Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
ALCO Management, Inc. Health Plan and Trust
Memphis, Tennessee

Opinion

We have audited the accompanying financial statements of ALCO Management, Inc. Health Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of plan's benefit obligations as of December 31, 2025, the related statement of changes in net assets available for benefits and the changes in plan's benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, the statement of plan's benefit obligations as of December 31, 2025, the changes in net assets available for benefits and the changes in plan's benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Year) – Schedule H, Part IV, Line 4i as of December 31, 2025, and Schedule of Reportable Transactions – Schedule H, Part IV, Line 4j for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the ALCO Management, Inc. (the Company) Health Plan and Trust (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan agreement for a complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan provides health benefits to eligible employees of the Company who work at least 30 hours per week and have elected to participate and their covered dependents.

Certain Plan assets are held in a voluntary employees' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Benefits

The Plan provides health benefits (stop loss) to full time employees of the Company. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act. Insurance premiums are paid to Consociate, Inc. (Consociate) for health benefits. Consociate pays all approved claims.

Insured Benefits

The Plan has a preferred provider organization for participants. The Plan fully insures life insurance benefits, accidental death and disability benefits, and long-term disability benefits. The Company purchases annual insurance contracts for these insured benefits. Premiums for the life, accidental death and disability, and long-term disability benefits are paid directly by the Company. Premiums for all other insured benefits are paid from the assets of the VEBA trust.

Self-insured Benefits

All other Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processor under administrative services only arrangements. The claims processor sends the Company a weekly list of claims to be paid from the Plan's VEBA trust. Despite the Plan's utilization of third-party claim processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Continued

Stop Loss Coverage

The Plan entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount).

Contributions

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. The Company makes semi-monthly contributions to the Plan based upon the number of participants and the contribution rates for coverage as determined by the service provider. In addition, the Company makes contributions to the Plan as needed in order to cover the benefit obligations of the Plan. Contributions are made to the VEBA trust by the employer and employee as determined by the Benefit Committee.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Management considers the fair value measurements of investments to be a significant estimate. See Note 3 for a discussion of fair value measurements.

Payment of Benefits

Premiums paid by the VEBA trust are recorded as insurance premium payments in the accompanying statement of changes in net assets available for benefits.

Claims payments are recorded when paid by the VEBA trust. These payments are recorded as health claims in the accompanying statement of changes in net assets available for benefits.

Continued

Stop Loss

Premiums for stop loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits. Stop loss refunds totaling $360,186 have been netted with health claims in the accompanying statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's plan administrator determines the Plan's valuation policies and procedures and reports to the Plan's Board of Trustees. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Refunds

Refunds due from the Plan's Pharmacy Benefits Manager are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling $148,660 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

Administrative Expenses

The Plan pays administrative expenses that consist of administrative fees paid to the third-party administrator, the plan auditor, the government and various other service providers. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Benefit Obligations

Plan obligations at December 31, 2025 for health claims incurred by active participants but not reported at that date are computed based upon review of subsequent claims activity and claims lag analysis for a period of six months after year end. The estimate was prepared by management usings assumptions management believes are reasonable including known large claims and historical trends. Subsequent year claims payments which represent claims incurred prior to year-end are reported in the accompany statement of plan's benefit obligations.

Claims incurred but not reported are measured at the present value of the estimated ultimate cost to settle claims incurred before December 31, 2025, pursuant to the provisions of the Plan. The measurement considers the Plan's benefit provisions, participant cost-sharing requirements, regulatory requirements, and the effect of stop-loss coverage. No discount rate was applied because management determined the effect of discounting was not material.

The determination of claims incurred but not reported requires the use of estimates and assumptions. Actual claim settlements may differ from the amounts estimated, and such differences are recognized in the period in which they are determined.

Subsequent Events

Management has evaluated subsequent events for the Plan through October 6, 2026, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025.

Money market fund: Valued at amortized cost, which approximates fair value.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

4. INCOME TAX STATUS

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS), stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (IRC). However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded for the year ended December 31, 2025, for unrelated business taxable income.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

As described in Notes 1 and 2, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA. The Plan made direct payments to the third-party administrator, plan auditor and government of $176,621, $25,090 and $680 respectively, for the year ended December 31, 2025. The plan sponsor pays directly any other fees related to the Plan's operations.

6. RISKS AND UNCERTAINTIES

The Plan can accumulate, from time to time, bank balances in excess of the insurance provided by federal deposit insurance authorities. The risk of maintaining deposits in excess of amounts insured by federal deposit insurance authorities is managed by maintaining such deposits in high quality financial institutions.
