitations imposed by the Code. In addition to "Before-Tax" contributions, participants may contribute on an "After-Tax" basis up to 10% of their annual compensation, as defined by the Plan document. Participants are allowed to roll over account balances from other qualified retirement plans into the Plan. The Plan allows participants who are age 50 or older by the end of the year to make additional "Catch-Up" contributions within limits imposed by the Code.

Effective January 1, 2021, the Plan also allows eligible participants to receive two additional employer contributions:

(1) A Non-Elective Fixed Contribution ("NEC") of 3% annually, which will be credited to all participant accounts in addition to the standard 3% matching contribution.

(2) A Pension Transition Contribution ("PTC"), for eligible employees hired prior to January 1, 2012, which will begin during plan year 2021 and end during plan year 2025. The PTC reflects a percentage of eligible employees' compensation, up to 5%, and will also depend on the employees' age as of January 1, 2021, and for eligible employees who were participants in The Coca-Cola Company Pension Plan as of January 1, 2010, an additional 2% based on the employees' age plus years of service, as defined, as of January 1, 2021.

All contributions are paid to a trustee and are invested as directed by participants. Participants may direct their contributions into common stock of The Coca-Cola Company, mutual funds and collective trust funds with various investment objectives and strategies.

Vesting

Participants are immediately vested in their salary deferral contributions and related earnings. Company contributions and related earnings are also immediately vested.

Forfeitures

Forfeited accounts are generally used to reduce employer contributions or pay administrative expenses of the Plan. The forfeited account balances were $20,074 and $19,487 as of December 31, 2025 and 2024, respectively. The Plan did not use any cumulative forfeitures during 2025 or 2024.

Valuation of Participant Accounts

Participant account balances are valued based upon the number of shares or units of each investment fund credited to participant accounts. The shares and units are revalued on a daily basis to reflect earnings and other transactions. Participant account balances are updated on a daily basis to reflect transactions affecting account balances.

Notes Receivable from Participants

Participants may borrow from their account balances subject to certain limitations. Participant loans may be taken from a combination of employee contribution, catch-up contribution and rollover account balances. The following applies to participant loans:

(a) The maximum amount that a participant may borrow is the lesser of 50% of their account balance or $50,000. The $50,000 maximum is reduced by the participant's highest outstanding loan balance on any loans during the preceding 12 months. Only one loan is allowed from the Plan at a time.

(b) The minimum amount that a participant may borrow is the lesser of 50% of their account balance or $1,000.

(c) The loan interest rate is the prime rate (as published in *The Wall Street Journal* at the inception of the loan).
(d) The loan repayment period is one year to five years for a general purpose loan and one year to 15 years for a loan used to purchase or build a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, termination or disability, participants may elect to receive payment from the Plan in a lump-sum distribution or annual installments, up to a maximum of 10, from the Plan. Upon death of a participant, the surviving spouse or other designated beneficiary may choose to receive annual installment payments, up to a maximum of 10, from the Plan. Participants may elect to receive in-service withdrawals from their "After-Tax" account balances.

Plan Termination

The Company expects the Plan to be continued indefinitely but reserves the right to terminate the Plan or to discontinue its contributions to the Plan at any time. In the event of termination, the Committee may either continue the Trust for as long as it considers advisable, or terminate the Trust, pay all expenses from the Trust assets, and direct the payment of participant account balances, either in the form of lump-sum distributions, installment payments, or any other form selected by the Committee.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value in accordance with Accounting Standards Codification Topic 820 "Fair Value Measurements and Disclosures" ("ASC 820"). See Note 3 for fair value measurements.

Notes Receivable from Participants

Participant loans, which are classified as receivables, are stated at the unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable are classified as distributions based upon the terms of the Plan document. The Plan only has loan receivables in the form of participant loans and there are no trade receivables.

Investment Transactions and Income

Investment transactions are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest is recognized on an accrual basis. The net appreciation in fair value of investments consists of realized gains and losses and changes in unrealized gains or losses of these investments during the year. Realized gains and losses on investments are determined on the basis of average cost. Unrealized gains or losses on investments are based on changes in the market values or fair values of such investments.

Administrative Expenses

Certain administrative expenses were paid by the Plan, as permitted by the Plan document. All other administrative expenses were paid by the Company and excluded from these financial statements.

Payment of Benefits

Distributions to participants are recorded when payment is made.

Note 3 – Fair Value Measurements

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. ASC 820 established a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Investments as of December 31, 2025 were measured at fair value on a recurring basis (at least annually) as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Investments Using Net Asset Value Practical Expedient	Total
The Coca-Cola Company common stock [A]	$ 23,935,707	$ —	$ 23,935,707
Collective trust funds [B]	—	36,512,874	36,512,874
	$ 23,935,707	$ 36,512,874	$ 60,448,581

(A) Investments are valued using the quoted market price multiplied by the number of shares owned as of the measurement date.

(B) The underlying investments held in the collective trust funds are active or passive equity or debt securities. The collective trust funds are valued at the net asset value ("NAV") per share as determined by the manager of the funds multiplied by the number of shares held as of the measurement date. These funds have no unfunded commitments. Participant-directed redemptions have no restrictions; however, the Plan's ability to redeem its investments is subject to fund-specific notice requirements, which range from 0 days up to 12 months.

Investments as of December 31, 2024 were measured at fair value on a recurring basis (at least annually) as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Investments Using Net Asset Value Practical Expedient	Total
The Coca-Cola Company common stock [A]	$ 22,511,211	$ —	$ 22,511,211
Collective trust funds [B]	—	30,403,286	30,403,286
	$ 22,511,211	$ 30,403,286	$ 52,914,497

(A) Investments are valued using the quoted market price multiplied by the number of shares owned as of the measurement date.

(B) The underlying investments held in the collective trust funds are active or passive equity or debt securities. The collective trust funds are valued at the NAV per share as determined by the manager of the funds multiplied by the number of shares held as of the measurement date. These funds have no unfunded commitments. Participant-directed redemptions have no restrictions; however, the Plan's ability to redeem its investments is subject to fund-specific notice requirements, which range from 0 days up to 12 months.

The Plan's valuation methods used to measure fair value of its investments may produce fair values that may not be indicative of a future sale, or reflective of future fair values. The use of different methods to determine the fair value of investments could result in different estimates of fair value at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

During the years ended December 31, 2025 and 2024, there were no Level 2 or Level 3 investments.

Note 4 – Transactions with Parties-in-Interest

Investments managed by State Street Global Markets, LLC qualify as party-in-interest transactions as affiliate State Street Global Advisors provides brokerage services to the Plan. Investments managed by Mercer Investments LLC qualify as party-in-interest transactions as Mercer Investments LLC has fiduciary responsibilities to the Plan. Participant loans, as discussed in Note 1, also qualify as party-in-interest transactions.

Additionally, The Coca-Cola Company is considered a party-in-interest. As of December 31, 2025 and 2024, the Plan held 342,379 and 361,568 shares of common stock of The Coca-Cola Company with a fair value of

$23,935,707 and $22,511,211, respectively. During the year ended December 31, 2025, the Plan had the following transactions relating to common stock of The Coca-Cola Company:

	Shares		Fair Value
Dividends received	10,020	$	702,019
Sales	29,209	$	2,013,073

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 – Income Tax Status

The Plan qualifies under Sections 165(a) and 165(e) of the Puerto Rico Income Tax Act of 1954 (the "Act"), as amended (for applicable tax years), Sections 1165(a) and 1165(e) of the Puerto Rico Internal Revenue Code of 1994, as amended (for applicable tax years), and Sections 1081.01(a) and 1081.01(d) of the Puerto Rico Internal Revenue Code of 2011, as amended (for applicable tax years) and is, therefore, not subject to tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the applicable tax requirements to maintain its qualification. The Plan obtained a determination letter on October 19, 1990, in which the Puerto Rico Department of the Treasury ruled that the Plan, as then designed, was in compliance with the applicable requirements of the Act. The Plan has been amended subsequent to receiving this determination letter. The Plan obtained letters on October 22, 1998, September 27, 2000, February 16, 2012, February 10, 2014, June 11, 2021 and October 10, 2025, in which the Puerto Rico Department of the Treasury ruled that the amendments did not affect the qualified status of the Plan. The October 10, 2025 as well as the June, 11, 2021 and the February 10, 2014 letters provide that the Plan, as amended, constitutes a qualified retirement plan that satisfies the requirements of the Code, as amended. The Committee believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
