Retirement Committee
Stites & Harbison, PLLC Restated Security Plan I
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stites & Harbison, PLLC Restated Security Plan I (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Stites & Harbison, PLLC Restated Security Plan I (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan consisting of a qualified profit sharing plan and qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code. The Plan covers substantially all partners (“members”) and employees of Stites & Harbison, PLLC (the “Firm”).

Employees and members become eligible to participate in the profit-sharing portion of Plan on the first semi-annual entry date after being credited with two (2) twelve-month periods of not less than 1,000 hours of service each measured from the employment commencement date. Full-time employees and members become eligible to participate in the 401(k) portion of Plan on their employment commencement date.

Contributions: The Plan provides for a discretionary Firm contribution based on a percentage of each participant’s compensation for the Plan year. The 401(k) portion of the Plan provides for voluntary member and employee deferrals of earnings or salary into the Plan. The Plan provides for the automatic enrollment of employees at a 3% deferral rate upon becoming eligible to participate in the Plan, and they may elect to change or discontinue deferrals at any time. The Plan does not provide for the automatic enrollment of members. The Plan also provides for the automatic increase of each participant’s deferral rate by 1% annually until reaching a deferral rate of 8%. Contributions are subject to certain limitations. Participants aged 50 or older are eligible to make catch-up contributions.

A participant may contribute any rollover contribution of pre-tax funds received by such participant or to which such participant is entitled from another qualified trust. Such rollover contributions are deposited in the participant’s rollover account.

Participant Accounts: A participant's account is credited with the participant's contribution and allocations of the Firm's contribution and plan earnings and is charged with the participant’s withdrawals and an allocation of administrative fees. Allocations are based on participant earnings or account balances as defined. The benefits to which a participant is entitled are the vested amounts credited to the participant's account. Each participant directs the investment of their account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their 401(k) contributions plus actual earnings thereon. Participants are also 100% vested in their Firm contribution accounts plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their accounts up to a total outstanding loan maximum of $50,000 or 50% of their vested account’s balance, whichever is less. The $50,000 limit is further reduced by the excess of the highest prior 12 month’s balance of any outstanding loans over the outstanding loan balance on the date when the loan is to be made. The loans are secured by the balance in the participant’s account and bear interest at rates that are fixed for each loan based upon the Wall Street Journal’s prime rate at the prior month’s end plus 1%. The term of the loan may not exceed five years except if the purpose of the loan is to purchase a primary residence.

Payment of Benefits: Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their account, or annual installments over a period up to the life expectancy of the participant or a combination thereof. Participants are also eligible, within certain limitations, to receive lump-sum distributions from their vested account balances in the event of hardship due to immediate and heavy financial need. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

(Continued)

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Administrative Fees and Investment Management Expenses: Plan recordkeeping, trustee, and audit fees are paid by the Plan and are reflected in the financial statements as administrative fees of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income (loss) reported by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates in the Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued interest.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments in mutual funds, collective trust funds and other investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Subsequent Events: Plan management has performed an analysis of the activities and transactions subsequent to December 31, 2025 to determine the need for any adjustment to disclosures. Plan management has performed this analysis through October 7, 2026, the date these financial statements were issued.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends from investments, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (the trustee of the Plan). Information pertaining to the Charles Schwab Self-Directed Brokerage Accounts was not certified by T. Rowe Price Trust Company.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds and Money Market Funds: The fair values of mutual fund and money market fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair value of participation units held in collective trusts are based on the net asset values reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net assets value per share, with no advance notice requirement.

Charles Schwab Self-Directed Brokerage Accounts: The fair values of individual securities held in participants' Charles Schwab self-directed brokerage accounts which include common stocks and mutual funds are based on the quoted prices for such securities on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2025, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 133,661,714	$ 133,661,714	$ -
Brokerage accounts	22,686,925	22,686,925	-
Collective trusts *	30,879,348	-	-
Total	$ 187,227,987	$ 156,348,639	$ -

	Fair Value Measurements at December 31, 2024, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 115,495,606	$ 115,495,606	$ -
Brokerage accounts	21,044,745	21,044,745	-
Collective trusts *	44,049,688	-	-
Total	$ 180,590,039	$ 136,540,351	$ -

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are managed by T. Rowe Price. T. Rowe Price is the trustee of the Plan and, therefore, qualifies as a party-in-interest. Investment management fees which are reflected as a reduction of investment return also qualify as party-in-interest transactions. The Plan's independent auditors qualify as a party-in-interest. Notes receivable from participants are also considered party-in-interest transactions. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor.

(Continued)

NOTE 6 – INCOME TAX STATUS

The Plan received an opinion letter, dated March 22, 2021, from the Internal Revenue Service that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2022.

NOTE 7 – RIGHTS UPON TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Firm may discontinue its contributions at any time and terminate the Plan subject to the provisions of the applicable sections of the IRC and Employee Retirement Income Security Act of 1974.
