INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Ford Business Machines 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Ford Business Machines 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statement comprises the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

2024 Financial Statements – Compiled

Plan management is responsible for the accompanying financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements in accordance with U.S. GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services ("SSARS") promulgated by the Accounting and Review Service Committee of the AICPA. We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on these financial statements.

Note 1 – Description of Plan

The following description of the Ford Business Machines 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General – The Plan commenced on January 1, 2019, and was most recently amended on January 1, 2023. The Plan is sponsored and administered by Ford Business Machines, Inc. (d/b/a Ford Office Technologies) (the "Company"). The Plan is a defined contribution plan, covering substantially all eligible employees of the Company who have met the Plan eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator manages the operations and administration of the Plan.

Contributions – Participants may elect to contribute up to 100% of their compensation, as defined in the Plan document, as a pre-tax contribution or as a post-tax Roth contribution up to the limits established by the Internal Revenue Service (the "IRS") of $23,500 and $23,000 during the years ended December 31, 2025 and 2024, respectively. Compensation is defined as the total of a participant's wages, salary, and other amounts subject to federal income tax withholding received from the Company for services rendered. ERISA regulations limit maximum compensation to $350,000 and $345,000 during the years ended December 31, 2025 and 2024, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain limitations. The aggregate contributions to each participant account may not exceed $70,000 ($77,500 including catch-up contributions) and $69,000 ($76,500 including catch-up contributions) during the years ended December 31, 2025 and 2024, respectively. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. The Plan currently offers various mutual funds, common collective trust funds, and fixed annuities as investment options for participants.

Participant 401(k) Deferral

Eligibility and Participation – Employees are deemed eligible for participation in the Plan upon attaining three months of service. A participant is eligible to enter the Plan on the first day of the quarter coinciding with or subsequent to the date the participant meets the Plan's eligibility requirements.

Participant Contributions – Participants may direct their contributions or re-allocate their account balance at any time into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $7,500 during the years ended December 31, 2025 and 2024.

Employer Safe Harbor and Discretionary Contributions

Eligibility and Participation – Employees are deemed eligible for employer matching contributions and non-elective employer contributions upon attaining three months of service.

Note 1 – Description of Plan – Continued

Employer Contributions – The Company makes safe harbor matching contributions equal to 100% of the first 1% of eligible compensation, and 50% of the next 5% of eligible compensation that is deferred, for a maximum match of 3.50%. The Company may, in its sole discretion, make a discretionary contribution to the Plan. Discretionary contributions will be allocated to the non-elective contribution accounts of each participant eligible to share in such allocations after the end of the Plan year. There were no discretionary contributions made during the years ended December 31, 2025 and 2024.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company matching and discretionary contributions, distributions, allocation of Plan earnings, and forfeitures, as outlined in the Plan document. Allocations of the Company's matching and discretionary contributions are based on a percentage of participant compensation. Allocation of Plan earnings are based on the actual earnings of the participant-directed investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant will be 100% vested in the Company's safe harbor matching contributions plus earnings thereon after two years of service. A participant will be 100% vested in the Company's discretionary contributions plus earnings thereon after six years of service, earned in successive increments of 20% per year, following the achievement of two years of service. A participant will become fully vested if their death occurs while they are an employee, or if the participant becomes permanently disabled while an employee.

Notes Receivable from Participants – Loans are not permitted under the Plan.

Payment of Benefits – Upon termination of services due to death, disability, or retirement, the participant may elect to receive a lump-sum payment in the amount equal to the value of the participant's vested interest in their account. The participant may elect to receive partial withdrawals or installment payments for required minimum distributions, which by law must commence by age 73, unless the participant is an active employee. All distributions to participants will be made as soon as administratively feasible. Participants with vested account balances of $1,000 or less will receive a lump-sum distribution. If a participant's vested account balance is more than $1,000 but less than $5,000, the Plan administrator will transfer the vested balance to an individual retirement account ("IRA") in the participant's name if they do not elect to receive a lump-sum distribution. Participants with vested account balances in excess of $5,000 may elect a single-sum distribution, subject to the required minimum distributions regulation under federal law.

Participants may request a distribution of a portion of their contributions in the event of a documented financial hardship. The distribution must be a minimum of $1,000 and is limited to the amount of the hardship, which must arise from certain events prescribed by law. Hardship distributions can only be made from accounts which are 100% vested and are not permitted from a participant's non-elective contribution account or accounts attributable to the safe harbor contributions. Participants must be employed with the Company at the time of the hardship distribution.

Forfeited Accounts – Forfeited nonvested accounts are retained in the Plan and may be used to reduce employer contributions or to pay Plan expenses. There were forfeited nonvested amounts of $7,226 and $2,048 as of December 31, 2025 and 2024, respectively. Forfeitures of $8,060 and $7,073 were applied against employer contributions and Plan expenses during the years ended December 31, 2025 and 2024, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Investments in mutual funds are recorded at fair value based on the funds' reported closing net asset values as of the last business day of the year, times the number of shares held by the Plan. Investments in common collective trusts are valued at the closing net asset values, determined by the trustees of such funds. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefits Paid to Participants – Benefits are recorded when paid, unless a situation arises where benefits are to be paid, but actual disbursement does not occur until the following Plan year, in which case accrued benefits are recorded. There were no accrued benefits noted as of December 31, 2025 and 2024.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Administrative expenses are reported on the statements of changes in net assets available for benefits. No operating expenses of the Plan were paid by the Company during the years ended December 31, 2025 and 2024.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 3 – Information Prepared and Certified by Custodians

The unaudited information regarding the Plan included in the Plan's financial statements and the supplemental schedule that was prepared by, or derived from, information prepared by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, custodians of the Plan's assets, were furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodians that such information is complete and accurate. See Note 4 for a summary of the unaudited information and all investment and investment income. All information is included in the supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4 – Fair Value Measurements

The Plan reports certain investments at fair value. Market price observability is impacted by several factors, including the type of investment, the characteristics specific to the investment, and the state of the marketplace (including the existence and transparency of transactions between market participants). Investments with readily-available, actively-quoted prices, or for which fair value can be measured from actively-quoted prices in an orderly market, will generally have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories based on inputs:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments which would generally be included in Level I include listed equity securities and listed derivatives. The Plan, to the extent that it holds such investments, does not adjust the quoted price for these investments, even in situations where the Plan holds a large position, and a sale could reasonably impact the quoted price.

Level II – Pricing inputs are observable for the investments, either directly or indirectly, as of the reporting date, but are not the same as those used in Level I. Fair value is determined using models or other valuation methodologies. The types of investments which would generally be included in this category include publicly traded securities with restrictions on disposition, debt securities and partnerships that hold Level I assets, and real estate held for investment, if measured by a current appraisal.

Level III – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant judgment or estimation by the Plan. The types of investments which would generally be included in this category include debt and equity securities issued by private entities, as well as real estate held for investment, if measured using management estimates.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the determination of which category within the fair value hierarchy is appropriate for any given investment is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

The Plan's investments are primarily in mutual funds, which are considered Level I investments. Mutual funds are valued at the common fund's net asset value, as determined by quoted prices in active markets, times the number of shares held by the Plan at year-end. There has been no change in the valuation methodology used by the Plan.

The Plan has stable value common collective trust funds that are valued at net asset value, which is valued at quoted prices for the underlying investments of the funds.

Note 4 – Fair Value Measurements – Continued

The following table sets forth investments by level within the fair value hierarchy:

	As of December 31, 2025 (Audited)	As of December 31, 2024 (Compiled)
Statements of Net Assets Available for Benefits:		
Level I Assets:		
Mutual Funds, at fair value	$ 1,653,056	$ 1,714,726
Collective investment trusts*	273,484	103,528
Total Investments, at fair value	1,926,540	1,818,254
Investments, at contract value (Note 5)	400,324	267,962
Total Investments	$ 2,326,864	$ 2,086,216
Statements of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$ 285,689	$ 163,940
Dividends and interest	44,670	40,862

*In accordance with Subtopic 820-10, certain investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits. Such investments have no redemption restrictions or unfunded commitments, and redemptions of these investments may occur each business day.

Note 5 – Fixed Annuity Contract

The EI Fixed Account – Series Class I is a general account product. The methodology for calculating the interest crediting rate is based on the earnings on of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value.

The average yield earned by the Plan for the benefit-responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average was 1.45% and 1.41% during the years ended December 31, 2025 and 2024, respectively.

Note 5 – Fixed Annuity Contract – Continued

Contract value is the relevant measure for fully benefit-responsive instrument contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers (if any) less any withdrawals, transfers, and any applicable fees, charges or taxes (if any). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Participants can redeem units at any time.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan);

b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;

c) bankruptcy of the Plan sponsor of other Plan sponsor events that cause a significant withdrawal from the Plan; or

d) the failure of the trust to quality for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 – Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America. Fees incurred by the Plan for investment management and administrative services are paid through a combination of revenue sharing and direct payments. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan paid certain administrative fees for the investment management services. These fees are netted against net appreciation or depreciation in fair value of investments during the years ended December 31, 2025 and 2024. These transactions are not, however, considered prohibited transactions under Section 408(b) of ERISA regulations.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8 – Tax Status

The IRS has determined and informed the Company by letter dated May 27, 2021, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position, based on management's judgment of the risk of loss for items that have been, or may be, challenged by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 10 – Subsequent Events

Management has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued, and determined that no material subsequent events have occurred.
