Independent Auditor's Report

To the Providence Health & Services Total Rewards Management Committee
Providence Health & Services 403(b) Value Plan
Renton, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Providence Health & Services 403(b) Value Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Clark Nuber PS

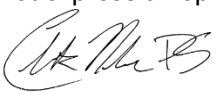

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplementary information.

Note 1 - Plan Description

The following description of the Providence Health & Services 403(b) Value Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Providence Health & Services (the Company) under the provisions of Section 403(b) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees covered by a collective bargaining agreement that provides coverage under the Plan and who are not covered by another qualified retirement plan to which the Company provides, were eligible to participate in the Plan.

Effective January 1, 2024, the Plan was frozen to new employees and contributions as all former classes of eligible employees are eligible to participate in a 401(k) plan sponsored by the Company.

The Plan is part of the Providence St. Joseph Health Group Custodial Account (the Master Trust), a master trust arrangement, and has a divided interest in the Master Trust. Fidelity Management Trust Company (Fidelity) serves as the custodian for the Master Trust, which includes assets of the Plan, the Swedish Health Services 403(b) Retirement Plan, and the St. Joseph and Covenant Health Systems 403(b) Plan.

Contributions - Participants may contribute amounts representing distributions from other eligible retirement plans (rollover).

Participant Accounts - Each participant's account is credited with Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Except as noted below, participants are immediately vested in their contributions and matching contributions plus actual earnings thereon.

Certain employer contribution accounts transferred into the Plan from the Willamette Falls Hospital Tax Sheltered Annuity Plan, the Providence Health & Services 403(b) Basic Plan, and the Facey Medical Foundation 403(b) Plan are subject to five-year graded vesting schedules. Forfeiture activity for these accounts are not material to Plan's financial statements as a whole.

Note 1 - Continued

Payment of Benefits - Upon termination of service, death, or disability, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account, installments paid at least annually in the amount specified by the participant, a combination of a lump-sum and installments, or any other payment option that is available under the terms of the applicable contract or related documents. Participants who have attained age 59½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). Participants may also elect to receive in-service withdrawals from balances rolled into the Plan. Hardship withdrawals are not permitted under the Plan.

Notes Receivable From Participants - Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. Interest rates are set at 1% above the prime rate, as defined. Principal and interest are paid directly by the participant to the Plan's recordkeeper (outside of payroll).

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

The Plan was historically viewed as an amalgamation of individual annuity and custodial accounts, and the Plan and its custodians did not maintain financial information at a plan level. As of December 31, 2009, the Plan's custodians began to provide the plan administrator with annual certified statements summarizing the Plan's activities and holdings. Because certain historical records were not maintained or are not available at a plan level, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. This accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*; however, accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments in the Master Trust are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain expenses specifically related to the activity of a particular participant are allocated directly to the participant's account. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Subsequent Events - The Plan's management has evaluated subsequent events through July 30, 2026, the date the financial statements were available to be issued.

Note 3 - Interest in Master Trust

The Master Trust records are maintained by each investment fund option. Funds are allocated to the participating plans in accordance with plan provisions and participant allocation elections. The allocation of net assets is based on the respective number of shares or units held by the plans' participants as of year end. The allocation of investment income is calculated daily based on the shares or units held the plans' participants as of that day's end.

The following table represents the investments of the Master Trust and the Plan as of December 31, 2025 and 2024:

	Master Trust		Plan	
	2025	2024	2025	2024
Investments-				
Self-directed brokerage accounts	$ 149,727,533	$ 135,136,474	$ 135,622,751	$ 122,188,967

Note 3 - Continued

The following table represents investment income of the Master Trust and the Plan for the year ended December 31, 2025:

	Master Trust	Plan
Investment income-		
Dividend and interest income	$ 273,755,589	$ 260,316,649
Net appreciation in fair value of investments	859,530,982	824,272,197
Net Investment Income	**$1,133,286,571**	**$1,084,588,846**

Note 4 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Master Trust's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered Investment Company Funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds and exchange traded funds that are valued on the basis of readily determinable market prices.

Note 4 - Continued

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 149,727,533	$ -	$ -	$ 149,727,533
Registered investment company funds	6,818,591,756			6,818,591,756
Total Assets in the Fair Value Hierarchy	**$6,968,319,289**	**$ -**	**$ -**	**$6,968,319,289**

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 135,136,474	$ -	$ -	$ 135,136,474
Registered investment company funds	6,429,303,672			6,429,303,672
Total Assets in the Fair Value Hierarchy	**$6,564,440,146**	**$ -**	**$ -**	**$6,564,440,146**

A description of the valuation methodology and level within the fair value hierarchy for assets held outside the Master Trust are not presented because they are not material to the financial statements as a whole.

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan and the Master Trust investments include the Lincoln Stable Value Account which is a fixed annuity contract issued by The Lincoln National Life Insurance Company (Lincoln). Contributions to the Lincoln Stable Value Account are maintained by Lincoln in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Lincoln which will never be below 1.0% annually. The crediting rate is reviewed on a quarterly basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Therefore, the Lincoln Stable Value Account is considered to be fully benefit-responsive and is reported at contract value. Contract value represents contributions made, plus interest, less withdrawals. The Plan's contract value of this investment contract was $174,970,876 and $204,809,788 at December 31, 2025 and 2024, respectively.

Note 5 - Continued

Upon termination of the contract by the Company or Lincoln, two different payment options are available to the Company. One option provides annual installments at contract value over five years. The second option provides for a payout of the entire contract within 24 months of contract termination. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Lincoln and that also would limit the ability of the Plan to transact at contract value with the participants. Certain events allow Lincoln to terminate the contract without approval by the Company. Examples of such events include the Plan not meeting the requirements of the Internal Revenue Code (IRC), the Company failing to furnish requested information, and if Lincoln discontinues offering this type of contract to the public.

Note 6 - Certified Information

Certain information in the accompanying financial statements and supplementary information related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and investment income or loss and interest income from notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution. The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity or its affiliates. Transactions with such investments qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 9 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan’s management and the Plan's legal counsel believe that the terms of the Plan have been prepared to conform with the requirements of Section 403(b) of the IRC and the Plan is currently being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
