INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Trustees
of the Brumfield Construction, Inc. 401(k) Retirement Savings Plan and Trust
Aberdeen, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

I have performed an audit of the financial statements of Brumfield Construction, Inc. 401(k) Retirement Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion on the 2025 financial statements.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 financial statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2024 Financial Statements

Management is responsible for the accompanying financial statement of Brumfield Construction, Inc. 401(k) Retirement Savings Plan and Trust, which comprise the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. I have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants (AICPA). I did not audit or review the 2024 financial statement nor was I required to perform any procedures to verify the accuracy or completeness of the information provided by management. NOTE 1 DESCRIPTION OF PLAN

The following description of the Brumfield Construction, Inc. 401(k) Retirement Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was originally effective July 1, 1996 and was most recently restated as of August 1, 2024. The Plan is a defined contribution plan covering substantially all eligible employees of Brumfield Construction, Inc. (the Company). Union employees, leased employees, and residents of Puerto Rico are excluded from participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has appointed an independent investment manager under ERISA Section 3(38), which has discretionary authority to select and monitor the Plan's investment options.

The Plan was amended effective January 1, 2025 to change the employer nonelective contribution formula and its allocation conditions, as described under Contributions below. The Plan was further amended effective October 1, 2025 to add East County Rentals and Landscape Supply LLC as a participating employer.

Eligibility

Employees who have completed three months of employment are eligible to make elective deferrals and to share in matching contributions, and enter the Plan on the first day of the calendar month coinciding with or next following the date the eligibility requirement is met. There is no age or service requirement for employer nonelective contributions; an employee is eligible for and enters the Plan for purposes of nonelective contributions, including prevailing wage contributions, on his or her date of hire.

Contributions

Participants – Participants may contribute pretax or after-tax (Roth) amounts of their annual compensation, as defined by the Plan, subject to the limits set by the Plan and certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees who are without a deferral election are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of their eligible compensation (there is no auto escalation provision) and their contributions invested in a designated target date fund until changed by the participant. Participants age 50 and over may elect to defer additional amounts ("catch-up" contributions) to the Plan, subject to certain IRS limitations.

Matching – The Company may make a discretionary matching contribution of up to two-thirds of the first 6 percent of eligible compensation (as defined by the Plan) that a participant contributes to the Plan. A participant must be employed on the last day of the plan year to share in the matching contribution. There were no matching contributions for the year ended December 31, 2025.

Nonelective – Effective January 1, 2025, the Company contributes a discretionary nonelective amount for each payroll period equal to the same dollar amount for each hour of service, which was $1.25 per hour of service for the 2025 plan year. There are no allocation conditions; all eligible participants who perform an hour of service in a payroll period share in the contribution for that period. Prior to January 1, 2025, nonelective contributions were discretionary as to both amount and allocation. The contribution is paid at each pay-date.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued)
Prevailing Wage – The nonelective contribution attributable to hours worked under contracts subject to federal or state prevailing wage requirements is designated a prevailing wage contribution and is treated as a qualified nonelective contribution (QNEC). Prevailing wage contributions are not subject to the Plan's eligibility, entry date or allocation conditions, are fully vested when made, reduce the nonelective contribution otherwise allocable to the participant for that period, and are included in the Plan's actual deferral percentage test.

Participant Accounts
Individual accounts are maintained for each participant. Each participant's respective account is credited with the participant's contributions and an allocation of the Company's nonelective, prevailing wage, and matching contributions, if any, and Plan earnings. Participant accounts are charged with withdrawals, an allocation of investment losses, and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, hours of service, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Participants direct the investment of their and the Company's contributions into various investment options offered by the Plan. Participants may move portions of their accounts between investment options and change their salary deferral rates at the beginning of each payroll period.

Vesting
Participants are vested immediately in their deferral contributions, rollover contributions, and prevailing wage contributions, plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portions of their accounts is based on years of credited service, as follows: 25 percent after one year, 50 percent after two years, 75 percent after three years, and 100 percent after four years. A participant becomes 100 percent vested upon attainment of normal retirement age (62), death, or disability. A year of vesting service is a plan year in which the participant is credited with 1,000 hours of service.

Notes Receivable from Participants
The Plan permits participants to borrow from their accounts up to a maximum of 50 percent of their vested account balance not to exceed $50,000, reduced as required by the Internal Revenue Code (IRC). The notes are secured by the balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions and notes must be fully repaid within five years unless it is for the purchase of a primary residence in accordance with Plan provisions.

Payment of Benefits
On termination of service due to any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A terminated participant whose vested account balance does not exceed $7,000 may be distributed without consent, in accordance with Plan provisions.

Hardship and in-service withdrawals are permitted by the Plan. Hardship withdrawals must be approved by the Plan Administrator, are available only to participants who are employees at the date of the withdrawal, and are subject to a $500 minimum amount. In-service withdrawals are available to participants who have attained age 59½ and are limited to vested amounts of the participant's account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $49,930 and $18,255, respectively. These accounts may be used to pay any administrative expenses under the Plan, and then be allocated to all participants eligible to share in the allocations of nonelective contributions, in the proportion that each participant's compensation for the plan year bears to the compensation of all such participants. During the year ended December 31, 2025, $9,511 was used to pay plan expenses and $18,242 was allocated to participants.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator and Company's management determine the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant note to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from participants are recorded as they are withheld from the participants' wages. Employer contributions are recorded in the plan year to which they relate.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Common Collective Trust:

Valued at the net asset value (NAV) per unit of the trust as reported by the trustee, which is used as a practical expedient to estimate fair value. The trust invests entirely in a collective trust holding primarily synthetic guaranteed investment contracts, which, being fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined contribution plans, are valued at contract value in determining NAV. This practical expedient is not used when it is determined to be probable that the Plan will sell an investment for an amount different than the reported net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Audited	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,990,762	$ -	$ -	$ 4,990,762
Total assets in the fair value hierarchy	$ 4,990,762	$ -	$ -	4,990,762
Common collective trust, at net asset value *				103,895
Total investments at fair value				$ 5,094,657

Compiled	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,607,015	$ -	$ -	$ 4,607,015
Total assets in the fair value hierarchy	$ 4,607,015	$ -	$ -	4,607,015
Common collective trust, at net asset value *				178,021
Total investments at fair value				$ 4,785,036

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Investments measured using the net asset value per share practical expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Audited	December 31, 2025			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	$ 103,895	$ -	Daily	12 months

Compiled	December 31, 2024			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	$ 178,021	$ -	Daily	12 months

NOTE 4 CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, including the fair value of investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC (the trustee of the Plan), a qualified institution. The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule.

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses paid by the Plan to the trustee, the recordkeeper, and the third-party administrator qualify as exempt party-in-interest transactions.

Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE 7 TAX STATUS

The Company has adopted a non-standardized pre-approved defined contribution plan document with a cash or deferred arrangement that has received an opinion letter from the IRS dated October 6, 2020, stating that the form of the pre-approved Plan document was in compliance with the applicable requirements of the (IRC). The Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025, approximately 53 percent of the Plan's investments were invested in the Fidelity Freedom Index 2050 Fund – Premier II Class.
