To the Plan Administrator of
VCheck Global LLC
Retirement Savings Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of VCheck Global LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of VCheck Global LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VCheck Global LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the (ERISA Section 103(a)(3)(C) audit) does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VCheck Global LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VCheck Global LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VCheck Global LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following description of the VCheck Global LLC Retirement Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan covers eligible employees of VCheck Global LLC (the "Company"):

### General

The Plan is a defined contribution plan covering all full-time employees, not covered under certain collective bargaining agreements, who have completed three months of service and have attained age 18. Residents of Puerto Rico are excluded. The first possible entry date is the 1st day of each month following 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

While the Company has not expressed any intent to do so, the Company may terminate the Plan at any time.

### Compensation and Employee Contributions

A participant may contribute up to 90% of total eligible compensation, subject to certain IRC limitations. Generally, eligible compensation for computing contributions under the Plan is the taxable compensation per the employee's Form W-2, excluding reimbursements, deferred compensation, and other salary reduction contributions to employer plans.

### Employer Contributions

The Company may make discretionary matching contributions up to 100% of the first 4% of eligible compensation contributed by the employee. This discretionary contribution was made biweekly in 2025 and 2024 and was $409,412 and $349,769, respectively.

The Plan has a discretionary employer profit-sharing contribution option which is a uniform percentage of eligible Plan compensation. No contributions have been made under this option.

### Participant Accounts

Participants may elect to invest their contributions in any of the funds selected by the Company in accordance with the objectives stated in the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company contributions, Company matching contributions and Plan earnings and losses, if any.

**Vesting**
Participants are immediately vested in all participant contributions plus actual earnings thereon. Participants are immediately vested in the Company discretionary match.

Participants are vested in the Company discretionary contributions as follows:

| Years of service | Vested % |
|---|---|
| Less than 2 | 0 |
| 2 | 20 |
| 3 | 40 |
| 4 | 60 |
| 5 | 80 |
| 6 | 100 |

Upon retirement, disability or death of a participant, the participant shall be deemed to be 100% vested in his entire account regardless of length of service. Forfeitures of non-vested account balances, if any, can be used to reduce the Company's contributions to the Plan. No forfeitures were available for use in 2025. In 2024, $1,959 of forfeitures was used to fund administrative expenses. Unused forfeitures were $0 at December 31, 2025 and 2024.

**Distributions and Withdrawals**
In the event of retirement, death, permanent disability, or attainment of age 65, participants may make distributions either in a lump sum or in periodic payments over a period not to exceed life expectancy, as defined. A participant may also elect to receive in service distributions upon attainment of age 59 ½.

Distributions of automatic deferral amounts can be withdrawn within 90 days of the first automatic salary deferral made.

Participants may withdraw the sum of their salary reduction contributions due to hardship, medical care expenses, costs related to the purchase of a principal residence, payment of certain eligible tuition fees and certain other immediate and heavy financial needs as published by the Internal Revenue Service.

All distributions and withdrawals are subject to approval by the trustee.

**Loans to Participants**
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of the participant's vested interest in the participant's account. Only one loan is allowed at a time, and any existing loan must be repaid prior to the funding of a new loan. Loans generally have terms ranging from 1 to 5 years and are due in full upon termination. The loans are secured by the balance in the participant's account and bear interest at Prime plus 1%, fixed. As of December 31, 2025, the loan interest charged varied from 8.00% through 9.25%. No allowance for credit losses has been recorded as of December 31, 2025, and 2024. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Loan repayments are made directly from the participant to the Plan.

**Administrative Expenses**
The Plan pays for substantially all of the direct administrative expenses of the Plan.

## 2. Summary of Significant Accounting Policies

**Basis of Accounting**
The financial statements of the Plan have been prepared on an accrual basis in accordance with generally accepted accounting principles.

**Use of Estimates**
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties**
The Plan provides for various investment options by the participants in any of several combinations of stocks, bonds, and mutual funds. Investments in mutual funds are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of the mutual funds, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement.

**Risks and Uncertainties (Continued)**
of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

**Payment of Benefits**
Benefits are recorded when paid.

**Related Party Transactions**
There are certain Plan investments that represent shares of mutual funds that are managed by Fidelity Investments ("Fidelity"). Transactions in these funds qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

**Investment Valuation and Income Recognition**
The Plan's investments are stated at fair value. Equity and bond mutual funds are valued at the net unit value as reported by the Trustee at the Plan's year-end. Shares of registered investment companies are valued at quoted market prices, which represent net asset value as of the Plan's year-end. Money market funds are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded as received and included within net appreciation in fair value of investments. Capital gain distributions are included in dividend income. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

**3. Information Certified by a Qualified Institution**
All Plan assets and investment transactions, except for participant loan balances, contributions received and receivable have been certified by Fidelity as being complete and accurate for the years ended December 31, 2025 and 2024.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C). Accordingly, the audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are

**Information Certified by a Qualified Institution (Continued)**
in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

## 4. Tax Status

The Internal Revenue Service has determined and informed Fidelity Investments by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2023.

## 5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices included within Level 1; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan had no investments valued using Level 2 or Level 3 inputs at December 31, 2025 and 2024.

**Level 1 Fair Value Measurements**
The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024, respectively.

| December 31, 2025 | Fair Value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Money market fund | $ 43,368 | $ 43,368 | | |
| Mutual funds | 5,593,780 | 5,593,780 | $ - | $ - |
| Total investments at fair value | $ 5,637,148 | $ 5,637,148 | $ - | $ - |

| December 31, 2024 | Fair Value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Money market fund | $ 39,786 | $ 39,786 | | |
| Mutual funds | 3,907,517 | 3,907,517 | $ - | $ - |
| Total investments at fair value | $ 3,947,303 | $ 3,947,303 | $ - | $ - |

## 6. Subsequent Events

The Plan has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued. There were no other subsequent events that required recognition or disclosure in the financial statements.

To the Plan Administrator of
VCheck Global LLC
Retirement Savings Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of VCheck Global LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of VCheck Global LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VCheck Global LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the (ERISA Section 103(a)(3)(C) audit) does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VCheck Global LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VCheck Global LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VCheck Global LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following description of the VCheck Global LLC Retirement Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan covers eligible employees of VCheck Global LLC (the "Company"):

### General

The Plan is a defined contribution plan covering all full-time employees, not covered under certain collective bargaining agreements, who have completed three months of service and have attained age 18. Residents of Puerto Rico are excluded. The first possible entry date is the 1st day of each month following 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

While the Company has not expressed any intent to do so, the Company may terminate the Plan at any time.

### Compensation and Employee Contributions

A participant may contribute up to 90% of total eligible compensation, subject to certain IRC limitations. Generally, eligible compensation for computing contributions under the Plan is the taxable compensation per the employee's Form W-2, excluding reimbursements, deferred compensation, and other salary reduction contributions to employer plans.

### Employer Contributions

The Company may make discretionary matching contributions up to 100% of the first 4% of eligible compensation contributed by the employee. This discretionary contribution was made biweekly in 2025 and 2024 and was $409,412 and $349,769, respectively.

The Plan has a discretionary employer profit-sharing contribution option which is a uniform percentage of eligible Plan compensation. No contributions have been made under this option.

### Participant Accounts

Participants may elect to invest their contributions in any of the funds selected by the Company in accordance with the objectives stated in the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company contributions, Company matching contributions and Plan earnings and losses, if any.

**Vesting**
Participants are immediately vested in all participant contributions plus actual earnings thereon. Participants are immediately vested in the Company discretionary match.

Participants are vested in the Company discretionary contributions as follows:

| Years of service | Vested % |
|---|---|
| Less than 2 | 0 |
| 2 | 20 |
| 3 | 40 |
| 4 | 60 |
| 5 | 80 |
| 6 | 100 |

Upon retirement, disability or death of a participant, the participant shall be deemed to be 100% vested in his entire account regardless of length of service. Forfeitures of non-vested account balances, if any, can be used to reduce the Company's contributions to the Plan. No forfeitures were available for use in 2025. In 2024, $1,959 of forfeitures was used to fund administrative expenses. Unused forfeitures were $0 at December 31, 2025 and 2024.

**Distributions and Withdrawals**
In the event of retirement, death, permanent disability, or attainment of age 65, participants may make distributions either in a lump sum or in periodic payments over a period not to exceed life expectancy, as defined. A participant may also elect to receive in service distributions upon attainment of age 59 ½.

Distributions of automatic deferral amounts can be withdrawn within 90 days of the first automatic salary deferral made.

Participants may withdraw the sum of their salary reduction contributions due to hardship, medical care expenses, costs related to the purchase of a principal residence, payment of certain eligible tuition fees and certain other immediate and heavy financial needs as published by the Internal Revenue Service.

All distributions and withdrawals are subject to approval by the trustee.

**Loans to Participants**
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of the participant's vested interest in the participant's account. Only one loan is allowed at a time, and any existing loan must be repaid prior to the funding of a new loan. Loans generally have terms ranging from 1 to 5 years and are due in full upon termination. The loans are secured by the balance in the participant's account and bear interest at Prime plus 1%, fixed. As of December 31, 2025, the loan interest charged varied from 8.00% through 9.25%. No allowance for credit losses has been recorded as of December 31, 2025, and 2024. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Loan repayments are made directly from the participant to the Plan.

**Administrative Expenses**
The Plan pays for substantially all of the direct administrative expenses of the Plan.

## 2. Summary of Significant Accounting Policies

**Basis of Accounting**
The financial statements of the Plan have been prepared on an accrual basis in accordance with generally accepted accounting principles.

**Use of Estimates**
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties**
The Plan provides for various investment options by the participants in any of several combinations of stocks, bonds, and mutual funds. Investments in mutual funds are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of the mutual funds, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement.

of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

**Payment of Benefits**
Benefits are recorded when paid.

**Related Party Transactions**
There are certain Plan investments that represent shares of mutual funds that are managed by Fidelity Investments ("Fidelity"). Transactions in these funds qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

**Investment Valuation and Income Recognition**
The Plan's investments are stated at fair value. Equity and bond mutual funds are valued at the net unit value as reported by the Trustee at the Plan's year-end. Shares of registered investment companies are valued at quoted market prices, which represent net asset value as of the Plan's year-end. Money market funds are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded as received and included within net appreciation in fair value of investments. Capital gain distributions are included in dividend income. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

**3. Information Certified by a Qualified Institution**
All Plan assets and investment transactions, except for participant loan balances, contributions received and receivable have been certified by Fidelity as being complete and accurate for the years ended December 31, 2025 and 2024.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C). Accordingly, the audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are

in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

## 4. Tax Status

The Internal Revenue Service has determined and informed Fidelity Investments by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2023.

## 5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices included within Level 1; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan had no investments valued using Level 2 or Level 3 inputs at December 31, 2025 and 2024.

**Level 1 Fair Value Measurements**
The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024, respectively.

| December 31, 2025 | Fair Value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
