Independent Auditor's Report

The Plan Administrator
Yipit, LLC 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Yipit, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Yipit, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a 401(k) profit-sharing plan established by Yipit, LLC (the Company or Employer) on March 1, 2012, in accordance with the provisions of Internal Revenue Code (IRC) Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company is the Plan administrator and is responsible for the oversight and operations of the Plan. Fidelity Management Trust Company is the trustee, and Fidelity Workplace Services LLC is the recordkeeper (individually and collectively, Fidelity). The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Company, other than certain nonresident aliens who have no earned income from sources within the United States, leased employees, and employees covered by a collective-bargaining agreement as defined, are eligible to participate in the Plan on their date of hire.

Contributions

Each year, participants are permitted to make pre-tax and Roth contributions up to 90% of their compensation, as defined in the Plan, up to the limitation specified in the IRC in effect for each taxable year. Effective February 1, 2024, the Plan was amended to eliminate the option for participants to defer a fixed dollar amount of their compensation. Salary deferrals can only be made as a percentage of a participant's compensation.

Effective March 3, 2025, the Plan was amended to allow participants to make after-tax contributions up to a limit of 90% of their compensation, subject to applicable Internal Revenue Service (IRS) contribution limits.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Starting in the year ended December 31, 2025, participants who are 60 to 63 years of age can contribute a super catch-up contribution up to a total of $11,250 (including the $7,500 normal catch-up contribution). Once a participant turns 64, the allowable contribution reverts back to the normal catch-up contribution amount.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

The Company provides safe harbor matching contributions equal to 100% of participants' salary deferrals up to 3% of eligible compensation, plus 50% of participants' salary deferrals on the next 2% of eligible compensation contributed to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer safe harbor matching contributions, and Plan earnings. Participant accounts are charged with participant distributions, if any, Plan losses, and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant directs participant and Employer safe harbor matching contributions into various investment options offered by the Plan. Participants may change their investment elections amongst these options at any time.

Vesting

Except for top-heavy contributions, participants are immediately vested in all contributions, plus actual earnings thereon. Top-heavy contributions vest over a six-year graded vesting schedule.

Notes Receivable from Participants

Participants may borrow one loan at a time from their accounts in an amount no less than $1,000 and no greater than $50,000 or 50% of the participant's vested balance, reduced by the highest outstanding loan balance in their account in the previous 12 months. The loans are secured by the participant's account and bear interest at the prime rate at the time of the loan plus one percentage point. The loans are repaid ratably through payroll deductions. General purpose loans must be repaid within five years, and loans used to purchase a primary residence may be paid over a longer period of time subject to the provisions of the IRC.

Payment of Benefits

After participants reach age 59½, they may withdraw all or a portion of their vested account balance at any time and for any reason. Prior to age 59½, in-service withdrawals from the Plan are not allowed, except for financial hardships. Termination withdrawals are a result of death, disability, termination of employment, or retirement and can be a lump-sum or partial distribution. Vested balances under $5,000 are automatically distributed upon a participant's severance of employment.

Effective November 12, 2024, the Plan implemented new benefit payment options allowed under the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0, including emergency personal expense, qualified disaster recovery, and victims of domestic abuse distributions.

Forfeited Accounts

At December 31, 2025 and 2024, the Plan had no forfeited nonvested accounts. These accounts may be used to reduce Plan expenses or used to offset Employer contributions. During the year ended December 31, 2025, amounts forfeited or activity within unallocated accounts used to offset Employer contributions totaled approximately $32,500.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable

Participant contributions and the related Employer safe harbor matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. True-up safe harbor matching contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loans are considered delinquent after a grace period of non-payment on the last day of the calendar quarter following the calendar quarter in which the scheduled loan payment was due.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 and 2024 excess contributions to the applicable participants on July 15, 2026 and May 17, 2025, respectively. As of December 31, 2025 and 2024, the excess contributions payable recorded was $51,616 and $11,899, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan expenses can be paid directly by the Company or the Plan. Expenses that are paid by the Company are excluded from these financial statements. For the year ended December 31, 2025, approximately $4,800 of the Plan's administrative fees were paid from the Plan's revenue-sharing account. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation in fair value of investments and are not readily determinable.

Revenue Credits

The Plan's recordkeeping agreement with Fidelity provides for a participant revenue credit arrangement, whereby the trustee allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds. Unallocated revenue credits at December 31, 2025 and 2024 are $21,630 and $14,776, respectively. During 2025, the Plan received credits of approximately $4,800, and no credits were used to pay administrative expenses. Revenue credits are presented in other income in the statement of changes in net assets available for benefits.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies - These assets are valued at the daily closing price as reported by the fund and include mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values (NAVs) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Participant-Directed Brokerage Accounts - Investments consist of registered investment companies, common stock, and cash. The individual investments in the participant-directed brokerage accounts are valued on the basis of readily determinable market prices. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Collective Investment Trust (CIT) – The collective investment trust is valued at the NAV of units held. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the CIT will sell for an amount different than the reported NAV. The CIT provides for daily redemptions by the Plan at reported NAV with no advance notice. Plan-level redemptions exceeding 20% of the Plan's investment require five business days' prior written notice to the CIT's trustee. There are no unfunded commitments related to this investment. This is a direct filing entity.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	$ 55,981,527	$ -	$ -	$ 55,981,527
Participant-directed brokerage account	1,960,780	-	-	1,960,780
	$ 57,942,307	$ -	$ -	57,942,307
Collective investment trust*				279,787
Total Investments, at fair value				$ 58,222,094

December 31, 2024

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	$ 41,704,319	$ -	$ -	$ 41,704,319
Participant-directed brokerage account	1,547,314	-	-	1,547,314
	$ 43,251,633	$ -	$ -	43,251,633
Collective investment trust*				235,017
Total Investments, at fair value				$ 43,486,650

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Related Party and Parties-in-Interest Transactions

Certain Plan investments are in funds that are managed by Fidelity. Certain fees and expenses of the Plan are paid by the Company. Additionally, certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants are also parties-in-interest. These transactions are party-in-interest transactions, which are exempt from the prohibited transactions rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. If the Plan were to terminate, participants would remain or become fully vested in their account balances.

7. Tax Status

The Plan adopted a prototype profit-sharing plan, which obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan, as then-designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Furthermore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

Effective January 1, 2026, the Plan complied with the provisions under SECURE Act 2.0, such that catch-up contributions for individuals whose compensation is in excess of defined thresholds must be made as Roth contributions. For 2026, a participant is considered a high earner and subject to this provision if their Federal Income Contributions Act (FICA) wages for 2025 exceeded $150,000.

The Plan administrator has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that no other subsequent events have occurred that require adjustment to or disclosure in these financial statements.

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2025, participant contributions totaling $302 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The related lost earnings will be calculated and remitted to the Plan during 2026.

During the Plan year ended December 31, 2024, participant contributions totaling $25 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The related lost earnings were calculated and remitted to the Plan during 2025.

The Company is responsible for any fines, excise taxes, and/or penalties or actions brought by the affected participants or regulatory authorities related to these prohibited transactions.
