INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Lucky Employee 401(k) Retirement Plan
Colma, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Lucky Employee 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025 , and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Lucky Employee 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lucky Employee 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lucky Employee 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lucky Employee 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lucky Employee 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1 -DESCRIPTION OF THE PLAN

The following description of the Lucky Employee 401(K) Retirement Plan provides only general information. Participants should refer to the plan agreement and amendments for a more complete description of the plan provisions.

General – The Plan is a defined contribution plan and voluntary contribution plan adopted by Lucky Chances, Inc. The Plan was established on April 1, 2002 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Plan Administration – The Plan is administered by Lucky Chances, Inc (the Company). The Company has contracted with Fidelity Management Trust Company (Fidelity) to act as the Trustee and Custodian of the Plan, and an affiliate of Fidelity as third-party administrator to process and maintain the records of participant data.

Eligibility – An employee who has completed one month in his/her of service and attained the age of 21 is eligible to participate in the Plan. Any employee who has completed 1000 hours in his/her first twelve months of service and attained age of 21 is eligible to receive employer matching contribution. However, the following employees or classes of employees are not eligible to participate : (i) residents of Puerto Rico; (ii) employees who are covered by a collective bargaining agreement unless the agreement requires the employee to be included under the Plan.

Contributions – Participants may elect to have the Company contribute pre-tax, Roth on their eligible compensation up to the limits imposed by federal tax law. Each year, participants may contribute from 1% to 100% of their pretax eligible compensation, but in no event can the aggregate contribution exceed the maximum annual dollar limit permitted by law. Eligible compensation does not include reimbursement or other expenses allowances, fringe benefits (cash or noncash) , moving expenses, deferred compensation, welfare benefits, unused leave, differential wages, bonus and tips. Participants may also contribute amounts representing distributions from other retirement plans, provided all legal and Administrator's requirements are met. The respective employers contribute 25% of the first 4% of eligible compensation that a participant contributes to the plan Additional amounts may be contributed at the discretion of the Companies' respective Boards of Directors. No additional amounts were contributed for years 2025 and 2024. The maximum employee contribution limit is $23,500 and $23,000 for 2025 and 2024, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

Participant Accounts – Each participant's account is credited with the participant's contributions and earnings thereon and allocations of the Companies' contributions and related earnings and charged for services the administrator specifically performs for participants. Allocations of investment earnings are based strictly on the participant’s selection of investments and timing of purchase. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Options – Upon enrollment in the Plan, participants may direct the investment of their account balance in any combination of various investment options offered by the trustee. Participants may change their investment options at any time.

1 -DESCRIPTION OF THE PLAN (continued)

Rollover Contributions - Employees may roll over eligible amounts from other tax qualified employer-sponsored retirement plans to the Plan. Such contributions are deposited in the appropriate investment's funds in accordance with the participant's direction and the Plan's provisions.

Notes Receivable from Participants and Deemed Distributions – Notes receivable from participants are measured at unpaid principal balances plus accrued but unpaid interest. Loans deemed distributed for federal income tax purposes continue to be reported as notes receivable until repaid or offset against the participant's account balance. Loan offsets are recognized as benefit distributions when the outstanding loan balance is extinguished.

Participants may borrow against their vested account balance, subject to plan administrator approval. Loans are limited from a minimum of $1,000 to a maximum of 50% of a participant's vested account balance, but not in excess of $50,000. The maximum loan term is five years, unless the loan qualifies as a home loan, in which case the plan administrator may permit a longer repayment term. No more than one (1) loan may be outstanding at any time except in hardship cases approved by Plan Administrator. The maximum loan term for any loan qualifying as a home loan will be 10 years. Loans bear interest at rates determined by the plan administrator and based on the prevailing interest rates. Principal and interest are paid ratably through payroll deductions. The loans may be prepaid in full at any time. In case of default, i.e., if any of the scheduled repayments remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due, the loan balance will be deducted from the participant's account and will be considered deemed distribution for which the participant will be liable for federal and state income taxes. Outstanding notes receivable at December 31, 2025 carry interest rates ranging from 4.25% to 9.50%.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant will be paid the vested interest in his account in lump sum as soon as administratively feasible. If the vested interest exceeds $5,000, participants can defer distribution to a later date, but not beyond his normal retirement age. In addition, a terminated participant may also elect to transfer into an individual retirement accounts all amount which qualify as a rollover under the provisions of the Internal Revenue Code of 1986, as amended.

Vesting – Participants are fully vested in all deferral contributions and earnings thereon. If a participant's employment with the Company ends for a reason other than retirement, disability, or death, the participant's vesting in the employers' matching contributions is based on years of continuous service.

A vesting schedule is as follows:

Years of Service for Vesting	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures – Amounts of nonvested employer matching contributions are forfeited and may be used to reduce future employer contributions or pay Plan expenses. The forfeiture account balance was $18,389 at the beginning of 2025. During 2025, forfeitures of $1,057 and investment earnings of approximately $128 were added to the account, while $18,646 was used to offset employer contributions and pay Plan expenses. The forfeiture account balance was $929 as of December 31, 2025.

1 -DESCRIPTION OF THE PLAN (continued)

Termination of Plan – Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of additions to and deductions from net assets. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment options in any combination of equity, fixed income, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition – Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Registered investment companies, including mutual funds and money market funds, are valued at quoted market prices or net asset value per share as reported by the fund at the measurement date.

Investments in common collective trusts are valued at the net asset value per unit, or its equivalent, as reported by the fund manager. The Plan uses net asset value as a practical expedient for estimating the fair value of these investments.

The Plan also provides participants with access to self-directed BrokerageLink accounts. Investments held within BrokerageLink accounts consist primarily of mutual funds, common stocks, interest-bearing cash, and other investment products. Such investments are valued based on quoted market prices, published net asset values, or other observable valuation inputs, as applicable to the underlying investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments bought and sold and unrealized appreciation or depreciation on investments held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest and are not included in investments measured at fair value.

2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

Operating Expenses – All expenses of maintaining the plan are paid by the Company and are excluded from these financial statements.

Administrative Expenses – The Plan sponsor pays certain administrative expenses of the Plan. Administrative expenses paid from Plan assets were approximately $76,352 for the year ended December 31, 2025

Payment of Benefits – Distributions to participants are recorded when paid.

3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 Input to the valuation methodology is unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

There have been no changes in the valuation methodologies used during the years ended December 31, 2025 and 2024.

Registered Investment Companies – Mutual funds, including target-date funds, are valued at the daily closing net asset value reported by the fund. These investments are registered with the Securities and Exchange Commission and transact at published net asset values. These investments are classified within Level 1 of the fair value hierarchy.

3 – FAIR VALUE MEASUREMENTS (continued)

Interest-Bearing Cash – The Plan's interest-bearing cash consists of a money market fund valued at its published daily net asset value and is classified within Level 1 of the fair value hierarchy.

BrokerageLink Account – BrokerageLink represents self-directed brokerage accounts that provide participants access to various investment products, including mutual funds, common stocks, interest-bearing cash, and other investment products. Investments held within BrokerageLink accounts are classified within the fair value hierarchy based on the nature of the underlying investment and the inputs used in determining fair value.

Common Collective Trusts – Investments in common collective trusts are valued at the net asset value per unit, or its equivalent, as reported by the fund manager. The Plan uses NAV as a practical expedient to estimate fair value. Accordingly, investments measured using the NAV practical expedient are not classified within the Level 1, Level 2, or Level 3 fair value hierarchy.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis were as follows as of December 31, 2025, and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Interest -bearing cash	$139,197	$-	$-	$139,137
Mutual funds	18,459,737	-	-	18,459,737
Brokerage link account	1,125,220	-	-	1,125,220
Common/collective trust at NAV				9,713,312
Total Assets at fair value	$19,724,153		-	$29,437,466

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Interest -bearing cash	$108,035	$-	$-	$108,035
Mutual Funds	24,322,340	-	-	24,322,340
Brokerage Link account	612,520	-	-	612,520
Common/collective trust at NAV			-	1,004,624
Total Assets at fair value	$25,042,895		-	$26,047,519

3 – FAIR VALUE MEASUREMENTS (continued)

In accordance with ASC 820, certain investments that are measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

4 – CERTIFIED INFORMATION

The Plan Administrator elected to have the audit of the Plan's financial statements performed pursuant to ERISA Section 103(a)(3)(C).

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee and Custodian of the Plan. Such information includes investments and notes receivable from participants as of December 31, 2025 and 2024, and related investment income and net appreciation or depreciation in the fair value of investments for the year ended December 31, 2025.

5 – TAX STATUS

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service(IRS) dated June 30, 2020, stating that the written form of the underlying pre- approved document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and therefore, the related trust is tax- exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

US GAAP requires plan management to evaluate tax position taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions.

6– PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company, the trustee and custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party in interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are exempt from the prohibited transaction provisions of ERISA, provided the applicable requirements for exemption are satisfied.

Additionally, notes receivable from participants represent party in interest transactions. Such loans are exempt from the prohibited transaction provisions of ERISA when made in accordance with the Plan and the applicable requirements of ERISA Section 408(b)(1).

7 – RECONCILIATION of FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500:

	2025	2024
Net assets available for plan benefits per the financial statements	$29,835,855	$26,308,197
Notes Receivable – DDL (includes in notes receivable - participants)	(5,985)	(5,271)
Payable to Plan Sponsor	320	320
Net assets available for plan benefits per Form 5500	$29,830,189	$23,303,245

The following is a reconciliation of net change in net assets available for benefits per the financial statements to total income per Form 5500:

Additions to net assets per the financial statements	$6,201,298
Interest on deemed distribution loan	(250)
Additions to net assets per Form 5500	$6,201,048

Deductions to net assets per the financial statements	$ 2,673,641
Deemed loan offset	463
Deductions to net assets per Form 5500	$ 2,674,104

8 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 2, 2026, the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments.
